Self-Reported Annual Disclosures

of Routes 2 Roots

with BSE SSE Registration No: BSESSE0035NP2324

with NSE SSE Registration No: NSESSENPO0016

for the period from 1st April 2024 to 31st March 2025

Form 1A - Annual Self-Disclosures Report for NPOs

1) Disclosures on General aspects		
Item	***S1: Upto Rs1 Cr***	***S2: More than Rs1 Cr***

1a) Name of the organization
     Registered/Legal name - *Routes 2 Roots*
     Popular name(s), if any
The registered name and also any popular names the organization is known by among stakeholders
	Must reply	*Must reply*

1b) Location of headquarters and location(s) of operations **Head Quarters : Complete Address** **S-43, Panchsheel Park, New Delhi – 110017** **Operating Locations :** Location 1: Purpose and Address :- Routes 2 Roots, G2, Max Towers, Delhi One, Sector-16 B, Gautam Buddh Nagar, Noida, Uttar Pradesh 201301 Location 2: Purpose and Address Location 3: Purpose and Address	*Must reply*	*Must reply*

1) Disclosures on General aspects		
Item	*S1: Upto Rs1 Cr*	*S2: More than Rs1 Cr*
1c1) Vision Statement *(A vision statement should be no more than one sentence. It should not be more than 20-25 words. It should be simple enough for every employee across all levels to express it easily. It is the end result of your organisation's work. If your organisation were to work for 30-35 years, what would you visualise as the final state of affairs? Every time you say the vision, you should be able to visualise the end situation. It is the final picture/ photo of the situation in your chosen theme or area of work in the end! It is a description of the "after" picture you would see as a result of your organisation's work at the end of its lifetime when you believe its purpose is accomplished.)* Our vision," Enable education for all with inclusion of art, culture and heritage for building an inclusive society"	*Desirable*	*Must Have*

1c2) Purpose & Mission	*Must reply*	*Must reply*
Why the organization exists and explain why the cause taken up by the organization matters? *What is your organisation aiming to accomplish? Use the below sentence construction format to state your mission.* *Clearly and concisely state your intended long term impact (description with a broad number)* *for (beneficiary[1]/ community group/ entity/ segment type)* *in (geographic area)* *by (timeframe).* The purpose of the organisation is to spread art, culture and heritage across the globe for peaceful co-existence. We believe if we can tolerate each other's culture peace can prevail. The aim was to create a new generation of our children and youth who are culturally aware and therefore can take rationale decisions as leaders of tomorrow. We pioneered a new way of integrating education with art and culture and digitally promote these in schools. We chose schools that are less privileged, remotely located so that we could reach most part of the country, and provide modern education along with art and culture. We aim to reach all the schools in the country, at present we could reach only 10% of the school going children though in numbers our presence is in all the districts of the country with 24000 schools and colleges as partner schools and influencing over 20 million students free of cost, a record in itself. The long term effect are manifold, i) Students get digitised classrooms and are able to learn from the most modern K-12 content. ii) Have appreciation of art and culture which was completely missing .iii) Ability to learn and retention is enhanced. iv) Encourage co-existence and peaceful/inclusive community living v) Taking care of Mental Health of the students which is a matter of great concern worldwide. This is an ongoing project with beneficiaries being school students and youth, spread all over the country.		

Form 1A - Annual Self-Disclosures Report for NPOs

1) Disclosures on General aspects		
Item	*S1: Upto Rs1 Cr*	*S2: More than Rs1 Cr*

---

[1] Beneficiary includes entities such as individual, person, thing, article, unit, body, creature

1d) Organisational goals, activities, products and services	*Must reply*	*Must reply*
Overall objectives of the organisation or activity/intervention/programs or projects. It shall also describe the organisation activities, including any products and services, which the organisation provides. *Clearly and concisely, state your organisation's ultimate goal for intended impact. Examine how your goals for the next three to five years (or an alternate timeframe specified in your answer) fit within your overall plan to contribute to lasting, meaningful change.* Routes 2 Roots was formed with a unique goal of preserving the rich Art, Culture and Heritage of our country. This goal was very ambitious as the art and culture of the country is vast and exhaustive in nature. It was painful to observe that performing art teaching is practically nonexistence in most of the schools. After a careful research we decided to introduce this as a form of education to school going children so that at least the new generation can learn and appreciate the Indian art in all its forms and be are able to learn inclusive living and at the same time take care of their mental health. The overall one line objective was to enable quality education for marginalised schools with infusion of art and culture in the curriculum. We have achieved our first goal of making this program reach all the states, and districts of the country. The ultimate Goal that we are in the process of implementing is reaching the block level of all the states so that the marginalized section of the society and their children are able to get this exposure in their classrooms without any cost. **Following Activities is conducted under Program** **Routes 2 Roots Project -IMPLEMENTATION** Since this is an ongoing program, over 24,000 participating schools and colleges are part of this program. Therefore, implementation is also an ongoing process with the new schools being continuously added along with the already participating schools. For the new schools, our team members visit each school to install, train, give orientation, hand over the curriculum, and provide them with the details of our IT support in case of any complaint resolution.		

Unlike other available solutions for digital classes like Zoom and Google Teams, where only passport-size photo is visible to the participants and all the participants are requested to shut their cameras and mikes. Participants feel restricted, and the very purpose of video conferencing is lost. Our program is run on specially customized in house-built software where the students can witness the classes virtually live in multi camera shoots in their classrooms, and all the participants are requested to switch on their cameras and mikes. This helps real-time interaction with the teachers in the studio, and the teacher can see the participating children. This is the creation of a virtual classroom in the school. This enables to overcome the fatigue of webinars and screen time.

Classes – Monday to Saturday, two to three classes are held digitally from our studio. Each school is sent the timetable a week before the commencement of each month (sample timetable is enclosed).

Workshops - Workshops are conducted nationwide in our participating schools, where our coordinator travels to each school along with the artist and the accompanist in all the genres mentioned above. The genres are selected according to the choices of the schools. The workshops consist of a lecture demonstration where the gurus inform the children about that art form, its origins, and the celebrated gurus of that specific discipline. The gurus conduct a performance for the children, and after that, children are made to perform with the gurus for better understanding and learning. The gurus take up the questionnaire from all the participating children and the teachers. Our coordinators also take feedback from the principals/teachers and students. The details of each workshop is documented and kept for our records. These workshops also enable us to record, document the impact of our project, and record the feedback of students, teachers, and principals. All these recordings and testimonials are documented for records and detailed analysis.
The workshops are conducted across the country reaching the most remote and difficult terrains whether it's Tawang or Leh Ladakh or challenging areas in Jammu and Kashmir, our team of Routes 2 Roots along with the Gurus have impacted school children and taken the Indian culture to their doorstep thereby enhancing art appreciation and creating awareness for their heritage. For a practical example, a remote area in Karnataka known as SIRSI, 50 workshops were carried out in the underprivileged schools. All appreciated this workshop of Bharatanatyam and our efforts in providing this outreach. Keeping in mind National Integration we mindfully conduct workshops to introduce the art form of South of India to the Northern belt and vice versa. Dances like Bharatnatyam are performed for the schools of Punjab, which encourages inclusivity and tolerances for each other's culture, and similarly the culture of Punjab is displayed to the students of South of India.

1) Disclosures on General aspects		
Item	*S1: Upto Rs1 Cr*	*S2: More than Rs1 Cr*
Annual Competitions- An important aspect of Routes 2 Roots program is to hold All India Annual Competitions across India. Schools enthusiastically participate by sending their entries digitally in different disciplines displaying their talent. The number of entries has been growing with each passing year and this year the 15th All India Inter school competition received thousands of entries. All the winners are given attractive prizes for different category winners along with certificates for all the participants. The winners get attractive prizes viz LED 65" Televisions, Lenovo Tablets, Nokia Smart Phones, and cash prizes. The number prizes are distributed in a fashion that talent is recognized from each region and prizes are distributed to a larger number of students. We have divided the participants into three age categories and the country into five regions. In addition, group prizes are also distributed in each of the five regions. Our esteemed Gurus assess these entries, which further helps to study the impact of the program. **Distribution of Musical Instruments** -Most schools do not have instruments for the children to learn and practice the art form, which deprives them of proper learning. Routes 2 Roots provides musical instruments and costumes to schools with talented underprivileged children, channelling their energies into skill-building rather than wasting time on the streets. **International Children's film festival-** Routes 2 Roots has been holding a Children's International Film Festival every year which gives the students the opportunity to watch talented children's works of art from all over the world. These short movies from 20 countries for age group 6 years onwards had topics covering culture, environment and human values. These were broadcast to all the schools Free of Cost inspiring children and giving them world exposure. These are ways of motivating the children towards the vast canvas of art and culture, which can give them international exposure and create awareness in them to explore a platform to highlight their talent to the world.

Disclosures on Governance aspects (continued)

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
2e) Number of meetings by governing body and other committees *formed by them along with attendance and the process of performance review*	*Must reply all points and desirable is process of performance review*	*Must reply*

2f) Organisation level potential risks and mitigation plan	*Desirable*	*Must Have*
Organization level Potential Risks A reduction or discontinuation in the donations or grants we receive may have an adverse impact on the operations. • Changes in CSR regulations or withdrawal of the statutory limit of CSR funding could result in freezing of CSR funding and hamper our existing operations, which is an unlikely event. • Termination and non-fulfilment of the MOU by Partners of their obligations. • Risk of fraud and other misconduct by employees or outsiders. • Electricity, internet connectivity and resources issue • The impact of COVID pandemic or the outbreak or of any new pandemic or natural disaster and attacks impact on the operations. • Natural disasters, floods, earthquakes, unrest, conflicts, terrorist attacks, etc., may cause temporary or permanent disruption in our ongoing activity and seriously affect our work. • Changes in teaching technology, National Educational Policy and/or some drastic change in education techniques may also affect the operation of our NGO. Technology advancements are a matter of routine and not all the past installations are affected by the technological advancements though newer installations are carried out with the modern advancements in place. **Risks mitigation** The NGO has been in operation for more than twenty years, and as per the experience, none of the above risk factors has affected the working or implementation to date. However, the CSR raising/marketing arm of the NGO is being strengthened to overcome funding issues. Our teams are experienced in handling small and big emergencies and yet keep delivering. However, per the Government guidelines, accounts are on PFMS (Public Financial Management System), where all payments are regulated and approved by the Ministry of Finance. Internal audits, financial controls, and SOPs are in place to avoid such risks. In addition, we are subject to regular audits by the Comptroller Auditor General of India. Operational risks are unlikely to happen, as we have a large pool of potential arts and music teachers—more than we currently need. We also know that even if a school's art teacher leaves, they are soon replaced. Education is a priority area worldwide; hence, minimum disruptions are ever seen in the education sector.		

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
Technology upgrades are an ongoing process, as we are a technology- driven organisation. Our software solutions predate Zoom and other video-conferencing apps, and they are stable and updated regularly. The Risk quantifications in our area of art, culture, and education are very limited as this is an ongoing process. In the worst-case scenario, one-day online classes or workshops could be affected. Still, the same is compensated with the archival classes already available on our channel and website, which can be accessed by students and teachers at the click of a button. These classes can be accessed from any location/device where internet connectivity is available. Routes 2 Roots is currently not involved in any litigation, including any tax-related litigation, and we have an internal process to ensure all Government and other compliances are met on priority and on time.		
2g) Mechanisms for advice and concerns about ethics, along with conflict of interest and communicating other critical concerns *Does the organisation have code of ethics pertaining to above issues: Yes* *Please provide a description of the organization's internal and external mechanisms for seeking inputs about ethical and lawful behaviour and organisation's integrity.* *Mention name and title of who in the organization is assigned the responsibility for this mechanism.* *If there were concerns related to any conflict of interest and other concerns raised by the mechanism, disclose these along with the actions the organization has taken in the previous year.* As a policy in our NGO, we do not have any overlapping transactions, Purchases, or conflicting interest issues amongst the Governing Body. However, some of the Governing Body's relatives have donated to the NGO. Mr Rakesh Gupta, Executive member and secretary of the society who has been assigned.	*Must have*	*Must have*

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
2h) Remuneration Policies *Remuneration policies for the governing body and the senior executives of the organization shall be reported. This shall include all kinds of fixed pay, variable pay and performance linked payments. It can also include any termination payments and claw backs. It is also important to bring out how performance of the organization is linked to remuneration.* Remuneration in the NGO is decided according to each employee's Qualifications and responsibilities. An HR committee under the General Secretary is empowered to fix remuneration, conduct appraisals, and fix increments. The remuneration for the Board of Advisors, consisting of eminent personalities and retired senior bureaucrats, is pre-fixed by the Governing Body and does not exceed Rs. 50.000/—per month, subject to Tax.	*Desirable*	*Must have*
2i) Stakeholder grievance, process of grievance redressal and number of grievance received and resolved *Does the organisation have a mechanism in place to confidentially receive and handle reports of abuse, fraud, bribery, or other wrongdoing from both external and internal parties?* We have a Grievance redressal committee headed by our President, Ms Amita Gupta, with three members: one from employees, one from the Governing Body, and one independent Member. Each Grievance is received and addressed on priority not later than ten days from the date of receipt. The grievances that we generally receive are technical issues that are resolved instantly by our technical team. We have so far not received any grievance from our employees, advisors, governing body, donors, or any other stakeholders. *Number of grievance received: 594* *Number of grievance resolved: 593*	*Desirable*	*Must have*

Form 1B Annual Self-Disclosures Report

Based on requirements of SEBI Circular of September 19, 2022:
C - Annual disclosure by NPOs on SSE which have either raised funds through SSE or are registered with SSE in terms of Regulation 91C of the LODR Regulations,
D - Disclosure of Annual Impact Report by all Social Enterprises which have registered or raised funds using SSE in terms Regulation 91E of the LODR Regulations and
Annexure I: Guidance notes for listed/ registered NPOs on disclosures of general, governance and finance aspects.
Please refer to the circular and its Annexures for detailed description of requirements.

Form 1A covers disclosures of general and governance aspects that are not dependant on statutory financial audit.
Form 1B covers disclosures of general, governance and finance aspects that have a reference to audited financial statements and filings with Income Tax, FCRA, Charity Commissioner, Registrar of Societies, Registrar of Companies and other regulators as applicable.

Instructions

All NPOs participating on the SSE (all registered regardless of whether they have currently listed securities or not) will **self-report annually in Form 1B Annual Self-Disclosures Report. A copy will be filed with the respective SSE by 31ˢᵗ Oct every year.**

Form 1B indicates which fields are mandatory for NPOs based on their annual spending

Annual Spending as per Audited Financial Statements of the previous financial year under review.
S1: Upto Rs1 Cr
S2: >Rs1 Cr

(These slabs may be reviewed by SEBI, periodically as per need.)

2) Disclosures on Governance aspects

2a) Reporting of related party transactions as per Income Tax Act section 13(3)

Form 1B - Annual Self-Disclosures Report for NPOs

The organization shall disclose all related party transactions entered by it and reasons for the same.							S1: Upto Rs1 Cr *Must comply*	S2: More than Rs1 Cr *Must comply*
Name of the Party	Nature of relationship	Nature of transaction	Amount in the current year	Amount in previous year	Balance Outstanding Current Year (Dr / Cr)	Balance Outstanding Previous Year (Dr / Cr)		
Teena Vachani	General Secretary	Loan	1077380	4261000	2264890 Cr	1187510 CR		
Virsa The Digital Learning Private Limited	Common Director	Purchases of Interactive Flat Panel for Digitizing the classroom . These were purchased as they were not available in the market and at the prices we procured from Virsa The Digital Learning Private limited	2668944	9251293	Nil	4226293 Cr		

Definition of Related Party

If there have been transactions between related parties, during the existence of a related party relationship, the reporting enterprise to disclose the following:

(i)   the name of the transacting related party;

(ii)   a description of the relationship between the parties;

(iii)   a description of the nature of transactions;

(iv)   volume of the transactions either as an amount or as an appropriate proportion;

(v)   any other elements of the related party transactions necessary for an understanding of the financial statements;

(vi)   the amounts or appropriate proportions of outstanding items pertaining to related parties at the balance sheet date and provisions for doubtful debts due from such parties at that date; and

(vii)   amounts written off or written back in the period in respect of debts due from or to related parties.

2b) Compliance management process

12

	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
Compliance management process	*Must have*	*Must have*
Routes 2 Roots has established robust compliance management processes designed to identify, assess, and mitigate risks associated with the operations. These processes are continuously monitored and updated to reflect changes in regulatory requirements and industry best practices. Critical components of the compliance management framework include:		
Policy Development: We have developed comprehensive policies and procedures to guide our conduct in areas such as breach of Data Privacy, misuse, or leakage, which may cause legal hurdles and affect our operations.		
Risk Assessment: We regularly assess potential compliance risks and implement controls to mitigate them effectively.		
Training and Awareness: We provide regular training and awareness programs to ensure that all employees understand their compliance obligations and are equipped to fulfil them.		
Monitoring and Reporting: We have established monitoring mechanisms to track compliance activities and promptly identify and address non compliance. We also maintain transparent reporting processes to inform stakeholders of our compliance efforts.		
Continuous Improvement: We are committed to ongoing evaluation and improvement of our compliance management processes to adapt to evolving regulatory landscapes and emerging risks.		
Routes 2 Roots is dedicated to upholding the integrity, transparency, and accountability of our regular operations. We recognise the trust placed in us by our stakeholders and are committed to maintaining their confidence through unwavering compliance with all applicable requirements		
Statement of compliance from senior decision maker (Chair/ CEO or equivalent) in Form 1B.4		
The Senior Management of Routes 2 Roots, consisting of Teena, Amita and Rakesh Gupta, acknowledges the responsibility to adhere to all applicable laws, regulations, standards, and internal policies governing its operations. Compliance is not merely a legal obligation but a fundamental aspect of our corporate culture		

3) Disclosures on Financial aspects

10. Copy of FC Return (if NPO has FCRA)			No
11. Copy of Annual Returns filed with Registration Authority (Registrar of Companies, Registrar of Societies, Charity Commissioner)		Yes	

SSE may specify additional parameters that may be required to be disclosed by NPO on an annual basis.

Form 1B.2

This section covers the Annual Impact Report (AIR) that should, at a minimum, cover the aspects described below.

Form 1B - Annual Self-Disclosures Report for NPOs

This should cover at least the top 67 percent of programme spending for the reporting period. For each of the thematic areas the organisation works in, as per the SEBI defined 16 thematic areas, a separate AIR is to be prepared in Form 1B.2. This would help the organisation to determine eligibility for listing projects.

If the organisation has active listed securities in the same period, they should be covered using Form 2 that needs to be assessed by a competent social impact assessor of an empanelled social impact assessment firm, for each of the listed securities.

1B.2(i) List of Programmes funded through Listed Securities on SSE for which Form 2.1 is applicable

Serial No.	Listing ID	Programme/ Project Title	Total Spending in INR on this Programme in this FY	% spending on this Programme/ Project in the FY under review	Form 2.1 Prepared (Yes/ No)
1.	NSE-SSE NPO 0016	Routes 2 Roots Digital Program	1,00,59,397/-	18.05%	Yes
Add more rows, if needed					

1B.2(ii) List of Programmes for which AIR is prepared in this section

Serial No.	Programme/ Project Title	Total Spending in INR on this Programme in this FY	% spending on this Programme/ Project in the financial year under review	Page Nos in this report
1.	Routes 2 Roots Digital Program	44081090	100%	
Add more rows, if needed				

Please note: Total of 1B.2(i) and 1B.2(ii) should be at least the top 67 per cent of programme spending for the reporting period.

Sub-Section 1B.2.1 Annual Impact Report (AIR) Self-Reported

*of **Routes 2 Roots** for the period*

from 01.04.2024 to 31.03.2025

For Routes 2 Roots Digital Program comprising 18 % spending in the financial year under review

Under SSE Art, Culture and Education

Programme start date:

Programme Objective(s):

1) Strategic Intent and Planning

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
a) What is the social or environmental or cultural challenge the organization is addressing in this thematic area? Has this changed in the last year? *Routes 2 Roots is addressing a cultural and social challenge—specifically, the lack of access to quality art, culture, and heritage education for students, especially in underserved and rural areas of the country. Historically, arts education in India had taken a backseat in the formal education system and was often considered an extracurricular activity rather than a core subject.* *This challenge is being tackled through their Digital Learning of Performing Arts Program, which delivers free, real-time, interactive art and culture classes to students across thousands of schools in India. These classes help reduce student stress, improve focus, and foster inclusivity and appreciation for cultural heritage, which is particularly important in post-trauma contexts, such as the states of Himachal Pradesh, Uttarakhand, Andhra Pradesh, Punjab, Jammu and Kashmir and Jharkhand.* *Has this changed in the last year?*	*Must Reply*	*Must Reply*

Though the challenge has not changed, yes, there has been a significant alignment and strengthening of their mission due to external developments: *The New Education Policy (NEP) 2020 made art and culture a part of the core curriculum by shifting from STEM to STEAM education (adding 'A' for Arts).* *As a result, Routes 2 Roots' program has evolved from being supplemental to being integrated within the national educational framework, making their cultural mission more central to mainstream education.* *In the last year, their focus has expanded to include students in disaster-affected regions, further reinforcing the social and emotional learning aspects of their work.* *Thus, while the core challenge remains rooted in preserving and promoting cultural education, the scope, urgency, and institutional alignment of the challenge have intensified and broadened in the past year.*		
b) *How is the organization attending to the challenge or planning to attend to the challenge in this thematic area? Has this changed in the last year?* *Routes 2 Roots is addressing the cultural and social challenge through its Digital Learning of Performing Arts Program, which delivers free, real-time, interactive classes in Indian art, culture, and heritage to students in government and private schools across India. The key methods and recent changes include:* ***How the Organization Is Attending to the Challenge:*** ***Installation of Smart Classrooms:*** *Equipping schools with 65"/75" interactive smart panels, software, webcams, and accessories.* *These tools enable live, interactive art and culture classes, as well as access to recorded archival content.* ***Hybrid Model of Education:*** *Combining real-time digital teaching with in-person workshops conducted by professional artists and gurus.* *This enhances student engagement and cultural immersion.* ***Curriculum Integration:*** *Aligning with the New Education Policy 2020 (STEM to STEAM), ensuring art and culture are part of mainstream education.* ***Teacher Training and Support:*** *Training schoolteachers to use innovative classroom technology and support cultural classes.*	*Must Reply*	*Must Reply*

Continuous support through WhatsApp groups, emails, and helplines.

Targeting Underserved Areas:
Focused rollout in rural and underprivileged areas, such as 236 schools in Himachal Pradesh, Uttarakhand, Punjab, Jharkhand, Tamil Nadu, Haryana, Jammu & Kashmir and Delhi.

Ongoing Impact Measurement:
Collecting feedback from principals and teachers, tracking student well-being, stress reduction, and engagement.

Changes in the Last Year:
Geographical Shift: Focus expanded specifically to Rural, underprivileged and aspirational areas of India to help students cope with trauma through cultural education.

Program Scale-Up:
Implementation in 100 new schools with proceeds from a ₹1 crore fundraising issue through NSE Social Stock Exchange.
Estimated impact: 1.3 lakh students.

More Implementation in 136 new schools with the support of CSR funding/Grant from the Ministry of Culture, Government of India, Max India Foundation and BMW India Foundation, etc.
Estimated impact: 210 lakh students.

Technological Advancement:
Upgraded equipment and introduced AI-integrated learning tools.
Including free K-12 e-content for schools

Stronger Integration with Government Initiatives:
Deeper alignment with NEP and state education departments.
Participation in national programs like Ek Bharat Shreshtha Bharat for cultural integration.

	Must Reply	Must Reply
c) *Who or what is being impacted (target segment/ affected area)? Has this changed in the last year?* ***Target Segment / Affected Area:*** ***1. Primary Target Segment:*** *School students across India, especially in government schools.* *College students, teachers, principals, and indirectly, parents and siblings of students.* *Students from underprivileged, disaster-affected, and remote regions.* ***2. Geographical Focus:*** *Over the years, Routes 2 Roots has reached 22,000+ schools, including Kendriya Vidyalayas, Navodaya Vidyalayas, and other institutions across India.* *In the last year, a significant shift in focus has occurred toward:* *100 government schools in Himachal Pradesh and Uttarakhand (both recently affected by natural disasters).* ***Nature of the Impact:*** *Improved mental health: Reduced stress and anxiety among students.* *Cultural enrichment: Enhanced understanding and appreciation of Indian art and heritage.* *Educational engagement: Increased participation and interest in school.* *Technological access: Exposure to smart classrooms and digital learning tools.* *Introduction of modern K-12 content in schools* ***Has This Changed in the Last Year?*** *Yes. Major changes include:* *Focused Disaster Response:* *Newly targeted areas (Himachal Pradesh & Uttarakhand) were explicitly selected due to the impact of natural calamities.* *Objective: help students recover emotionally and psychologically through cultural learning.* *Expanded Beneficiary Base:* *From general school outreach to specifically trauma-affected students.* *An estimated 1 lakh students will benefit directly from the new initiative in these two states.* ***Increased Inclusivity:*** *With alignment to the New Education Policy (NEP), the arts are now a core part of education, ensuring a wider reach and integration among students.*	*Must Reply*	*Must Reply*

d) *What will be the outcomes of the activities, intervention, programs or project? Disclosure should include positive and potential unintended negative outcomes.* *Positive Outcomes:* *Emotional and Psychological Relief:* *Students in disaster-affected areas (Himachal Pradesh and Uttarakhand) will experience reduced trauma, anxiety, and stress through exposure to cultural education and artistic expression.* *Cultural Awareness and Preservation:* *Increased awareness and appreciation of Indian art, culture, and heritage among students.* *Revival and sustained interest in traditional art forms.* *Academic and Personal Development:* *Improved focus, creativity, and discipline among students.* *Enhancement of students' overall cognitive and behavioural skills through performing arts.* *Digital and Technological Empowerment:* *Access to innovative classroom technology improves digital literacy and familiarity with e-learning tools.* *Educational Inclusion:* *Integration with the National Education Policy (NEP 2020) enables arts education to reach even the most remote and underserved schools as a compulsory component of the curriculum.* *Community and Stakeholder Engagement:* *Involvement of teachers, parents, and local administrators promotes community ownership of education initiatives.* *Artists and gurus conducting workshops will foster intergenerational learning and inspiration.* *Scalability and Replicability:* *The model can be easily scaled across other states, replicating outcomes with minimal adaptation.* *Potential Unintended Negative Outcomes:* *Talent Drain from R2R's Own Pool:* *If student interest in the arts surges, there may be a rise in demand for personal teachers, reducing the availability of expert artists for R2R's teaching network.* *Mitigation: Considered a "welcome challenge"; more demand may attract more supply over time.* *Underutilization or Misuse of Resources:*	*Must Reply*	*Must Reply*

Smart classroom equipment may be diverted to non-cultural uses by schools or underutilised due to a lack of trained facilitators or administrative will. *Mitigation: Continuous monitoring, follow-ups, and technical support are in place.* *Vandalism and Equipment Damage:* *Schools have previously faced minor vandalism incidents, leading to repair or replacement costs.* *Mitigation: Advisories and better security protocols are shared with affected schools.* *Infrastructure Gaps:* *Power outages or poor internet connectivity may disrupt class continuity in certain areas.* *Mitigation: Offline access and recorded content help bridge gaps during downtimes.* *Disinterest or Resistance:* *Possible lack of interest from school staff or resistance to arts-based programs in favour of traditional academics.* *Mitigation: Training, integration with NEP mandates, and stakeholder sensitisation help overcome this.* *Technological Obsolescence:* *As technology evolves, current systems may become outdated.* *Mitigation: R2R has a history of staying ahead with updated systems and regular training.*		

2) Approach

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
a) What is the baseline status* at the start of the activity/intervention/programs or project and at the end of the last reporting period? *Baseline status incudes situation analysis/ context description at the start *At the start of the current project, particularly in the 100 targeted schools across Himachal Pradesh and Uttarakhand, the baseline situation was characterised by:* *1. Lack of Infrastructure:*	Must Reply	Must Reply

Most schools did not have smart classrooms or digital teaching aids.
There was minimal or no access to performing arts education through structured formats.
Musical instruments and art supplies were largely absent.

2. Limited Exposure to Art & Culture:
Students had little to no exposure to structured learning in Indian classical music, dance, theatre, or other cultural disciplines.

Art and culture were not actively integrated into the curriculum in these remote areas, especially in government schools.

3. Impact of Natural Disasters:
Both states were recently affected by natural disasters, which damaged infrastructure and disrupted schooling.

Students faced emotional and psychological trauma, increasing the need for stress-relieving and healing interventions.

4. Educational Gaps and Digital Divide:
Schools faced a digital divide—many lacked internet access, modern equipment, or teachers who were digitally trained.

Students were often not familiar with online or hybrid models of education.

5. Absence of NEP-aligned Implementation:
Although the New Education Policy (NEP 2020) mandates integration of arts in education (STEAM model), its implementation in these regions was delayed or non-existent due to resource constraints.

Status at the End of the Last Reporting Period (as per document):

While the current initiative's implementation is ongoing (as fundraising was initiated in March 2024), Routes 2 Roots' impact across earlier projects and schools provides a reliable comparative outcome baseline, including:

1. Large-Scale Digital Adoption:
Over 22,000 schools nationwide have been provided with smart classrooms and access to Routes 2 Roots' daily interactive digital art classes.

2. Proven Model from Past Projects: *Successful deployment in Kendriya Vidyalayas (1200+), Navodaya Vidyalayas (200+), and hundreds of other schools with sustained usage and engagement.* *3. Recognized Social Impact:* *Reports and feedback from school principals indicated:* *Reduced stress and anxiety among students.* *Improved classroom behaviour and inclusiveness.* *Increased interest in Indian arts and heritage.* *4. Pandemic Resilience:* *During the COVID-19 pandemic, the model pivoted effectively to at-home learning, providing students with continued access to art education through digital means.*		
b) *What has been the past performance trend? (if relevant)* *The past performance trend of Routes 2 Roots has demonstrated consistent growth, effectiveness, and a positive social impact in delivering cultural education across India. The key indicators of performance over the years include:* *1. Program Scale and Reach:* *Since launching its Digital Learning of Performing Arts Program in 2016, Routes 2 Roots has expanded operations to:* *Over 22,000 schools across India.* *Including 1,200+ Kendriya Vidyalayas, 200+ Navodaya Vidyalayas, and hundreds of other schools.* *Recognised by Limca Book of Records (2023) as the largest provider of cultural education in India.* *2. Quality of Delivery:* *The program features live, real-time interactive classes curated by highly decorated maestros (e.g., Padma Vibhushan and Padma Bhushan awardees).* *Includes archived classes, competitions, and in-person workshops to complement virtual sessions.* *3. Institutional Partnerships and Recognition:*	*Must Reply*	*Must Reply*

	Received sustained support from top donors, including: *Ministry of Culture, Government of India* *Max India Society* *Kendriya Vidyalaya Sangathan* *The integration of their cultural curriculum with the New Education Policy (NEP 2020) strengthened its legitimacy and relevance.* *4. Social and Emotional Impact:* *Based on feedback and internal assessments:* *Stress levels and behavioural issues among students have reduced.* *School principals report increased tolerance and inclusivity.* *Students became more creative, engaged, and culturally aware.* *5. Adaptive Capacity and Innovation:* *During the COVID-19 pandemic, Routes 2 Roots:* *Transitioned quickly to home-based digital learning.* *Maintained and even expanded class engagement, helping students deal with lockdown-induced stress.* *Demonstrated resilience and innovation, using existing infrastructure effectively.* *6. Financial and Operational Consistency:* *Continuously supported by grants and CSR from reputable institutions.* *Despite fluctuations in funding (e.g., during the pandemic), the NGO:* *Used reserves and founder support to maintain operations.* *Kept all key programs running without significant interruption.*		
c)	What is the solution implementation plan and the measures taken for sustainability of activity/intervention/programs or project outcomes? Has there been any material change in your implementation model in the last one year? *Solution Implementation Plan:* *Routes 2 Roots has a clearly defined and structured implementation plan for its cultural education initiative, particularly the current intervention targeting 100 schools in Himachal Pradesh and Uttarakhand.* *1. Infrastructure Deployment:* *Install smart classrooms in 100 schools (4 schools per district across 25 districts).*	*Must Reply*	*Must Reply*

Equipment includes:
65" interactive smart panels
Pre-loaded Routes 2 Roots cultural learning software
K12 e-books (provided free for educational support)

2. Program Delivery:
Conduct daily real-time interactive art and culture classes via the smart panels.
Subjects include music, dance, theatre, yoga, and more, curated by Padma award-winning advisors.
Complemented by archival content and in-person workshops by expert artists.

3. Training & Support:
Provide on-site training to school teachers at the installation.
Continuous support via WhatsApp groups, email, and helpline numbers.

4. Timeline:
Installation and training: Within 3–4 months from allotment of funds.
Project duration: 12 months with outcome and impact tracking at the end.

Sustainability Measures:
1. Equipment with Long-Term Utility:
Hardware comes with a 3-year on-site warranty and maintenance, ensuring continued functionality.
Software updates and troubleshooting are handled centrally by Routes 2 Roots' technical teams.

2. No Cost to Schools:
All installations, operations, and maintenance are provided at no cost, thereby removing a financial burden from schools.

3. Integrated Curriculum:
Alignment with the National Education Policy (NEP) 2020 ensures the program is not peripheral but central to school curricula, supporting long-term integration and relevance.

4. Financial Sustainability:

Ongoing support from the Ministry of Culture, CSR donors, and private contributors. *Strengthening of fundraising and CSR marketing arm to broaden the funding base and reduce dependency on top donors.* *5. Human Capital Strategy:* *A large pool of trained artists and cultural educators ensures consistent program delivery.* *Identified a strategy to manage future demand-supply balance in case more students pursue careers in the arts.* *Material Change in Implementation Model in the Last Year:* *Yes, there have been two significant changes:* *Geographic Targeting for Trauma Recovery:* *A shift toward disaster-affected and underserved regions (Himachal Pradesh and Uttarakhand), emphasizing psychosocial healing through culture.* *Enhanced Integration with National Policies and Technology:* *Deeper alignment with NEP 2020 (STEAM framework).* *Increased use of AI-powered tools, more innovative infrastructure, and expanded content access (e.g., free K-12 e-books).*		
d) *Please brief out alignment of solution to Sustainable Development Goals (SDGs)/national priorities/state priorities/ developmental priorities.* *1. SDG 4 – Quality Education* *Target 4.7: Ensure learners acquire knowledge and appreciation of culture and sustainable development.* *The program delivers inclusive and equitable cultural education, integrating Indian heritage into school systems.* *Promotes lifelong learning through exposure to performing arts, music, dance, and theatre.* *SDG 16 – Peace, Justice and Strong Institutions* *Fosters peace, tolerance, and inclusiveness through cultural education.* *Encourages non-violence, empathy, and social cohesion among students by teaching Indian heritage and values.* *Principals have reported a reduction in incidents of conflict and an improvement in behaviour among students exposed to the arts curriculum.*	*Must Reply*	*Must Reply*

e) How have you taken into consideration stakeholder feedback in this reporting period? *We have a robust, well-defined procedure for gathering stakeholders' feedback and documenting it. During the physical workshops in the schools, our coordinators record the input of students, Teachers and the Principal's feedback. In addition, the artist measures the impact of daily online classes being held. This is reported back to the office for further analysis. Additionally, our independent impact agency gathers feedback from stakeholders during their visits to the schools.*	*Must Reply*	*Must Reply*
f) In the last year, what have you seen as the biggest risks to the achievement of the desired impact? How are these being mitigated? *1. Reduction or Discontinuation of Donor Funding* *Risk: High dependency on a few major donors (e.g., Ministry of Culture, Max India Society, Kendriya Vidyalaya Sangathan). Any reduction or withdrawal could have a severe impact on ongoing programs.* *Mitigation:* *Strengthening the NGO's CSR marketing and fundraising arm.* *Engaging new donors and broadening the funding base through this ZCZP issue.* *Using internal reserves and founder support during crises like COVID-19.* *2. Infrastructure Challenges in Schools* *Risk: Lack of electricity, internet connectivity, and the possibility of equipment vandalism or diversion for other uses.* *Mitigation:* *Robust, rugged equipment with 3-year maintenance included.* *Technological support and real-time troubleshooting via WhatsApp, email, and calls.* *Training of local teachers for effective use and maintenance.* *Advisory measures to prevent repeat vandalism.* *3. Partner Institution Non-Compliance* *Risk: MoU partners (state governments and educational institutions) may not fulfil commitments, affecting program implementation.* *Mitigation:* *Active communication and monitoring.*	*Must Reply*	*Must Reply*

Selecting schools in coordination with the state Directorate of Education.

4. Human Resource Risk
Risk: Difficulty in attracting and retaining professional staff due to funding constraints.

Mitigation:
Strong existing team.
Founder and management backing during crises.
A large pool of trained art and music teachers ensures minimal operational disruption.

5. Technological and Data Security Risks
Risk: Data privacy breaches or misuse of equipment/software.

Mitigation:
Stable, in-house software predating Zoom, regularly updated.
Use of firewalls and secure server rooms.
Most data is non-private and already public.

6. Natural Disasters and Pandemics
Risk: Events like the COVID-19 pandemic or regional disasters could disrupt operations.

Mitigation:
Transitioned to remote digital learning during the pandemic within 15 days.
Preemptive measures to adapt to localised disruptions (e.g., state elections, curfews).

7. Unintended Consequences
Risk: Students may not pursue a career in the arts after exposure.

Mitigation:
The goal is not professional pursuit, but the appreciation and integration of the arts in education.
The program's success metric is broader cultural awareness and mental wellness.

3) **Impact Indicators**

Form 1B - Annual Self-Disclosures Report for NPOs

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr

a) What are the indicators used to evaluate the effectiveness and outcomes of programmes	Must Reply	Must Reply
1. Reach and Scale Indicators (Quantitative) Number of schools equipped with smart classrooms. Number of students benefited – a target for this project is approximately 1,00,000 students across 100 schools in Himachal Pradesh and Uttarakhand. Number of disciplines offered (e.g., Hindustani Vocal, Tabla, Kathak, etc. – currently 16). Number of live interactive classes conducted daily (Monday to Saturday). Participation in national inter-school competitions organised by Routes 2 Roots. Geographic spread – expansion across 25 districts in two states. **2. Engagement and Utilisation Indicators** Daily attendance in interactive digital classes. Teacher participation and engagement in training and support sessions. Use of archival content via the Routes 2 Roots platform. Feedback mechanisms via WhatsApp, email, and phone from principals and teachers. On-site workshops and face-to-face engagement with students and teachers by maestros. **3. Qualitative and Impact Indicators** Improvement in student behaviour and social interaction (e.g., reduced petty quarrels, improved tolerance). Stress and anxiety reduction among students (especially post-disaster or during pandemic recovery). Cultural appreciation and interest in Indian art forms. Feedback from principals and impact assessments confirms improved student focus and engagement. **4. Infrastructure and Technology Utilisation** Effective use and functionality of interactive smart panels and digital content. Timely installation and maintenance of hardware and software. Training effectiveness of school teachers in using the equipment and digital learning tools. **5. Long-Term Impact Indicators** Increased appreciation for Indian art and culture among students. Integration of art and culture into mainstream education, in line with India's New Education Policy (STEAM model). Sustained usage and continuation of the program post-funding period.		

Form 1B - Annual Self-Disclosures Report for NPOs

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
i) Timeline specific output indicators from inception to end of project *(1) Number of interventions implemented -100 smart classrooms in 100 government schools across 25 districts (12 in Himachal Pradesh, 13 in Uttarakhand).* *(2) Timeliness of intervention delivery – in 20 Days* *(3) % of planned vs. achieved programmes – 100%*	*Must Reply*	*Must Reply*

ii) Intermediate outcomes indicators (for e.g.) - starts around mid-term and continue to end-term of project	Must Reply when applicable	Must Reply when applicable
(1) *Increased awareness or knowledge among the target population* Digital exposure to Indian art and culture through daily live and archival classes. Access to 16 cultural disciplines such as Hindustani vocal, Bharatnatyam, theatre, etc. Integration of art with technology, in line with the STEAM model of education. The use of smart panels and e-learning content enhances students' digital literacy and cultural awareness. **Measurement:** Feedback from teachers and principals. Observation of class participation and quiz/competition engagement. Usage analytics from the Routes 2 Roots application.		
(2) *Changes in attitudes or perceptions* Reported reduction in student stress, anxiety, and disciplinary issues. Improved tolerance and inclusiveness, particularly in multi-cultural and rural schools. Enhanced interest in Indian traditions and heritage among children. Measurement: Principal and teacher testimonials. Behavioural observation and anecdotal evidence from workshops. Pre/post-implementation qualitative surveys.		
(3) *Adoption of new behaviours or practices* Regular participation in art and culture classes is part of the daily timetable. Students and teachers engage in competitions, workshops, and cultural events. Parents and schools begin to prioritise cultural education alongside academics. Measurement: Increased student participation in competitions and workshops. Number of schools actively incorporating cultural lessons in class schedules.		
(4) *Improved skills or capabilities* Students acquire foundational skills in performing arts, music, theatre, and mindfulness. Teacher upskilling on using digital tools and facilitating cultural curriculum. Exposure to national-level maestros improves learning quality and artistic capabilities. Measurement:		

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
(5) Talent identification by visiting gurus. Progress in inter-school competitions. Feedback from students and teachers. *Increased access to resources or services* Smart classrooms with modern technology are set up in underserved government schools. Free access to art education, real-time classes, e-books, and archival content. Technical support and training are provided to all participating schools. Measurement: Number of students using the smart panels. Number of schools receiving instruments and maintenance. Continued access post-project period.		

iii) Overall outcome indicators (for e.g.) towards end-term and after end of the project period (depends on project gestation period)	Must Reply when applicable	Must Reply when applicable
(1) *Behavioural change sustained over time* Students show continued interest and engagement in Indian art and culture, even after the formal project concludes. Daily participation in cultural activities becomes an embedded part of the school routine. Teachers and schools continue to use innovative classroom tools independently. Indicators: Continuation of art programs beyond initial funding. Sustained attendance and participation in digital classes. Requests for expansion to more schools or disciplines. (2) *Improved social or economic conditions* Students gain skills in music, drama, yoga, and mindfulness, which may lead to future career paths or vocational opportunities. Improved mental well-being enhances academic performance and social adaptability, especially in disaster-hit regions. Schools receive cost-free infrastructure upgrades, improving education delivery. Indicators: A rise in the number of students opting for the arts in higher education. Community recognition or engagement in cultural events. Economic value of reduced stress-related absenteeism or behavioural issues. (3) *Reduced rates of negative outcomes (e.g., poverty, disease, crime)* A decrease in student disciplinary issues, bullying, and emotional distress, as reported by school heads. Lower dropout rates, especially in marginalised communities, where children are now more engaged in school due to cultural learning. Improved attendance rates as students look forward to engaging classes. Indicators: Comparison of pre-/post-dropout and attendance data. Feedback from school administration on disciplinary trends. (4) *Enhanced quality of life* Students report better focus, emotional balance, and enthusiasm for learning.		

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
Art and culture become a source of joy and mental well-being, especially for children in trauma-affected zones (Himachal Pradesh, Uttarakhand). Parental and teacher satisfaction with the program's outcomes on student growth. Indicators: Student testimonials or surveys. Parent and teacher satisfaction levels. Participation in extracurricular art programs. **(5)** *Increased resilience to future challenges* Schools and students develop adaptive capacity to continue digital learning amid pandemics or natural disasters. Cultural education becomes a consistent support system, fostering identity, confidence, and unity. Teachers are better equipped to use educational technology and integrate the arts into recovery and rehabilitation efforts. Indicators: Schools' ability to maintain programs during disruptions. Adoption of the Routes 2 Roots model in other states. Expansion requests or replication in other disaster-prone areas.		

4) Relevance and Sustainability
(Please share in 3-5 sentences with a supporting fact/ data point)

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
i)	*Relevance: Explain with a supporting fact/ data point how the initiative aligns with the organization's values and goals and is relevant to the target audience* *The organisation's goals are art, culture, and education, and ever since its inception, we have been exclusively engaged in these activities. The cultural education that we have integrated with K-12 education aims to introduce art as a curriculum-based learning, which has now been further endorsed by the New Education Policy, transitioning from STEM to STEAM by adding 'A', making the arts a formal curriculum activity.*	*Must Reply*	*Must Reply*
ii)	*Sustainability: Explain with a supporting fact/ data point how the initiative is sustainable and if it can continue to make a positive impact in the future.* The Routes 2 Roots program is structured to ensure financial, operational, and social sustainability through strategic partnerships, robust digital infrastructure, and capacity-building initiatives. By integrating technology, institutional support, and ongoing teacher development, the program is designed to thrive well beyond its initial implementation phase. Scalable Digital Infrastructure: More than 24,000 schools have been equipped with smart classrooms, interactive screens, and digital learning content, enabling continuous access to quality performing arts education across diverse geographies. Government and Institutional Support: Strategic alignment with state education departments, Corporate Social Responsibility (CSR) partnerships, and registration with the Social Stock Exchange (SSE) ensures long-term financial viability and institutional trust. Capacity Building through Teacher Training: Hundreds of teachers have been trained to independently deliver and sustain the curriculum, promoting self-sufficiency within schools and enabling the widespread dissemination of knowledge. Student Retention and Engagement: Quarterly assessments and annual inter-school competitions consistently show increased student participation and enthusiasm, affirming the program's ongoing relevance and impact. Resilience and Adaptability: The program's digital-first design has demonstrated resilience in the face of challenges such as the COVID-19 pandemic, highlighting its adaptability and sustainability in the face of future disruptions. Through these key pillars, the Routes 2 Roots initiative ensures long-term impact, replicability, and the continued promotion of cultural education in the school ecosystem.		

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
a) *Briefly include narratives of Social, Environmental, Cultural and Economic impact on target segment(s) in the reporting period.* 1. Social Impact The initiative has had a transformational social impact on students in government schools, especially in disaster-affected regions of Himachal Pradesh and Uttarakhand: Mental well-being improvement: Students showed reduced stress and anxiety through regular engagement in art and cultural classes. Inclusive behaviour and reduced conflict: Feedback from principals indicated fewer disciplinary issues and greater inclusivity and cooperation among students. 2. Environmental Impact While the initiative doesn't directly focus on environmental interventions, it contributes indirectly by: Reducing the need for physical infrastructure expansion through innovative classroom technology, making better use of existing space. Promoting digital learning over paper-based materials through e-books and preloaded content, supporting a low-paper, eco-friendly educational model. 3. Cultural Impact The core of Routes 2 Roots' initiative is to preserve and promote Indian art, culture, and heritage through accessible education: Students are introduced to 16 Indian disciplines, including vocal music, classical dance, theatre, and yoga. Thousands of children are connected to Indian culture and traditions daily, often for the first time in their academic journey. Workshops conducted by Padma award-winning maestros create a deep appreciation and cultural pride among youth. 4. Economic Impact The program supports economic inclusion and opportunity creation by:	*Must share any impact observed on the target segment*	*Must Reply*

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
Providing cost-free access to smart classrooms, educational software, and cultural classes in economically marginalised schools. Equipping teachers with tools and skills that enhance their instructional capabilities and long-term employability. Enable students to pursue careers in cultural industries or as future art educators.		
b) *Beneficiary[4]/Stakeholder Validation through surveys and other feedback mechanism* *Monitoring and Evaluation Framework of the Routes 2 Roots Program* *To assess the program's effectiveness and ensure continuous improvement, Routes 2 Roots implemented a comprehensive monitoring and evaluation strategy incorporating surveys, interviews, and quarterly assessments. Feedback was collected from all key stakeholders, including students, teachers, school administrators, parents, and participating artists.* *Student Feedback:* *Surveys conducted across participating schools revealed that over 80% of students reported increased cultural awareness and enhanced confidence in performing arts. Regular interactive sessions with Gurus allowed for real-time feedback and validation of learning.* *Teacher and Principal Insights:* *Educators and school heads observed increased student engagement, a noticeable decline in behavioural issues, and improved classroom discipline. Quarterly assessments contributed to the ongoing refinement of course content and teaching methodologies.* *Parental and Community Involvement:* *Active participation in workshops and competitions highlighted growing parental support for the integration of the arts into education. These events also helped strengthen community involvement and awareness.* *Digital Engagement and Monitoring:* *Online platforms, including the DIKSHA Portal, E-Vidyalaya, and YouTube, were utilised to track attendance and engagement metrics. These tools provided transparent and measurable insights into student participation and program reach.*	*Must Reply based on any simple method of validation*	*Must Reply*

---

[4] Beneficiaries includes entities such as individual, person, thing, article, unit, body, creature

Item	S1: Upto Rs1 Cr	S2: More than Rs1 Cr
Artist and Mentor Feedback: *Feedback from over 327 artists and mentors offered valuable insights into students' progress, skill development, and cultural enrichment. Their contributions played a key role in enhancing curriculum design and delivery.* *These multi-tiered validation mechanisms confirmed high levels of beneficiary satisfaction, sustained engagement, and meaningful educational outcomes, demonstrating the program's success and potential for wider scalability.*

Form 1B.4
Statement of Compliance

I, Teena Vachani.General Secretary of Routes 2 Roots certify that:

a. All activities undertaken by the Social Enterprise are in conformity with the objectives as stated in the relevant constitution documents and aligned to the vision, purpose and mission of the Social Enterprise.

b. Activities reflect primacy of Social intent in the functioning of the Social Enterprise as per SEBI Act and regulations made thereunder that at least 67 percent* of our organisation's activities cover target population segments/ entities that are under-served or less privileged or live in regions recording lower performance in the development priorities of central or state governments (immediately preceding 3-year average of revenues/ expenditure/ total customer base and/or total number of beneficiaries[6])

c. I have reviewed the financial statements prepared by the Social Enterprise for the year ended ….. and to the best of my knowledge and belief these Statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading. Further, these Statements together present a true and fair view of the Social Enterprise's affairs and are in compliance with the relevant Accounting Standards, applicable laws and regulations

d. To the best of my knowledge and belief, no transactions entered into by the Social Enterprise during the year ended ….. are fraudulent, illegal or violative of the laws, regulations and policies and procedures of the Social Enterprise. The Social Enterprise has complied with all applicable laws and regulations as applicable for the Social Enterprise.

e. I accept responsibility for establishing and maintaining internal controls for operations, as well as financial reporting. The Social Enterprise has implemented and evaluated the effectiveness of its internal control systems in the conduct of operations and reporting thereon.

f. I am not aware of any instance during the year in which significant fraud occurred, involving management or any employee with a substantial role in the Social Enterprise's internal control systems.

Independent Auditor's Report

To the Members of Routes 2 Roots
(a Society Registered under Societies Registration Act 1860)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Routes 2 Roots (a Society Registered under Societies Registration Act 1860)** ("The Society"), which comprise the balance sheet as at 31 March 2024, the statement of Income and Expenditure for the year then ended and cash flows statement for the year ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Societies Registration Act 1860** ("the Act") in the manner so required and give a true and fair of the state of affairs (financial position) of the Society as at 31 March 2024, its Profit (financial performance) and its cash flows for the year ended on that date in accordance with accounting standards issued by the Institute of Chartered Accountant of India (ICAI).

Basis for opinion

We conducted our audit in accordance with the standards on auditing issued by the ICAI. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Institution in accordance with the code of ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the **Societies Registration Act 1860** and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charge with the Governance for the Financial Statements

The Governing body of the Soceity is the responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid accounting standards, and for such internal control as the Governing body determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, The Governing Body is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Governing body either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charge with governance are also responsible for overseeing the Society's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the society's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Governing body of the Society.

- Conclude on the appropriateness of Governing body's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Materiality is the magnitude of misstatement in the financial statement that individually or in aggregate make it probable that the economic decision of a reasonably knowledgeable user of the financial statement may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statement.

INDEPENDENT AUDITOR'S REPORT

To the members of Routes 2 Roots, S-43,Panchsheel Park, New Delhi-110017

Opinion

We have audited the financial statement of Routes 2 Roots, New Delhi,("The Society") which comprise the balance sheet as at March 31st 2023, and the statement of income and expenditure and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanation given to us, the accompanying financial statements give the information required by the Societies Registration Act 1860 ("The Act") in the manner so required and give a true and fair view of the financial position of the entity as on March 31, 2023 and of its financial performance and its profit and its cash flows for the year then ended in accordance with the accounting standards issued by the Institute of Chartered Accountant of India (ICAI).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. our responsibilities under those standard are further described in the Auditor's Responsibilities for the audit of Financial Statement section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statement under the provision of Societies Registration Act 1860 and the rules there under in India, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statement.

Responsibilities of management and Those Charge with Governance for the financial statements

The Governing Body of the Society is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting standards, and for such internal control as The Governing Body determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, The Governing Body is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charge with governance are responsible for overseeing the entity's financial reporting process.

Auditor's responsibilities for the Audit of Financial Statements

Our objective are to obtain reasonable assurance about whether the financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate , they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is

sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Governing Body of the Society.

- Conclude on the appropriateness of Governing Body's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings,

including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Materiality is the magnitude of misstatement in the financial statement that individually or in aggregate make it probable that the economic decision of a reasonably knowledgeable user of the financial statement may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statement.

SCHEDULES FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 31st MARCH 2023

1. STATUS AND PRINCIPAL ACTIVITIES

The Routes 2 Roots (the Society), has been registered as a Society under the Societies Registration Act, 1860 .

The primary objects of the Governing Body as per its Rules and Regulations are promoting and developing education through cultural program.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Background & Accounting Convention

The financial statements are prepared in accordance with the stipulations of the Rules and Regulations of the Society.

The financial statements are prepared under the historical cost convention, following the accrual concept of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP), including the applicable Accounting Standards, and on the basis of the decisions taken by the General Body, Governing Body and other related committees.

The accounting policies adopted in the preparation of the accounts are consistent with those followed in the previous year.

b) Use of Estimates

The presentation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the year in which the results are known/ materialized.

c) Income and Expenditure Account

The Society has considered the incomes earned in the nature of Donation Received ,Revenue for Virsa Programme and Other Income etc. and the expenditure incurred for Virsa Programme,other Programme and Other Expenses etc. directly in the Income and Expenditure Account.

d) Property Plant & Equipments

The fixed assets are recognized in financial statements in accordance with AS-10 (amended). The cost of an item of property, plant & Equipment is recognized as an assets if and only if it is probable that future economic benefits associated with the item will flow to the association . Tangible Fixed assets

For Routes 2 Roots

President

SCHEDULES FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 31st MARCH 2023

are stated at its purchase price including import duties, non refundable purchase taxes after deducting trade discount and rebate, duties, freight, insurance and other incidental expenses incurred for bringing the assets to the working condition required for their intended use, less depreciation and impairment. In case of import of capital assets, the effect of foreign exchange fluctuation has been adjusted to assets in accordance with AS-11.

e) Revenue Recognition

Revenue from Virsa Program, Grant & Other Income is recognized on accrual basis .

f) Expenses recognition

All Expenses are accounted for on accrual basis.

g) Foreign Currency Transactions

Foreign Currency Transactions are accounted at the exchange rates prevailing on the date of the transaction or at the rates which approximate the rates that prevailing on the date of the transaction. Year-end monetary items denominated in foreign currencies are restated at the exchange rates prevailing on the last day of the accounting year. The gain / loss arising on account of such translation / restatement is recognized in the Income and Expenditure Account.

h) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made. Contingent liabilities is disclosed for (1) Possible obligation which will be confirmed only by future events not wholly within the control of the society or (2) Present obligations arising from past events where it is not possible that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made. Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

ABOUT US

ROUTES 2 ROOTS is a prestigious Delhi-based non-profit NGO with a presence all over India and abroad and the world's most significant cultural NGO. Since its inception in 2004, the NGO Has constantly strived to disseminate culture, art, and heritage to people and children for inclusive and peaceful coexistence. Routes 2 Roots began its Digital Learning of Performing Arts program in 2016, with free interactive streaming of online classes comprising 15 Disciplines related to Art, Culture, and heritage. Routes 2 Roots has also created Digital classrooms nationwide by installing equipment like Computers, Web Cameras with microphones, LED Screens, and IFP Panels to equip schools in remote areas to be at par with any modern school in the city. After Installation, the schools are provided daily classes in art and culture, including Yoga, Mindfulness, AI, and K12 content, ensuring complete utilisation of digitisation with monthly attendance of all participating schools. All these are provided free of cost to these schools.

PROJECT

Implementation of the free digital teaching program on Art, Culture and Heritage in 100 schools in Himachal Pradesh and Uttarakhand by providing Smart Classroom Equipment, Musical Instruments, Training to teachers, and maintenance.

The equipment will help create a smart classroom in each school that students can use to learn subjects and act as hubs for nearby schools. Creating a smart classroom will enable the students to update themselves with technology in learning and be able to learn from e-books and K12 soft books online and offline. The students can learn in live, real-time interactive classes, which will enhance their learning skills. It will have an interactive panel and whiteboard for modern learning per international standards. The students can learn in live, real-time interactive classes, which will enhance their learning skills. The students will get connected with Art and culture with the support of technology and AI-enabled tools with the installation of Smart Panels and Smart Classrooms. This way the best classroom technology is integrated with traditional teachers and the most renowned gurus and maestros.

Our target segment is school students, college students, teachers, parents, siblings of students, and individuals desiring to learn Indian art forms, which are part of the cultural heritage of our country. With modern technology, it is essential to integrate technology with Art. Therefore, we have introduced these classes to the art classes. This will enable the integration of art and culture with technology, per the New Education Policy.

EQUIPMENT SPECIFICATION

The states of art IFP panel with configurations best in the class have been installed.

65 Inches Interactive Flat Panel (8 GB RAM, 128 GB ROM, 1 TB SSD)

- Key Features of the Educational Panel (IFP)
- 48MP Auto Motion Camera with 8 Microphones
- Android 13, dual-core ARM, 8 GB RAM, 128GB Flash, Crystal-clear 4K Resolution
- Best digital display, Multi-touch, Viewing angle of 120 degrees, Total 3 USB Ports,
- Product size- 5D x 50W x 33.86H cms, 74.4 Kg, Screen Resolution-- 3840 x 2160 pixel, Bluetooth & WiFi, Screen Recording, Built-in speakers, Android 13
- Integrated K-12 learning e-books (NCERT-based curriculum for all classes) with 50000 videos & 100000 question answers
- Performing Art & Culture real-time interactive application (S.T.E.A.M),
- Can be used as an Interactive whiteboard, Computer & TV, Hybrid and Remote Classroom Facility.
- Including Delivery, Installation, Online training and 3 Years on-site warranty)

IMPLEMENTATION

Routes 2 Roots is progressing steadily to make education inclusive and accessible to students in remote areas of India and for students who do not have easy access to such facilities. In its latest initiative, as part of its outreach to benefit students in inaccessible regions due to difficult terrain, such as mountains, the NGO's technical team installed IFPs (Interactive Flat Panels) in schools across Uttarakhand and Himachal Pradesh districts. These regions were severely affected by the unprecedented rainfalls in the last year's monsoon.

The adjoining states are among regions in which aspirational districts have been earmarked for levelling up in education and holistic development of schools and students. All 12 districts in Himachal Pradesh and 13 of Uttarakhand have been selected, and four schools in each district have been digitised. In addition to the art and culture content as per the curriculum of Routes 2 Roots, K12 content according to the approved curriculum of NCERT has also been provided to the students in these schools. This consists of 50,000 educational videos and 100,000 Question-Answers from the curriculum as student learning tools. It has enabled students in these distant regions with extreme terrains to receive quality education and facilities, bringing them on par with any modern school in the city. education.

TRAINING THE TEACHERS
Comprehensive training has been given to teachers for using the latest equipment provided by the NGO. The new panels are special as they not only provide high quality broadcast of live classes from Routes 2 Roots but also extra space of 1 TB for storage of content when internet availability is a challenge.

CHALLENGES

Most of the schools selected for this activity in the two states are among those that suffered excessive damage during last year's flash floods. Students here do not have access to basic facilities such as chairs and desks in classrooms. The student's seating is on the floor for their classes, and many don't have classrooms at all. Their classes are being held in the open under trees. Every step taken by the NGO to provide facilities to these schools is in sync with its journey of creating high-quality learning opportunities for the country's future generations.

Some of the schools where team Routes 2 Roots has successfully reached and provided IFPs are in a famous location known as Auli. Best known as the skiing paradise of India, where tourists from across the world vacation, Auli is nestled in the Chamoli district of Uttarakhand and is at an altitude of 8200 feet above sea level. The team braved the weather conditions and challenges in the area surrounded by Nanda Devi and Nar Parvat mountains, which make the terrain harsh.

Another tricky location the NGO's team visited, among others, was Kedarnath, located in the Himalayas at 11755 feet above sea level. Flanked by snow-peaked mountains and a glacier, the closest road to Kedarnath is 16 km away from it. Due to a lack of proper motorable roads, the car of Routes 2 Roots' technical staff fell into a river on its way, causing damage to the vehicle and just about sparing the lives of its passengers. Furthermore, heavy pilgrimage rush in the area resulted in choked roads, caused delays and posed more challenges on the way.

Located in the North Eastern part of Himachal Pradesh, Spiti Valley, at an altitude of 12000 feet above sea level, is the land between Tibet and India. The cold desert presents every possible challenge in such a landscape. The NGO's team reached the beautiful but forbidding location and installed the equipment in schools that don't see many facilities and have also been ravaged by last year's floods. Kinnaur, another wonderland known especially for its abundant and high-quality apples, is also located at 13,000 feet. Our technical team managed to reach yet another location in our endeavour to provide equipment to schools. In the absence of vehicular traffic in the area, specially trained Sherpas, locally known as pitthus (human beings who carry luggage on their backs), had to be hired to carry the IFPs manually on their backs. A look at some of the most adventurous moments of this initiative.

TESTIMONIALS

CERTIFICATE

Today we installed a VIRSA IFD panel in our school, and the process of installation and training was very smooth. The quality and features of VIRSA panel are outstanding, specially the built in 1TB SSD, camera, and powerful microphones. The K12 content with thousands of questions and answers are very helpful for students. Virsa panel also helps our school implement NEP by providing application for daily live interactive Art classes which includes Yoga and AI classes.

We are very happy to install the New Age IFP panel in our school which not only has great features like built in camera, 1TB SSD and strong Microphone, But also gives our students the opportunities to benefits to K12 learning app, Routes to roots cultural education app and Biometric app for students assessment and counselling. All This will hugely add value to the education of our students.

Thankyou

We have other panels installed in our school, but today we installed a VIRSA IFP panel in our school, and the process of installation and training was very smooth. The quality and features of VIRSA panel are outstanding, specially the built in 1TB SSD, camera, and powerful microphones. The K12 content with thousands of questions and answers are very helpful for students. Virsa panel also helps our school implement NEP by providing application for daily live interactive Art classes which includes Yoga and AI classes.

आज दिनांक 18.05.2024 को पीएम श्री स्कूल जवाहर नवोदय विद्यालय पीपलकोटी, चमोली में **Routes 2 Roots, G2, Max Towers, NOIDA, 201301 Uttar Pradesh** द्वारा एक **VIRSA IFD Interactive Panel** स्थापित किया गया। पैनल की मदद से विद्यालय में शिक्षण अधिगम को और अधिक मनोरंजक बनाने के साथ–साथ छात्र/छात्राओं के अध्ययन में अत्यन्त मददगार होगा। पैनल का स्थापन सावधानीपूर्वक कर लिया गया तथा इसके संचालन हेतु आवश्यक प्रशिक्षण विद्यालय को प्राप्त किया गया। पैनल के अन्तर्गत ई–सामग्री के बारे में पैनल स्थापित करने आयी टीम द्वारा बताया गया जिसमें कक्षा नर्सरी से 12 तक का शैक्षणिक सामग्री सम्मिलित है। इसकी मदद से विद्यालय छात्र/छात्राओं के बीच सहयोग, साझाकरण और विचारों के आदान–प्रदान की सुविधा प्रदान करने में आसानी होगी। इसके अलावा स्मार्ट क्लास शिक्षण दृष्टिकोण कक्षा के भीतर एक एकीकृत वातावरण को बढ़ावा देता है, जहां छात्र सामूहिक रूप से चर्चाओं, प्रस्तुतियों और ज्ञान साझा करने में संलग्न हो सकते हैं। जैसे कि समस्त जवाहर नवोदय विद्यालयों का उद्देश्य हैं कि ग्रामीण अचंल के मेधावी छात्र/छात्राओं को मुख्य धारा में लाना जिसमें यह पैनल एक महत्वपूर्ण भूमिका निभा सकता है।

सधन्यवाद।

दैनिक जागरण

रूट्स टू रूट्स ने सुदूरवर्ती क्षेत्रों में स्थापित किए डिजिटल क्लासरूम

जागरण संवाददाता, देहरादून : प्रदेश के दूरदराज क्षेत्र में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के लक्ष्य से रूट्स टू रूट्स ने उत्तराखंड के प्रत्येक जनपद में चार-चार सरकारी स्कूलों में डिजिटल क्लासरूम स्थापित किए हैं, ताकि ग्रामीण क्षेत्र के बच्चे भी हाईटेक शिक्षा से जुड़ सकें।

रूट्स टू रूट्स संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने की दिशा में कार्य कर रहा है। इस संगठन ने उत्तराखंड और हिमाचल प्रदेश में 100 इंटरेक्टिव फ्लैट पैनल (आइएफपी) लगाए हैं।

आइएफपी एक डिसप्ले समाधान है, जो आन-स्क्रीन सामग्री के साथ छात्र और शिक्षक के संवाद को सक्षम करने के लिए एक टच-संसिटिव स्क्रीन है।

इस पहल के लिए विशेषकर चमोली जनपद के औली, रुद्रप्रयाग जनपद के केदारनाथ के आसपास के स्कूलों को रूट्स टू रूट्स डिजिटाइज्ड किया जा रहा है, क्योंकि दोनों जनपद सुदूर हैं। इनके कई विद्यालयों अति दुर्गम में हैं। इस महत्वाकांक्षी योजना से शिक्षा व छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।

इंडिया वार्ता ब्यूरो

देहरादून। देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से, दिल्ली स्थित गैर-मुनाफा प्राप्त संगठन रूट्स2रूट्स (RwR) ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए हैं। यह संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है। रूट्स2रूट्स (RwR) ने इन दो राज्यों में 100 इंटरैक्टिव फ्लैट पैनल (आईएफपी) लगाए हैं।

इस पहल के लिए, औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। रूट्स2रूट्स (RwR) ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज्ड किया है, जिसके परिणामस्वरूप देश के सबसे सुदूर भागों में आधुनिक एजुकेशनल टूल्स को पहुंचाया गया है।

रूट्स2रूट्स (RwR) द्वारा तैयार किए गए आर्ट एवं कल्चर कन्टेंट के अलावा, आईएफपी को एनसीईआरटी पाठ्यक्रम के अनुसार K-12 शैक्षिक कन्टेंट से भी सुसज्जित किया गया है। इनमें 50,000एजुकेशनल वीडियो और 100,000प्रश्न एवं उत्तर, शामिल हैं जो छात्रों के लर्निंग अवसरों को बढ़ाएंगे। इस पहल के अंतर्गत शिक्षकों को भी विस्तृत ट्रेनिंग की व्यवस्था को गई है ताकि वे नए उपकरणों को कारगर तरीके से इस्तेमाल कर सकें।

इस पहल के बारे में, राकेश गुप्ता, संस्थापक, रूट्स2रूट्स (RwR) ने कहा, "Routes2Roots में हमारा मिशन अत्यंत दूरस्थ इलाकों समेत देशभर के सभी छात्रों के

महत्वाकांक्षी जिलों के तौर पर चिन्हित इन जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।

लिए लर्निंग के समान अवसरों को उपलब्ध कराना है। हम भविष्य की पीढ़ियों के लिए उत्तम शिक्षा उपलब्ध कराने वाले डटोरेक के तौर पर पहचान बनाने का इरादा रखते हैं। हालांकि कुछ इलाकों तक पहुंचना बेहद कठिन है लेकिन हमारी टीम ने ऐसी बाधाओं को पार कर हरेक छात्र के लिए क्वालिटी एजुकेशन उपलब्ध कराने की प्रतिबद्धता प्रदर्शित की है। हम आगे भी देश के सुदूरतम भागों में रहने वाले छात्रों को उसी प्रकार की शैक्षिक सुविधाएं मुहैया कराने के प्रयास जारी रखेंगे जैसे कि शहरी इलाकों में रह रहे छात्रों के लिए उपलब्ध होती हैं।

रूट्स2रूट्स ने उत्तराखंड और हिमाचल प्रदेश के सुदूरवर्ती इलाकों में स्थापित किए 100 डिजिटल क्लासरूम

शाह बुलेटिन ब्यूरो

देहरादून। देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से, दिल्ली स्थित गैर-मुनाफा प्राप्त संगठन रूट्स2रूट्स (R2R) ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए हैं। यह संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है। रूट्स2रूट्स (R2R) ने इन दो राज्यों में 100 इंटरैक्टिव फ्लैट पैनल (आईएफपी) लगाए हैं।

इस पहल के लिए औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। रूट्स2रूट्स (R2R) ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज्ड किया है, जिसके परिणामस्वरूप देश के सबसे सुदूर

भागों में आधुनिक एजुकेशनल टूल्स को पहुंचाया गया है। महत्वाकांक्षी जिलों के तौर पर चिन्हित इन जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।

रूट्स2रूट्स (R2R) द्वारा तैयार किए गए आर्ट एवं कल्चर कन्टेंट के अलावा, आईएफपी को एनसीईआरटी पाठ्यक्रम के अनुसार K-12 शैक्षिक कन्टेंट से भी सुसज्जित किया गया है। इनमें 50,000एजुकेशनल वीडियो और 100,000प्रश्न एवं उत्तर, शामिल हैं जो छात्रों के लर्निंग अवसरों को बढ़ाएंगे।

Routes2Roots Brings Digital Classrooms To Remote Uttarakhand and Himachal Prad

Routes2Roots establishes 100 digital classrooms in remote Uttarakhand and Himachal Pradesh, bringing modern education tools to underserved regions, facilitating holistic development

With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organisation dedicated to promoting art, culture and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh. Routes2Roots carried out the installation of a total of 100 Interactive Flat Panel (IFPs) across the two states.

The targeted districts include Auli, Kedarnath, Spiti Valley and Kinnaur, among others. Routes2Roots has digitised four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

Alongside art and culture content developed by Routes2Roots, the IFPs are equipped with K-12 educational content as per the NCERT curriculum. This includes 50,000 educational videos and 1,00,000 questions and answers, enhancing learning opportunities for students. The initiative also provides comprehensive training for teachers to effectively use the new equipment.

Most of these locations where the panels have been installed are hard to reach areas through regular transportation modes. In Uttarakhand, the team navigated through the harsh weather conditions of Auli and Kedarnath, both situated at high altitudes with challenging access. In Himachal Pradesh, installations in Spiti Valley and Kinnaur were equally challenging. In Kinnaur, where traditional vehicular transport was impractical, local Sherpas, known as 'pitthus', were employed to manually carry the IFPs to their destinations.

उत्तराखंड और हिमाचल प्रदेश के सुदूरवर्ती इलाकों में स्थापित किए 100 डिजिटल क्लासरूम

देहरादून। देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से दिल्ली स्थित गैर-मुनाफा प्राप्त संगठन रूट्स2रूट्स ;आर2आरद्ध ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए हैं। यह संगठन देश में कलाए संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है। रूट्स2रूट्स ;आर2द्ध ने इन दो राज्यों में 100 इंटरेक्टिव फ्लैट पैनल ;आईएफपीद्ध लगाए हैं। इस पहल के लिए औलीए केदारनाथए स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज्ड किया हैए जिसके परिणामस्वरूप देश के सबसे सुदूर भागों में आधुनिक एजुकेशनल टूल्स को पहुंचाया गया है। महत्वाकांक्षी जिलों के तौर पर चिन्हित इन जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है। द्वारा तैयार किए गए आर्ट एवं कल्चर कंटेंट के अलावाए आईएफपी को एनसीईआरटी पाठ्यक्रम के अनुसार ड.12 शैक्षिक कंटेंट से भी सुसज्जित किया गया हैं। इनमें 50,000एजुकेशनल वीडियो और 100,000 प्रश्न एवं उत्तरए शामिल

हैं जो छात्रों के लर्निंग अवसरों को बढ़ाएंगे। इस पहल के अंतर्गत शिक्षकों को भी विस्तृत ट्रेनिंग की व्यवस्था की गई है ताकि वे नए उपकरणों का कारगर तरीके से इस्तेमाल कर सकें। जिन स्थानों पर पैनल स्थापित किए गए हैं उनमें से अधिकांश लोकेशंस इतनी दुर्गम हैं कि वहां तक सामान्य परिवहन साधनों से पहुंचना कठिन है। उत्तराखंड में टीम को औली और केदारनाथ के विषम मौसम की चुनौतियों से जूझना पड़ा था और अधिक ऊंचाई पर होने की वजह से यहां तक कठिनाई से पहुंचा गया। उपरोहिमाचल प्रदेश की स्पिति घाटी और किन्नौर में भी संस्थापना का काम काफी चुनौतीपूर्ण रहा था। किन्नौर मेंए जहां कि पारंपरिक वाहनों से आवागमन अव्यावहारिक थाए स्थानीय शेरपाओं की मदद लेए जिन्हें धिढ्घु कहा जाता हैए आईएफपी की ढुलाई निर्धारित स्थानों तक की गई। इस पहल के बारे में रूट्स गुप्ताए संस्थापकए रूट्स2रूट्स ;द्ध ने कहाए रूट्स2रूट्समें हमारा मिशन अत्यंत दूरस्थ इलाकों समेत देशभर के सभी छात्रों के लिए लर्निंग के समान अवसरों को उपलब्ध कराना है। हम भविष्य की पीढ़ियों के लिए उत्तम शिक्षा उपलब्ध कराने वाले ट्रेंडसेटर के तौर पर पहचान

बनाने का इरादा रखते हैं। हालांकि कुछ इलाकों तक पहुंचना बेहद कठिन है लेकिन हमारी टीम ने ऐसी बाधाओं को पार कर हरेक छात्र के लिए क्वालिटी एजुकेशन उपलब्ध कराने की प्रतिबद्धता प्रदर्शित की है। हम आगे भी देश के सुदूरतम भागों में रहने वाले छात्रों के लिए उसी प्रकार की शैक्षिक सुविधाएं मुहैया कराने का प्रयास जारी रखेंगे जैसे कि शहरी इलाकों में रह रहे छात्रों के लिए उपलब्ध होती हैं। दिल्ली स्थित

PEN-India students to receive high-tech education with installation of Virsa IFD panel

By OUR STAFF REPORTER

DEHRADUN, 19 May: Children studying at CSC Bal Vidyalaya operated PEN-India School at Bhaniawala, will now receive even more high-tech education. "Routes 2 Roots," dedicated to social causes, has provided the Virsa IFD panel for quality education.

Anoop Rawat, founder of the PEN-India Foundation (PIF), said that with the support of Rakesh Gupta, Tina Vachani, and the entire "Routes 2 Roots" team, children will receive quality technical education.

Santosh Budakoti, co-founder of PIF, mentioned that continuous improvement in being made to provide quality education to the young students. In this series, a memorandum was given by the school to Sanjay Gairola, the chief advisor of "Routes 2 Roots," to provide the Virsa IFD panel. Following the efforts of Sanjay Gairola, "Routes 2 Roots" established the Virsa IFD panel at the school.

Gairola mentioned that "Routes 2 Roots" has provided IFD panels free of cost to four

government schools in each district of Uttarakhand. He added that the Virsa IFD panel includes a digital whiteboard and activity-based classes such as yoga and AI.

Shivam Chauhan, one of the expert panel members trained all the school teachers on operating the Virsa IFD panel.

Teachers present during the event included Ritu Sharma, Deepalika Negi, Deepali Topwal, Nirmala Gusain, Kiran Panwar, and Pravindar Kaur.

रूटस2रूटस ने उत्तराखंड और हिमाचल प्रदेश के सुदूरवर्ती इलाकों में स्थापित किए 100 डिजिटल क्लासरूम

देहरादून, संवाददाता। देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से, दिल्ली स्थित गैर-मुनाफा प्राप्त संगठन रूट्स2रूट्स (ऋऋर) ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए हैं। यह संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है।

रूट्स2रूट्स (R2R) ने इन दो राज्यों में 100 इंटरेक्टिव फ्लैट पैनल (आईएफपी) लगाए हैं। इस पहल के लिए औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। रूट्स2रूट्स (R2R) ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज़्ड किया है, जिसके परिणामस्वरूप देश के सबसे सुदूर भागों में आधुनिक एजुकेशनल टूल्स को पहुंचाया गया है। महत्वाकांक्षी जिलों के तौर पर चिन्हित इन

जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।

रूट्स2रूट्स (R2R) द्वारा तैयार किए गए आर्ट एवं कल्चर कन्टेंट के अलावा, आईएफपी को एनसीईआरटी पाठ्यक्रम के अनुसार K-12 शैक्षिक कन्टेंट से भी सुसज्जित किया गया है।

इनमें 50,000एजुकेशनल वीडियो और 100,000प्रश्न एवं उत्तर, शामिल हैं जो छात्रों के लर्निंग अवसरों को बढ़ाएंगे।

इस पहल के अंतर्गत शिक्षकों की भी विस्तृत ट्रेनिंग की व्यवस्था की गई है ताकि वे नए उपकरणों का कारगर तरीके से इस्तेमाल कर सकें।

Routes2Roots Establishes 100 Digital Classrooms in Remote Areas of Uttarakhand and Himachal Pradesh

Routes2Roots has installed 100 Interactive Flat Panels in remote areas of Uttarakhand and Himachal Pradesh to enhance education accessibility and inclusivity.

Routes2Roots Establishes 100 Digital Classrooms in Remote Areas of Uttarakhand and Himachal Pradesh

With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh. Routes2Roots carried out the installation of a total of 100

The targeted districts include Auli, Kedarnath, Spiti Valley, and Kinnaur, among others. Routes2Roots has digitized four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

The targeted districts include Auli, Kedarnath, Spiti Valley, and Kinnaur, among others. Routes2Roots has digitized four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

Alongside art and culture content developed by Routes2Roots, the IFPs are equipped with K-12 educational content as per the NCERT curriculum. This includes 50,000 educational videos and 100,000 questions and answers, enhancing learning opportunities for students. The initiative also provides comprehensive training for teachers to effectively use the new equipment.

Most of these locations where the panels have been installed are hard to reach areas through regular transportation modes. In Uttarakhand, the team navigated through the harsh weather conditions of Auli and Kedarnath, both situated at high altitudes with challenging access. In Himachal Pradesh, installations in Spiti Valley and Kinnaur were equally challenging. In Kinnaur, where traditional vehicular transport was impractical, local Sherpas, known as 'pitthus', were employed to manually carry the IFPs to their destinations.

Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said, "At Routes2Roots, our mission is to create equal learning opportunities for students across the country, including those that are in very remote corners of the country. We want to be catalysts for providing high quality education for future generations. Though some of these regions are hard to reach, our team has successfully managed to overcome such obstacles, and this showcases our commitment to providing quality education to every child. We will continue to work towards providing educational facilities and ensuring that students in the remotest parts of India receive the same level of education as their counterparts in urban areas."

കഥക് നൃത്ത ശില്പശാല സംഘടിപ്പിച്ചു

16 hours ago 🔥 970

ഇടുക്കി പിഎം ശ്രീ കേന്ദ്രീയ വിദ്യാലയത്തിൽ കലാകാരിയായ അർപിത ബാനർജിയുടെ നേതൃത്വത്തിൽ കഥക് നൃത്ത ശില്പശാല സംഘടിപ്പിച്ചു

കലയും സംസ്കാരവും വളർത്തിയെടുക്കാൻ വിദ്യാർത്ഥികളെ സഹായിക്കുന്നതിന് വിദൂര നഗരങ്ങളിൽ പോലും എത്തിച്ചേരാൻ ലക്ഷ്യമിടുന്ന റൂട്ട്സ് 2 റൂട്ട്സിന്റെ ഒരു സംരംഭമായിരുന്നു ഈ ശില്പശാല. സാംസ്കാരിക വിനിമയത്തിലൂടെ സമാധാനവും

ധാരണയും പ്രോത്സാഹിപ്പിക്കുന്ന ഒരു ലാഭേച്ഛയില്ലാത്ത സ്ഥാപനമാണ് റൂട്ട്സ് 2 റൂട്ട്സ്. 2004-ൽ സ്ഥാപിതമായ ഈ സംഘടന, സംഗീതം, നൃത്തം, കല, മറ്റ് സാംസ്കാരിക ആവിഷ്കാരങ്ങൾ എന്നിവയിലൂടെ ആളുകളെ ഒരുമിച്ച് കൊണ്ടുവരാൻ 100-ലധികം രാജ്യങ്ങളുമായി പ്രവർത്തിച്ചിട്ടുണ്ട്.

റൂട്ടുകൾ 2 ലോകത്തിലെ നന്മയ്ക്കുള്ള ശക്തമായ ശക്തിയാണ് സംസ്കാരമെന്ന് റൂട്ട്സ് വിശ്വസിക്കുന്നു. വ്യത്യസ്ത സംസ്കാരങ്ങളിൽ നിന്നുള്ള ആളുകൾ അവരുടെ കഥകളും അനുഭവങ്ങളും പങ്കുവെക്കുമ്പോൾ, അത് തടസ്സങ്ങൾ തകർത്ത് ധാരണയുടെ പാലങ്ങൾ നിർമ്മിക്കാൻ കഴിയും. കൂടുതൽ സമാധാനപരവും നീതിയുക്തവുമായ ഒരു ലോകം സൃഷ്ടിക്കുന്നതിന് ഈ ധാരണ അത്യന്താപേക്ഷിതമാണ്.

സംഘടനയുടെ പ്രവർത്തനത്തിൽ ഇവ ഉൾപ്പെടുന്നു: സാംസ്കാരിക വിനിമയ പരിപാടികളും ഇവന്റുകളും ഹോസ്റ്റുചെയ്യുക, വ്യത്യസ്ത സംസ്കാരങ്ങളെക്കുറിച്ചുള്ള വിദ്യാഭ്യാസ വിഭവങ്ങൾ നിർമ്മിക്കുക, സാംസ്കാരിക ധാരണ പ്രോത്സാഹിപ്പിക്കുന്നതിന് സ്കൂളുകളുമായും കമ്മ്യൂണിറ്റി സംഘടനകളുമായും പ്രവർത്തിക്കുക, സാംസ്കാരിക വിനിമയത്തെ പിന്തുണയ്ക്കുന്ന നയങ്ങൾക്കായി വാദിക്കുക അദ്ധ്യാപകരെയും ബഹുമാനപ്പെട്ട പ്രിൻസിപ്പൽ ശ്രീ കെവി, ഇടുക്കി-ശ്രീ.

NATIONAL NEWS

Routes2Roots Establishes 100 Digital Classrooms In Remote Areas Of Uttarakhand And Himachal Pradesh

Delhi : With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh. Routes2Roots carried out the installation of a total of 100 Interactive Flat Panels (IFPs) across the two states.

The targeted districts include Auli, Kedarnath, Spiti Valley, and Kinnaur, among others. Routes2Roots has digitized four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

Alongside art and culture content developed by Routes2Roots, the IFPs are equipped with K-12 educational content as per the NCERT curriculum. This includes 50,000 educational videos and 100,000 questions and answers, enhancing learning opportunities for students. The initiative also provides comprehensive training for teachers to effectively use the new equipment.

Most of these locations where the panels have been installed are hard to reach areas through regular transportation modes. In Uttarakhand, the team navigated through the harsh weather conditions of Auli and Kedarnath, both situated at high altitudes with challenging access. In Himachal Pradesh, installations in Spiti Valley and Kinnaur were equally challenging. In Kinnaur, where traditional vehicular transport was impractical, local Sherpas, known as 'pitthus', were employed to manually carry the IFPs to their destinations.

Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said, "At Routes2Roots, our mission is to create equal learning opportunities for students across the country, including those that are in very remote corners of the country. We want to be catalysts for providing high quality education for future generations. Though some of these regions are hard to reach, our team has successfully managed to overcome such obstacles, and this showcases our commitment to providing quality education to every child. We will continue to work towards providing educational facilities and ensuring that students in the remotest parts of India receive the same level of education as their counterparts in urban areas."

IMPACT & ASSESSMENTS

The 100 schools have now joined the mainstream of learning and education with the digitisation of their schools. Almost 100,000 beneficiaries will benefit from this digitisation, which proves that our country is on the path to quality education in the remotest part. It is also imperative to bind the country into the diverse art and culture spearheaded by Routes 2 Roots by providing daily live interactive classes in more than 16 disciplines. These classes are provided without any cost for a lifetime, ensuring continuity.

The assessment and benefit of this program can only be assessed at least after a year when these students have attended the classes when their schools reopen after the summer vacations.

CONCLUSION

We have only sown the seed of cultural awareness in 100 schools, and that too in two states. There is a long way to go in digitising schools across the country and spreading our rich culture, which will bind the country into an inclusive society. Our digitisation not only brings culture together but also enriches the quality of K12 education in these remote schools, which will enable our children to contribute to our country as educated youth.

Routes 2 Roots is a Delhi-based non-profit NGO with a presence all over India and in over 64 countries across the world making it the most significant cultural NGO. Since its inception in 2004, the NGO has constantly strived to disseminate culture, art, and heritage to all ages and in particular children for inclusive and peaceful coexistence. Routes 2 Roots began its Digital Learning of Performing Arts program in 2016, with free interactive streaming of online classes comprising 15 Disciplines related to Art, Culture, and Heritage. Routes 2 Roots has also created Digital classrooms nationwide by installing equipment like Computers, Web Cameras with Microphones, LED Screens, and IFP Panels to equip schools in remote areas to be at par with any modern school in the city. After Installation and orientation the schools are provided daily classes in art and culture, including Yoga, Mindfulness, AI, and K-12 content, ensuring complete utilisation of digitisation with monthly attendance of all participating schools. All these are provided free of cost to these schools.

The BMW India Foundation is a key player in advancing the company's commitment to corporate social responsibility (CSR) in India. It serves as a platform for BMW Group's efforts to make a positive, lasting impact on society, with a focus on promoting sustainability, education, and community well-being.

The foundation supports initiatives across several key sectors, including education, environmental sustainability, health and well-being, and cultural preservation. In particular, the foundation emphasizes empowering individuals through education and skill development, which are integral to fostering a brighter, more equitable future for communities in India.

Through strategic partnerships with NGOs, local communities, and other organizations, the BMW India Foundation champions initiatives that drive social change, aligning with BMW Group's core values of responsibility and innovation.

Vision & Mission

Routes 2 Roots

Our vision, "With Society, towards Serenity," aims to touch different facets of human life to make society a better place to live by our objectives. Our vision embodies the concept of inclusive growth that creates a future generation of youth who appreciate art and culture and at the same time addresses their stress levels and mental health for holistic growth.

We aim to deliver knowledge of Indian art and culture, including music, theatre, art, and heritage. The inclusion of ARTS in the new education policy, where STEM has been made to STEAM, has encouraged our mission. Therefore, education in art and culture is no longer an extracurricular activity. This will also help to create an inclusive and tolerant society for a peacefull world.

BMW India Foundation

BMW India Foundation is committed to enhancing the lives of people in India through innovative and sustainable solutions to pressing social issues, thus, creating a better future.

Create a world where everyone believes they have the POWER TO PROGRESS.

To be a catalyst of progress in society by ENABLING, EMPOWERING AND ENRICHING individuals to reimagine a better future.

BMW INDIA
FOUNDATION

Partnership Overview

BMW India Foundation adds its might to Routes 2 Roots in their endeavour to provide digital education to students across the country through its CSR funding. With the support of the mega brand coming in, the NGO will be able to further expand its program of digital education of performing arts, digitising marginalised schools of the country and offering them digital classes by leading exponents. These classes featuring the finest exponents of performing arts as well as state-of-the-art equipment such as Smart Interactive Flat Panels with Tata Class Edge K-12 educational content is aimed to make education more inclusive and beneficial for those who do not have easy access to it, thereby bringing them at par with the modern educational institutes of the cities of the country. We would like to extend our gratitude to BMW for their faith in our program as well their belief in the might and role of culture and heritage in development of future generations.

Key Areas

K12 Content – This initiative equips schools with Smart Interactive Flat Panels featuring K–12 content, providing online classes in 16 cultural disciplines. It fosters inclusive education, connecting students to performing arts and modern learning while highlighting the role of culture in shaping future generations. These digital tools facilitate inclusive education and offer schools access to performing arts and modern educational resources.

Cultural Preservation and Education – Initiatives aimed at preserving, promoting, and educating children and others about cultural heritage and diversity.

Education and Skill Development – Efforts aimed at improving education and providing skill-building opportunities to individuals, particularly underprivileged or marginalized groups.

Digital Education – Using digital tools and platforms to educate and raise awareness about cultural heritage, arts and traditions and provide knowledge in AI.

Health and Well-being – Efforts to improve physical and mental health in communities, and promote well-being by teaching yoga.

Community Development – Programs designed to enhance the well-being and quality of life for local communities, particularly those in need and provide an additional skill set.

> *"Through a strategic partnership, the BMW India Foundation has supported Routes 2 Roots in cultural and education. Their funding has played a crucial role to students in remote areas enabling them to provide excess quality K12 education and hybrid cultural classes in expanding our outreach programs, including cultural exchanges, workshops, and school-based educational modules focusing on India's rich history."*

Project Activities

Digitising Classrooms

Installation of state-of-the-art panels in select schools supported by BMW india foundation in Jammu & Kashmir, Delhi NCR, Bihar, Jharkhand and Tamil Nadu.
Interactive Classes

Monday to Saturday, two to three classes are held digitally from our studio. Each school is sent the timetable a week before the commencement of each month and the attendence of the students is shared with the schools.

Workshops

Workshops were conducted in all the 10 Schools supported by BMW india Foundation. These inculcated awareness, interest in participation and building confidence.Some glimpses of the same.

Thank you Routes 2 Roots and BMW India Foundation for organizing the physical Kathak workshop in Kendriya Vidyalaya, Surda on 31st January 2025. It was a wonderful opportunity for our students to learn and experience the beauty of this classical dance form. The fact that the workshop was conducted free of cost made it even more accessible, allowing maximum student participation. Such initiatives play a vital role in promoting cultural heritage and nurturing young talent.

Dear Team Routes 2 Roots and BMW India Foundation,

On behalf of S.S. +2 High School, Patamda, Jharkhand, we extend our heartfelt gratitude for organizing the physical Kathak workshop on 31st January, 2025. It was a wonderful opportunity for our students to learn and experience the beauty of this classical dance form. The fact that the workshop was conducted free of cost made it even more accessible, allowing maximum student participation.

Sustainability and Long-term Goals

"Looking ahead, Routes 2 Roots aims to expand its cultural education programs across rural India, ensuring that future generations are equipped with the knowledge and understanding to preserve their cultural heritage, create art appreciation and have holistic growth. The continued support from BMW India Foundation will be instrumental in achieving this vision."

Conclusion and Gratitude

"We extend our heartfelt gratitude to the BMW India Foundation for their unwavering support. This partnership has allowed us to touch countless lives and foster a deeper connection to our cultural roots. Together, we are building a more inclusive and culturally aware future."

*Our culture is a gift to the future,
ensuring our stories and traditions
live on for generations to come.*

REPORT
2024

F.NO.P-1-29/1/2022-P.Arts-1

namaste

Promoting Art, Culture & heritage keeps our society alive, connecting us to our roots, bridging the past and future, and inspiring future generations.

Performance and Achievement Report

Routes 2 Roots received the first grant instalment under the scheme "Financial Assistance to cultural organisations with national presence" for the grant year 2023-24 under the scheme 'Kala Sanskriti Vikas Yojana' File no. F.NO.P-1-29/1/2022-P.Arts-1

We are submitting the program details and the utilization certificate and request the release of the balance of 25% second and final instalment of the grant amount.

About The Program

Routes 2 Roots is a Pan India NGO with a presence in all the states/districts and some blocks of the country, is engaged in promoting art, culture and heritage amongst the students and the youth of the country. Routes 2 Roots launched its flagship program - "Digital learning of Performing Arts", which is one of its kind most extensive such program in the world, teaching more than 16 disciplines of Indian classical art and culture to students from more than 24,000 schools across India and impacting more than 2 crore students through its program. This program has been recognized as the "Largest Digital Cultural Program" by the Limca Book of Records.

Routes 2 Roots has a distinguished panel of advisors consisting of Padma Vibhushan awardee – Ustad Amjad Ali khan (the sarod legend), Winner of Grammy Award & Padma Bhushan- Pandit Vishwa Mohan Bhatt, Padma Vibhushan Dr L Subramaniam, Padma Bhushan Pandit Sajan Mishra, Padma Shri Shovana Narayan, Padma Shri Kavita Krishnamurthy, Bollywood Actor - Juhi Chawla, Padama Shri Kiran Segal, Bollywood Singer Shafqat Amanat Ali and Musician Ehsaan Noorani, U. N. Khaware, Upendra Dutta Choubey and contributing maestros Amaan Ali Bangash, Ayaan Ali Bangash, Shubendra Rao, Ritesh Misra, Rakesh Chaurasia, Rajnish Misra, Kaushiki Chakrabarty and Mohd Akram Khan who continuously contributes for the upgradation of the curriculum and the program at large. Padma

Bhushan recipient Late Dr Saroja Vaidyanathan,Late Padma Vibhushan Pandit Birju Maharaj and Padma Bhushan Rajan Mishra were also our advisory board members and continue their blessings to our endeavor.

This one of its kind programs conducts 2/3 live interactive classes daily (Mon to Sat) to all the schools Free of Cost imparting art and cultural education. A timetable is drawn monthly and shared with all the participating schools. In addition to the real-time interactive digital classes, we also conduct workshops making this a Hybrid learning program, which makes it unique. Our gurus visit each participating school throughout the country tutoring the students and assessing the benefits the students are deriving from these classes.

Unlike other available solutions for digital classes like Zoom and Google Teams, where only passport-size photo is visible to the participants and all the participants are requested to shut their cameras and mikes. Participants feel restricted, and the very purpose of video conferencing is lost. Our program is run on specially customized in house-built software where the students can witness the classes virtually live in multi camera shoots in their classrooms, and all the participants are requested to switch on their cameras and mikes. This helps real-time interaction with the teachers in the studio, and the teacher can see the participating children. This is the creation of a virtual classroom in the school.

Implementation of the program

Since this is an ongoing program, over 24,000 participating schools and colleges are part of this program. Therefore, implementation is also an ongoing process as new schools are continuously being added along with the already participating schools. For the new schools, our team members visit each school to install, train, give orientation, hand over the curriculum, and provide them with the details of our IT support in case of any complaint resolution.

Pariksha pe Charcha
International Children's Film Festival

Routes 2 Roots has been holding yearly International Children's Film Festival which gives the students the opportunity to watch talented children's works of art from all over the world. These movies are broadcast to all the schools Free of Cost inspiring children and giving them world exposure. These are ways of motivating the children towards the vast canvas of art and culture which can give them international exposure and a platform to highlight their talent to the world.

International Interactive Classes in English

ART HAS NO BOUNDARIES: ROUTES 2 ROOTS GOES INTERNATIONAL. WE TEACH OUR INDIAN CULTURE TO MORE THAN 65 COUNTRIES WITH ENGLISH AS THE MEDIUM OF TEACHING IN ACCORDANCE WITH THE INTERNATIONAL TIME ZONE.

R2R–ICCR-CCRT TOGETHER INTRODUCE INDIAN DANCES TO THE INTERNATIONAL PARTICIPANTS

Teaching Indian Dance Forms Internationally

The tremendous success and response to the pilot Kathak classes prompted ICCR to join hands with Routes 2 Roots and CCRT in introducing the Indian classical dance forms like Odissi, Kathak and Bharatnatyam to the International participants. All the Indian Missions (Embassies) across the world enrolled international participants for these digital classes held weekly in English language. These classes are curated and broadcast from Routes 2 Roots studio and have been instrumental in spreading Indian culture across more than 65 countries with hundreds of participants keen to learn these dance forms. Our dedicated and reputed expert Gurus take them through each step patiently, assist them with learning techniques and answer all their queries promptly thus receiving great appreciation from all participants. Routes 2 Roots feels privileged to spread and promote Indian culture across the world, its prime objective.
Workshops

Workshops are conducted nationwide in our participating schools, where our coordinator travels to each school along with the artist and the accompanist in all the genres mentioned above. The genres are selected according to the choice of the schools. The workshops consist of a lecture demonstration where the Gurus educate the children about that art form, its origins, and the celebrated Gurus of that specific discipline. The Guru conducts a performance for the children, and after that, children are made to perform with the Gurus for better understanding and learning. The Gurus take up the questionnaire from all the participating children and the teachers. Our coordinators also take feedback from the principals/teachers and students. The detail of each workshop is documented and kept for our records. These workshops also enable us to record and document the impact of our project and record the feedback of students, teachers, and principals. All these recordings and testimonials are documented for records and detailed analysis.

The workshops are conducted across the country reaching the most remote and difficult terrains whether its Tawang or Leh Ladakh or challenging areas in Jammu and Kashmir, our team of Routes 2 Roots along with the Gurus have impacted school children and taken the Indian culture to their doorstep thereby enhancing art appreciation and creating awareness for their heritage. More than 50 workshops were carried out in the most underprivileged schools of Karnataka in the SIRSI region. All appreciated this workshop of Bharatanatyam and our efforts in providing this outreach. Keeping in mind National Integration we mindfully conduct workshops to introduce the art form of South of India to the Northern belt and vice versa. Dances like Bharatanatyam is performed for the schools of Punjab which encourages inclusivity and tolerances for each other's culture and similarly the culture of Punjab is portrayed to the students of South of India.

Annual Competitions

An important aspect of Routes 2 Roots program is to hold All India Annual Competitions across India. Schools enthusiastically participate by sending their entries digitally in different disciplines displaying their talent. The number of entries has been growing with each passing year and this year also the 14th All India Inter school competition received thousands of entries. All the winners are given attractive prizes for different category winners along with certificates for all the participants. The winners get attractive prizes viz LED 65" Televisions, Lenevo Tablets, Nokia Smart Phones, and cash prizes. The numerous prizes are distributed in a fashion that talent is recognized from each region and prizes are distributed to a larger number of students. We have divided the participants into three age categories and the country into five regions. In addition, group prizes are also distributed in each of the five regions.

These entries are assessed by our esteemed Gurus which further helps to know the impact of the program.

Awareness of Swachh Bharat

We are committed to promoting the Swachh Bharat Campaign and have a prominent display of Swachh Bharat Campaign logos and signage for all the workshops and classes. Our Gurus reiterate the program by guiding children on the importance of cleanliness and the ways to implement the same. Special drives are carried out in the school to ensure the school premises are kept clean and the importance of cleanliness is created in the minds of the students. This also helps in maintaining hygiene in schools and awareness amongst the faculty.

Digitization of Remote Schools

Culture is not restricted to Towns or cities, in fact culture flows from the Rural India to the cities. To bring the culture to the doorstep of our Rural and Remote India we took up the most difficult part of digitizing schools in the remote hilly regions of north India and Naxalite hit Tribal areas of Andhra Pradesh.

Digitization of remote schools in all the Districts of Uttarakhand and Himachal Pradesh

Routes 2 Roots digitized 100 schools of Uttarakhand and Himachal Pradesh with most modern Interactive Flat Panels which included K-12 e-content with educational videos (50,000) along with 100,000 questions and answers for assisting Teachers in imparting quality education. Along-side that we also provided a bouquet of numerous Routes 2 Roots cultural education classes in 16 disciplines-all Free of Cost. Schools in remote locations like Spiti close to Tibet and China border and difficult terrains like Auli in Chamoli district of Uttarakhand, which is at a height of 8200, were selected to bring them on par with the urban school education. We selected 4 schools from 25 districts of Uttarakhand and Himachal which included Government schools, Sainik schools, Army Public schools etc and installed and trained the teachers with the state-of-the-art Interactive Flat Panels which are the future learning medium thus enabling the teachers to impart quality and standard education to the students.

Routes 2 Roots signs an MoU with the Government of Andhra Pradesh to provide cultural education to Tribal Schools (APTWREIS)

Routes 2 Roots has tied up with the Government of Andhra Pradesh, Ministry of Tribal Welfare to include the Tribal schools of Andhra Pradesh and provide them with interactive flat panels in their classes. Select 102 classrooms were converted into smart classrooms which lack desks and chairs but have students with abundant passion to learn. We witnessed enthusiastic children receptive to modern technology and after the training session they were all adept to learning on this new medium under the guidance of their teachers. Thereby giving them the live experience of learning to enhance and enrich their education. Along with the daily cultural classes, K-12 e-content is also being given free of cost to all the schools.

Routes 2 Roots adds more schools in Rural Areas of Punjab

Routes 2 Roots has further added more schools of Punjab to its bouquet. These schools are specially selected from rural areas having little access to cultural education. Interactive Flat Panels have been installed in the 20 schools bringing 140 in total on par with the city school education. This program equips each school in a way that it provides daily free of cost cultural classes giving equal opportunity to all children irrespective of their caste, color, creed, or social background to have quality education from the Gurus. The workshops further enhance their interest in the genre, giving them deeper insight generating interest and overcoming their inhibitions with the help of the Guru present. These schools are also provided with musical Instruments to enable the student's easy learning.

Minority Schools of Telangana to benefit from Routes 2 Roots program.

Another milestone achievement for Routes 2 Roots has been the inclusion of Minority schools of Telangana to the cultural education program giving them equal opportunities to display and explore their talent.

It's a heartwarming moment for Routes2 Roots to expand its cultural reach to the 20 Tribal and Minority schools of Telangana as a pilot project and enable them to benefit from the esteemed artists of the country. This will give an equal opportunity to all sections of society to imbibe the rich Indian culture.

NDMC Delhi Schools joins Routes 2 Roots cultural education initiative

Routes 2 Roots endeavor to make Indian Art and culture education accessible to every child got further impetus when we forged a tie up with the 46 NDMC schools bringing into its fold all the Navyug schools and Atal Adarsh Vidyalayas to provide free cultural education to their students. This program helps them benefit from the 16 disciplines of performing arts being taught by the leading exponents in this field.

Special Child Care Institutes in Uttarakhand spread all over the state join Routes 2 Roots and bring in their portion of the invaluable talent.

Routes 2 Roots is obligated to address the cultural needs of Special Children and bring smiles on their faces.

Routes 2 Roots has tied up with the Uttarakhand Government to provide Free educational classes to the children staying in the government's Special Child Care homes and studying in its institutions statewide The NGO provided these schools equipment and classes free of cost to give them equal opportunity to learn from the reputed Gurus and interact with

them through these live interactive classes and receive learning edge knowledge about the various disciplines.

Routes 2 Roots Joins the Delhi Government in infusing Art and Culture in 1079 schools of the Government Schools.

An MOU was signed with the Director of Education, Government of Delhi, thereby introducing Routes 2 Roots classes in schools of the Delhi Government. Routes 2 Roots widens the expanse of its cultural education program through a tie up with the Directorate of Education, Government of NCT of Delhi to provide free cultural education in all the Delhi government schools which come under the preview of the DOE.

Municipal Schools of Delhi (1716 Schools) to benefit from Routes 2 Roots cultural education program.

The grassroot of education in any part of the country starts from the doorstep of local wards where municipal schools play an important role in providing early education up to class V. This is an important foundation building education for the weaker section of the society and their infusion of culture will teach them inclusiveness and tolerances most required in our society. Routes 2 Roots continues to promote its endeavor to build an inclusive society.

Achievements

Since 2016 Routes 2 Roots has been doing "SEVA" by spreading Indian culture across all the states, districts and many villages and blocks "Free of Cost "Our concept of Ghar Ghar Culture has got recognition by the Limca Book of Records.

Today we are reaching 24000 schools in our Bharat impacting over 2 crore children creating a inclusive society

1ˢᵗ Cultural NGO to be listed on NSE

A MEMORABLE EVENT IN THE FIELD OF ART AND CULTURE. ROUTES 2 ROOTS BECOMES THE FIRST CULTURAL NGO TO BE LISTED ON THE NATIONAL STOCK EXCHANGE (NSE). A NEW CHAPTER IN THE FIELD OF CULTURE IS TAKING SHAPE.

A big first for Routes 2 Roots NGO and arts fraternity was the Bell Ringing ceremony to mark its listing on the National Stock Exchange's Social platform created for the first time ever to help nonprofit NGO's raise funds. Routes 2 Roots became the first cultural NGO in India to be listed on the Social Stock Exchange of the National Stock Exchange. This further validates the credibility of the NGO which passionately believes in fulfilling its commitments and compliances on time.

1ˢᵗ Cultural NGO to be listed on NSE

ROUTES 2 ROOTS LARGEST CULTURAL EDUCATION PROGRAM

Limca Book of Records Indian Record

India's Record keeper the Limca Book of Records Recognized Routes 2 Roots as the largest cultural education organization providing Digital classes to over 24,000 schools.

This honor is humbling and gives us the impetus to work harder to not only make the program more meaningful for the future generations of this country but to also spread it worldwide and create a world that is culturally rich and harmonious.

We would also like to extend our gratitude to our esteemed advisors, faculty of gurus, donors, schools, and our team who have made this possible through their relentless work, and consistent guidance.
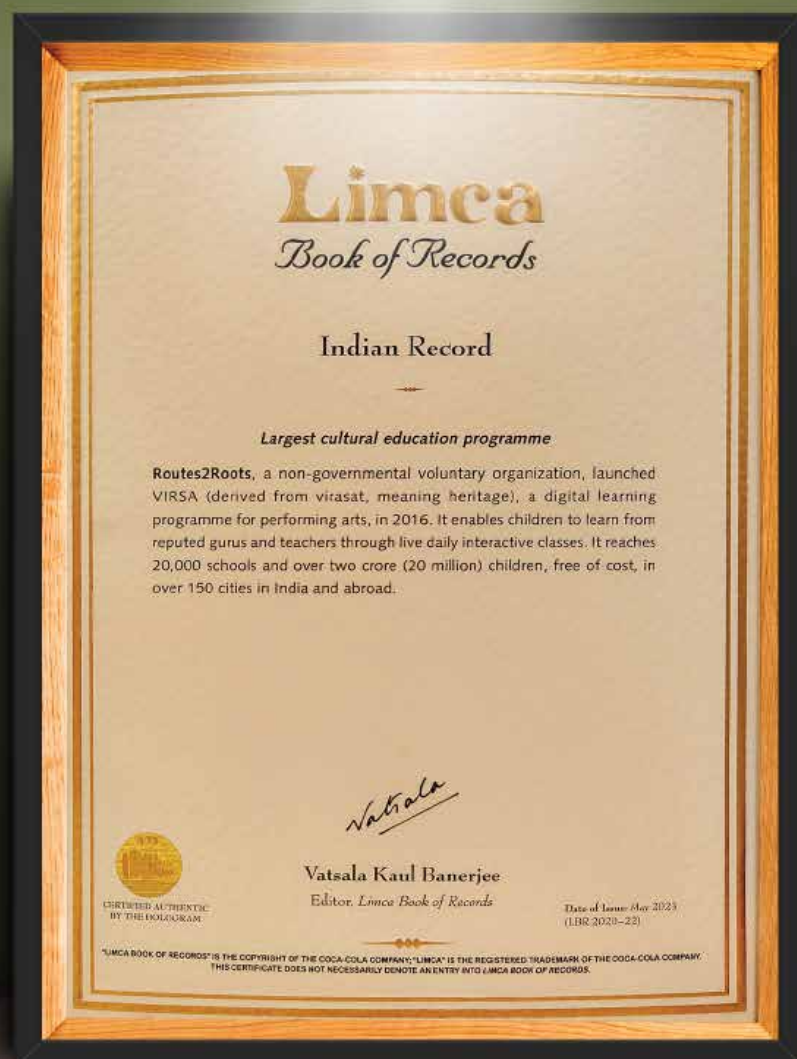

Prestigious Indira Gandhi Delhi Technical University for Women with over 6000 girl students join Routes 2 Roots Cultural Program

Routes 2 Roots entered a tie up with Indira Gandhi Delhi Technical University for Women bringing the students at the esteemed institute into its fold to provide the students cultural education. Free of cost daily live interactive classes are being relayed to the students helping create awareness about the rich Indian heritage and help in holistic development. This MOU also provides us with an opportunity to culturally co curate programs for the college and affiliates of the University.

Routes 2 Roots enters path-breaking alliance with Dr. B. R. Ambedkar University, Delhi

The iconic Dr.B.R Ambedkar University has entered a unique pact with cultural education pioneers Routes 2 Roots NGO to join hands in an endeavor to jointly spread awareness on Indian Heritage and Art forms.

Routes 2 Roots cultural education content available on the Dikhsha portal of Haryana Government and PM eVidya channels by NCERT

In another landmark development, Routes 2 Roots made its cultural educational content available on the Diksha Portal of Haryana Government available to students across the schools of the states and the same is being viewed by the students of Haryana for digital education. Diksha is the digital platform mounted by the Ministry of Education, Government of India for taking education to the leading edge by making it accessible online.

We were also not left far behind when NCERT approved the inclusion of Routes 2 Roots art and culture program to be part of PM eVidya channels. This approval gives us the accreditation that we are moving on the right path of unifying our country culturally.

Universities and Colleges of Uttarakhand embrace Routes 2 Roots Cultural Educational Program

Routes 2 Roots achieved another milestone by signing an MOU with the Vice Chancellor in the presence of The Minister of Education, Government of Uttarakhand with the Higher Education Department to include all the colleges and Universities of the state in the cultural learning program of Routes 2 Roots. More than 100 colleges have already been trained and installation completed. The Performing Arts Free cultural learning is now available to all the students at Uttarakhand college and Universities

Special Events

Routes 2 Roots has achieved many milestones in its 2 decade journey and played a crucial role in fostering community engagement, providing opportunities for inclusivity irrespective of caste ,color ,creed or geographical boundaries thereby creating memorable experiences.

World Music Day and International Day of Yoga celebrated by Routes 2 Roots

International Day of Yoga was celebrated from our Studios in Delhi with Routes 2 Roots Yoga Guru. Lakhs of children from thousands of schools joined Dr Pathak as he guided them through special asanas. The session was curated in keeping with this year's theme of Women Empowerment and Yoga for Society.

Students from Dr B R Ambedkar School of specialized excellence, Amity University and T.A. Pai Management Institute specially curated a musical concert and quiz for a World Music Day event for students. Thousands of students from every corner of the country participated in this celebration with dance and music being played in every classroom.

Workshops conducted in Observation Home for Boys who have no interaction with outsiders and are unaware of the softer side of life.

In its first ever initiative for boys who are part of the Observation Home for corrective behavior, Routes 2 Roots organized a Theatre and a musical workshop.200 boys in the age group of 16-18 years who are in the Observation Home attended this workshop by Routes 2 Roots Theatre expert.

The Observation Home comes under the department of Women and Child Development, where children who have criminal cases are housed and mentored. While most of them are talented, they are unable to follow their passion as they get sucked into crime due to their circumstances. The workshop and interaction served as a platform to expand their horizons and realize their creative passion through this exposure which they are rarely exposed to. The session was successful where the boys shed their inhibitions and participated in the activity and musical medley performed by the Routes 2 Roots team. A perfect fulfilling way to celebrate World Music Day! This also helped the inmates to explore the possibility of living a crime-free life. Power of CULTURE.

Routes 2 Roots Forays into Integration of Culture with Technology

The fast emerging technology in our daily lives needed course correction in the age-old Art and Culture. Routes 2 Roots collaborated with IROBOKID a leading company in the space of Artificial Intelligence, Gaming and Coding thereby integrating culture with technology. The western cultural maestros have already mastered the art of integration of their culture with technology and the Indian artists especially in the popular culture are not far behind. The aim of Routes 2 Roots with this collaboration was and is to take technology and integrate it with the Indian classical performing arts

Conference to create awareness of the role of "A" in STEAM in the new National Education Policy.

Routes 2 Roots hosted a conference to create a confluence between culture, technology, and the New Education Policy of India. A lot of emphasis was laid on discussing the methodologies to be adopted to successfully incorporate "A" which besides denoting Art and Culture also stands for assessment and counselling and to integrate the same into the implementation of the National Education Policy with technology.

DELHI TEACHERS UNIVERSITY TIE UP

Delhi Teachers University established as a Teaching University is engaged in teaching and research in emerging areas of Teacher Education with focus on promoting multidisciplinary teaching and research to achieve Excellence in Teacher Education, School education and connected fields.

Routes 2 Roots is imparting its cultural education classes for the benefit of the teachers in the University to give them an art appreciation and awareness of the rich Indian heritage. The Vice Chancellor and Founder Routes 2 Roots had a tie up to empower the Delhi University Teachers for an enriched approach to education.

Routes 2 Roots Workshops Capture Media Attention

The cultural education workshops being conducted by the esteemed faculty of outstanding artists of the country are not only captivating the innumerable students attending these workshops but is creating waves with the media as well who are writing about the reach of these workshops in the most remote areas of the country like Tawang in North East or Leh ,Ladakh to name a few.

The Uttarakhand Tribune

Routes2Roots establishes 100 Digital Classrooms in remote areas of Uttarakhand and Himachal Pradesh

The Uttarakhand Tribune
Correspondent

DEHRADUN: With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh.

Routes2Roots carried out the installation of a total of 100 Interactive Flat Panels (IFPs) across the two states. The targeted districts include Auli, Kedarnath, Spiti Valley, and Kinnaur, among others.

Routes2Roots has digitized four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India.

These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students. Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said,

"At Routes2Roots, our mission is to create equal learning opportunities for students across the country, including those that are in very remote corners of the country. We want to be catalysts for providing high quality education for future generations."

Routes 2 Roots listed on NSE's Social Stock Exchange

MUMBAI: The NSE's Social Stock Exchange on Wednesday announced the listing of sixth non-profit organisation, Routes 2 Roots, on its platform.

The Delhi-based non-profit organisation became the first art and culture NGO to be listed on the Social Stock Exchange (SSE).

A SSE allows listing of social impact organisations (nonprofit and for-profit) on stock exchanges that provide an alternative fund-raising structure.

KV-AFS HOSTS WORKSHOP ON CLASSICAL MUSIC

ZIRAKPUR : A Hindustani classical vocal workshop was conducted by KV, AFS High Grounds.

The students learnt the basics of classical music from artist Avinash Mishra.

The workshop was an initiative by Routes 2 Roots with an aim to reaching out to students even in the remotest cities to help them inculcate art and culture in their lives.

The event helped in promoting art of Hindustani classical vocal in their region and gave an opportunity to the students to build confidence and self-esteem.

The workshop was supervised by school principal Gurpreet Singh, who appreciated the efforts and dedication of Avinash Mishra.

He further motivated the students to keep benefitting from such events so as to learn more and hone their skills.

भरतनाट्यम के गुर सिखाए गए

कार्यशाला

समस्तीपुर, हिन्दुस्तान संवाददाता। समस्तीपुर जिला मुख्यालय स्थित पूर्व मध्य रेल के परिसर स्थित केंद्रीय विद्यालय में गुरुवार को रूट्स टू रूट्स 2023-24 कार्यशाला योजना के तहत भरतनाट्यम एवं कत्थक नृत्य के लिए कार्यशाला का आयोजन किया गया।

इसमें नर्तक पंडित सौरभी त्रिपाठी के निर्देशन में नयी राष्ट्रीय शिक्षा नीति के तहत भरतनाट्यम एवं कत्थक नृत्य कार्यशाला हुई। इसमें छात्रों को भी भरतनाट्यम एवं कत्थक नृत्य का गुर बताने के साथ पूर्वाभ्यास कराया गया।

कार्यशाला में कत्थक नृत्य प्रस्तुत करते नर्तक व उपस्थित बच्चे।

मौके पर स्कूल के प्राचार्य सहित सभी शिक्षक एवं छात्र-छात्रा उपस्थित थे। विदित हो कि राष्ट्रीय शिक्षा नीति 2020 में कला और संस्कृति के प्रति विद्यार्थियों की रुचि जागृत करने एवं उन्हें धारित

करने के लिए संगीत, नृत्य आदि विधाओं को देश के केंद्रीय विद्यालयों में लोकप्रिय बनाने एवं विधाओं को बच्चों को प्रशिक्षित करने का काम रूट्स टू रूट्स द्वारा किया जा रहा है।

Bharatanatyam Workshop Organized by Routes 2 Roots at KV Kargil

21 JUNE 2023   NO COMMENTS

TAGS: KENDRIYA VIDYALAYA KARGIL

NEWS DESK

Kargil, June 21: A captivating Bharatanatyam dance workshop took place at Kendriya Vidyalaya, Kargil, led by renowned artist Varun Khanna. The workshop, organized by the esteemed non-profit organization Routes 2 Roots, aimed at reaching out to even the remotest cities to help students inculcate art and culture. It helped to promote the art of Bharatanatyam in the Kargil region.

Routes 2 Roots, known for their commitment to promoting peace and understanding through cultural exchange, brought this transformative opportunity to the remote city of Kargil. Since its establishment in 2004, Routes 2 Roots has collaborated with over 100 countries, transcending boundaries through music, dance, art, and various cultural expressions.

Recognizing the power of culture to bridge divides, Routes 2 Roots firmly believes that sharing stories and experiences across different cultures can dismantle barriers and nurture a more harmonious world. The organization's work encompasses hosting cultural exchange programs and events, producing educational resources on diverse cultures, partnering with schools and community organizations to foster cultural understanding, and advocating for policies that support cultural exchange.

Under the guidance of Mr. Gulzar Hussain, the respected principal of KV. Kargil, and with the support of dedicated teachers, the Bharatanatyam workshop proved to be a resounding success. Not only did it promote the art form within the Kargil region, but it also provided a platform for young adults to

रतन बहनों की जोड़ी से मीशा रतन दे रहीं प्रदेश में रूट्स टू रूट्स' कथक प्रशिक्षण

लखनऊ : राजधानी की युवा नृत्यांगना मीशा रतन रूट्स टू रूट्स प्रदेश के विद्यार्थियों में जवाहुल्ला छात्र-छात्राओं को सांस्कृतिक विरासतों के प्रति जागरूक करते हुए शास्त्रीय नृत्य कथक की कार्यशालाओं में प्रशिक्षित कर रही हैं।

रूट टू रूट के ताज़ा सत्र में मीशा रतन बरेली, बदायूं, नीलोखेड़ा, पनियाला कलां, लखमीनपुर अौरी, जालन्धर, आमटली और वल्लभनगर के बाद आज अयोध्या रायनगर के केन्द्रीय विद्यालय के विद्यार्थियों को शास्त्रीय नृत्य कथक की विरासत से परिचित कराती हैं। रतन बरेला के बाद मंडे प्रेरक प्रदर्शन के साथ तीन ताल में कथक के प्रारम्भिक बोलों, हस्तक आदि के अंगों का प्रदर्शन करते हुए उनकी खूबियों को बतलाया।

Routes2Roots Establishes 100 Digital Classrooms In Remote Areas Of Uttarakhand And Himachal Pradesh

Delhi - With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh. Routes2Roots carried out the installation of a total of 100 Interactive Flat Panels (IFPs) across the two states.

The targeted districts include Auli, Kedarnath, Spiti Valley, and Kinnaur, among others. Routes2Roots has digitized four schools in each of the 12 districts in Himachal Pradesh and 12 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

Alongside art and culture content developed by Routes2Roots, the IFPs are equipped with K-12 educational content as per the NCERT curriculum. This includes 50,000 educational videos and 100,000 questions and answers, enhancing learning opportunities for students. The initiative also provides comprehensive training for teachers to effectively use the new equipment.

Most of these locations where the panels have been installed are hard to reach areas through regular transportation modes. In Uttarakhand, the team navigated through the harsh weather conditions of Auli and Kedarnath, both situated at high altitudes with challenging access. In Himachal Pradesh, installations in Spiti Valley and Kinnaur were equally challenging. In Kinnaur, where traditional vehicular transport was impractical, local Sherpas, known as 'pitthus', were employed to manually carry the IFPs to their destinations.

Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said, "At Routes2Roots, our mission is to create equal learning opportunities for students across the country, including those that are in very remote corners of the country. We want to be catalysts for providing high-quality education for future generations. Though some of these regions are hard to reach, our team has successfully managed to overcome such obstacles, and this showcases our commitment to providing quality education to every child. We will continue to work towards providing educational facilities and ensuring that students in the remotest parts of India receive the same level of education as their counterparts in urban areas."

दैनिक जागरण

रूट्स टू रूट्स ने सुदूरवर्ती क्षेत्रों में स्थापित किए डिजिटल क्लासरूम

जागरण संवाददाता, देहरादून : प्रदेश के दूरदराज क्षेत्र में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से रूट्स टू रूट्स ने उत्तराखंड के प्रत्येक जनपद में चार-चार सरकारी स्कूलों में डिजिटल क्लासरूम स्थापित किए हैं, ताकि ग्रामीण क्षेत्र के बच्चे भी हाईटेक शिक्षा से जुड़ सकें।

रूट्स टू रूट्स संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने की दिशा में कार्य कर रहा है। इस संगठन ने उत्तराखंड और हिमाचल प्रदेश में 100 इंटरेक्टिव फ्लैट पैनल (आइएफपी) लगाए हैं।

आइएफपी एक डिसप्ले समाधान है, जो आन-स्क्रीन सामग्री के साथ छात्र और शिक्षक के संवाद को सक्षम करने के लिए एक टच-सेंसिटिव स्क्रीन है।

इस पहल के लिए विशेषकर चमोली जनपद के औली, रुद्रप्रयाग जनपद के केदारनाथ के आसपास के स्कूलों को रूट्स टू रूट्स डिजिटाइज्ड किया जा रहा है, क्योंकि दोनों जनपद सुदूर हैं। इनके कई विद्यालयों अति दुर्गम में हैं। इस महत्वाकांक्षी योजना से शिक्षा व छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।

उत्तराखंड और हिमाचल में स्थापित किए 100 डिजिटल क्लासरूम

देहरादून, लोकसत्य।

देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने को संगठन रूट्स2रूट्स (R2R) ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए है। यह संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है। रूट्स2रूट्स (R2R) ने इन दो राज्यों में 100 इंटरेक्टिव फ्लैट पैनल (आईएफपी) लगाए है।
इस पहल के लिए औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। रूट्स2रूट्स (R2R) ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज्ड किया है, जिसके परिणामस्वरूप देश के सबसे सुदूर भागों में आधुनिक एजुकेशनल टूल्स को पहुंचाया गया है। महत्वाकांक्षी जिलों के तौर पर चिन्हित इन जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है। इस पहल के बारे में संस्थापक, रूट्स2रूट्स राकेश गुप्ता ने कहा हमारा मिशन अत्यंत दूरस्थ इलाकों समेत देशभर के सभी छात्रों के लिए लर्निंग के समान अवसरों को उपलब्ध कराना है। हम भविष्य की पीढ़ियों के लिए उत्तम शिक्षा उपलब्ध कराने वाले उत्प्रेरक के तौर पर पहचान बनाने का इरादा रखते हैं।

Routes 2 Roots Launches Art Workshops across TS and AP Schools

29 July 2024 5:43 PM

Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, will be conducting art workshops across schools in Telangana and Andhra Pradesh.

This initiative is designed to support the implementation of India's New Education Policy (NEP) by incorporating the arts into the traditional STEM (Science, Technology, Engineering, and Mathematics) curriculum, transforming it into STEAM (Science, Technology, Engineering, Arts, and Mathematics).

The workshops will feature live sessions with esteemed artists and art teachers who will visit schools to educate students in two art forms - Odissi and Kathak. The interactive sessions will provide students with a unique opportunity to learn directly from experts, watch live performances, and engage in Q&A sessions.

The workshops commenced on 26th July and will continue till 9th of August across schools in Telangana and Andhra Pradesh. Artist Akhilesh Patel, a renowned Kathak dancer will conduct workshops in Andhra Pradesh, and Shomrita Mandal, Odissi Dancer, will conduct workshops in Telangana.

Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said, "Integrating arts into the curriculum is essential for the holistic development of students. It enhances their cultural awareness and creativity. Our offline art workshops are well aligned with NEP's vision of fostering creativity and cultural awareness among young learners. By experiencing and engaging with various art forms, students can develop a deeper appreciation for their cultural heritage. We are excited to have a team of talented and experienced artists collaborating with us to bring the richness of the arts to every child. This initiative is a significant step towards making art education accessible to students across the country"

Routes2Roots Brings Digital Classrooms To Remote Uttarakhand and Himachal Prad

Routes2Roots establishes 100 digital classrooms in remote Uttarakhand and Himachal Pradesh, bringing modern education tools to underserved regions, facilitating holistic development

With an aim to make education accessible and inclusive for students in remote corners of India, Routes2Roots (R2R), a Delhi-based non-profit organisation dedicated to promoting art, culture and heritage, in its latest initiative has created digital classrooms in the remote areas of Uttarakhand & Himachal Pradesh. Routes2Roots carried out the installation of a total of 100 Interactive Flat Panels (IFPs) across the two states.

The targeted districts include Auli, Kedarnath, Spiti Valley and Kinnaur, among others. Routes2Roots has digitised four schools in each of the 12 districts in Himachal Pradesh and 13 districts in Uttarakhand, bringing modern educational tools to some of the most remote regions in India. These areas, marked as aspirational districts, are being focused on for improvements in education and holistic development of students.

Alongside art and culture content developed by Routes2Roots, the IFPs are equipped with K-12 educational content as per the NCERT curriculum. This includes 50,000 educational videos and 1,00,000 questions and answers, enhancing learning opportunities for students. The initiative also provides comprehensive training for teachers to effectively use the new equipment.

Most of these locations where the panels have been installed are hard to reach areas through regular transportation modes. In Uttarakhand, the team navigated through the harsh weather conditions of Auli and Kedarnath, both situated at high altitudes with challenging access. In Himachal Pradesh, installations in Spiti Valley and Kinnaur were equally challenging. In Kinnaur, where traditional vehicular transport was impractical, local Sherpas, known as 'pitthus', were employed to manually carry the IFPs to their destinations.

Acknowledgement

"Don't just take our word for it –check out what our beneficiaries have to say about the Routes 2 Roots Cultural Education Program."

Credibility of our work as documented across multiple school Principals, Teachers and students across India

CERTIFICATE

Today we installed a VIRSA IFD panel in our school, and the process of installation and training was very smooth. The quality and features of VIRSA panel are outstanding, specially the built in 1TB SSD, camera, and powerful microphones. The K12 content with thousands of questions and answers are very helpful for students. Virsa panel also helps our school implement NEP by providing application for daily live interactive Art classes which includes Yoga and AI classes.

Guru Dr Avinash Kumar an artist of Hindustani Classical Vocal Music conducted a workshop in Bal Bharati Public School, GangaRam Marg, organized by Routes 2 Roots. Students from middle and senior departments participated in the workshop. It was a very informative, interactive, and engaging session where students also got the opportunity to learn the nuances of Hindustani Classical Vocal Music and they freely interacted with the artist.

We would appreciate it if, Routes 2 Roots can conduct more such workshops which will help students in clearing the doubts that they may have in digital learning of performing art by Routes 2 Roots.

A workshop on Indian classical dance Bharatnatyam was organised in my school on 27-10-2023. Mr. Varun Khanna gave his performance on Bharatnatyam and inspired the students towards it. He also shared very relevant information regarding Indian dances. It was organised by Routes 2 Roots NGO under CSR support by Max Indian Foundation. In this workshop students as well as all the staff members enjoyed and learned a lot. I am really thankful for selecting my school for such workshop.

ACKNOWLEDGEMENT

A Kathak Workshop was organized in our Vidyalaya today by Routes 2 Roots NGO. The Workshop has certainly helped our students to know the importance of culture in academics. This workshop also helped the students to be distressed from the routine of Academic pressures. It has generated interest in the students to participate in the Routes 2 Roots digital classes which are held on a daily basis

Guru Soma Mandal an artist of Bharatanatyam conducted a workshop in our Kendriya Vidyalaya BSF, Teliamura organized by Routes 2 Roots. Many students participated in the workshop and it was a very informative, interactive, and engaging session where students also got the opportunity to learn the nuances of Bharatanatyam Discipline and they freely interacted with the artist.

We will appreciate it if Routes 2 Roots can conduct more such workshops which will help students in clearing the doubts that they may have in digital learning of performing art by Routes
2 Roots.

To,
Routes 2 Roots NGO,
Max Towers, G 2 Floor, Delhi One,
Noida, U.P.

We extended our heartfelt gratitude to Routes 2 Roots NGO for successfully

conducting Theatre and Music Workshop for Children in Conflict with Law in Observation

Home for Boys -II, Sewa Kutir Complex on 28.05.2024. It was an engaging and

entertaining workshop. The Children were very happy and enjoyed a lot.

We apreciate the organization's efforts for organizing the workshop. We look

forward for more such programmes in the future.

आभार पत्र

केन्द्रीय विद्यालय लखीमपुर खीरी लंबे समय से रूट्स 2 रूट्स द्वारा आयोजित वर्कशॉप का इंतजार कर रहा था। कोविड महामारी के कारण लंबे अंतराल के बाद विद्यालय में रूट्स 2 रूट्स के अंतर्गत आयोजित होने वाली यह पहली कार्यशाला है। भरतनाट्यम कार्यशाला में केन्द्रीय विद्यालय, लखीमपुर खीरी के छात्र उत्साहित रहे, छात्रों ने बड़ी रुचि के साथ भाग लिया और गुरु वरुण खन्ना के साथ उनका जुड़ाव बहुत सार्थक रहा।

On 16 Jan 2023, Routes 2 Roots held a Bharatanayam workshop at Kendriya Vidyalaya Lunglei premises. Artist Atanu Das was very interactive and the students enjoyed the workshop and at the same time learned about Bharatanatyam.

This workshop is very useful as it is an extension of Routes 2 Roots online daily interactive classes. I am hopeful more and more students will participate in your programme.

We had been looking forward to the workshop organized by Routes 2 Roots for a long time. This is the first workshop being held in our KendriyaVidyalaya, Mungaoli after the long break due to the pandemic. The students of the Vidyalaya were excited and with great interest participated in the Bharatanatyam workshop and their engagement with Guru PriyamBada Tiwari was very meaningful.

THE ORGANISATION

Routes 2 Roots is a Delhi-based non-profit NGO with a presence all over India and in over 64 countries across the world making it the most significant cultural NGO. Since its inception in 2004, the NGO has constantly strived to disseminate culture, art, and heritage to all ages and in particular children for inclusive and peaceful coexistence. Routes 2 Roots began its Digital Learning of Performing Arts program in 2016, with free interactive streaming of online classes comprising 15 Disciplines related to Art, Culture, and Heritage. Routes 2 Roots has also created Digital classrooms nationwide by installing equipment like Computers, Web Cameras with Microphones, LED Screens, and IFP Panels to equip schools in remote areas to be at par with any modern school in the city. After Installation and orientation the schools are provided daily classes in art and culture, including Yoga, Mindfulness, AI, and K-12 content, ensuring complete utilisation of digitisation with monthly attendance of all participating schools. All these are provided free of cost to these schools.

ABOUT PARTNER

Max India Foundation established in 2008, serves as the CSR arm of the Max Group. Initially focusing on healthcare initiatives, MIF has evolved to emphasize education and sustainable livelihood skills, aiming to create opportunities for underprivileged communities across India.

In partnership with Routes 2 Roots, MIF has significantly contributed to enhancing digital education in rural Punjab. This collaboration led to the installation of state-of-the-art 75-inch Interactive Flat Panels in schools, facilitating access to cultural education in 16 performing arts disciplines and providing K-12 content, including 50,000 instructional videos and 100,000 Q&A resources . The initiative has expanded digital classrooms to 140 schools in the region, bringing modern educational resources to rural students.

Beyond this partnership, MIF has impacted over 19 million lives through various CSR initiatives, including healthcare services, health awareness programs, and environmental conservation efforts . Their commitment to social responsibility continues to drive positive change in communities across India.

PROJECT IN BRIEF

Routes 2 Roots (R2R) is a pioneering non-governmental organization established in 2004, dedicated to enriching education through cultural integration. It is the only cultural NGO registered with the Bombay Stock Exchange and listed on the National Stock Exchange, reflecting its credibility and institutional transparency.

R2R provides real-time, online interactive classes to students across the globe, aiming to transform traditional teaching methods by embedding arts and culture into the core of K-12 education. This innovative approach has turned R2R into a national movement, recognized by the Limca Book of Records as the largest initiative of its kind in India.
To date, R2R has reached over 24,000 schools and colleges, directly benefiting more than 22 million students through live cultural and educational sessions. The organization has also supported the modernization of classrooms by installing advanced educational technology, particularly Interactive Flat Panels, in collaboration with premier institutions such as Kendriya Vidyalayas, Army Public Schools, and multiple state government and underserved schools across the country. R2R's efforts align closely with the goals outlined in the National Education Policy (NEP), supporting the integration of high-quality academic content with culturally rich, interactive learning experiences.

Routes 2 Roots ®

The organization is guided by an esteemed advisory board that includes cultural legends such as Padma Vibhushan Ustad Amjad Ali Khan, Grammy Award-winning Padma Bhushan Pandit Vishwa Mohan Bhatt, Padma Vibhushan Dr. L. Subramanian, and Padma Shri Shovana Narain.

Through the strategic use of technology and deep-rooted cultural engagement, R2R continues to bridge the gap between arts and education—creating meaningful impact at scale.

OBJECTIVE

The core objective of Routes 2 Roots is to transform the way education is delivered by seamlessly integrating India's rich cultural heritage into mainstream academic learning. R2R aims to provide students—regardless of their geographic or socio-economic background—with equitable access to real-time, interactive online classes that focus on music, dance, theatre, and other cultural art forms alongside traditional curriculum subjects.

Through strategic partnerships with central and state government schools, including Kendriya Vidyalayas, Army Public Schools, and institutions in remote and underserved areas, R2R strives to modernize classrooms with state-of-the-art digital infrastructure such as Interactive Flat Panels. This initiative not only enhances the learning environment but also aligns with the vision of the National Education Policy (NEP) to deliver holistic, multidisciplinary, and inclusive education.

PROJECT IMPLEMENTATION STATUS

Through the strategic use of technology and deep-rooted cultural engagement, R2R continues to bridge the gap between arts and education creating meaningful impact at scale.

01

Earlier we were installing the 55'' Smart LED but this time we have installed the 75'' State of the **Art Interactive Flat Panel** including the **K-12 content** which includes 50,000 videos and 1,00,000 question answers based on the NCERT Curriculum which enables them to learn and understand the concepts virtually. Through this K-12 content, the students of Punjab can learn and experience modern education in addition to R2R on-line cultural classes. This has enabled the school to make use of the equipment for the entire day and at the same time access the most modern teaching tools. This has enabled these schools to get the education that any modern school has in the city.

Routes 2 Roots technical team installed the equipment in all the 20 schools added this year and gave the training to the teachers and the principals on the newly installed k-12 content and our application to attend the regular cultural classes.

LIVE INTERACTIVE DIGITAL CLASSES

02

Routes 2 Roots conducts *live interactive digital classes* every Monday to Saturday, offering lessons in 15 different performing arts disciplines. Students from schools across India actively participate in these sessions, gaining exposure to the rich and diverse cultural heritage of the country. These classes not only help students learn various art forms but also support their overall growth and development, making the learning experience more enjoyable, creative, and engaging.

PARIKSHA PE CHARCHA

03

In this quarter, On February 10th, 2025, Routes 2 Roots proudly aired the nationally acclaimed *"Pariksha Pe Charcha"* program, led by Hon'ble Prime Minister Narendra Modi. This annual initiative is designed to guide secondary and senior secondary students as they prepare for board exams, offering practical tips on exam strategy, time management, and stress relief. By broadcasting the program through its digital platform, Routes 2 Roots ensured that students and teachers across the country, including remote and rural areas, had access to this motivational session. The initiative also helped educators adopt new approaches to support their students, furthering Routes 2 Roots' mission of inclusive, impactful education.

14TH ALL INDIA INTER SCHOOL COMPETITION

Routes 2 Roots has announced the **14th All India Inter-School Competition** for students across the country. Numerous entries have been received from students of Punjab schools, supported by MIF. The evaluation process is currently underway, and the results will be announced in July. Winners will receive certificates and attractive prizes. All participants will also receive certificates for showcasing their talent on the platform.

04

MUSIC DAY

Every year, Routes 2 Roots celebrates World Music Day and International Day of Yoga with students nationwide. This year was no exception, as these occasions were celebrated with children once again. On World Music Day, students from the Music School of Excellence performed songs from various genres. In addition to the performances, there was a quiz session where a student from the studio asked questions, and the children eagerly answered. Both students and teachers enjoyed the event with great enthusiasm. Students from Punjab also joined and actively participated in the session.

05

YOGA DAY

In this quarter, On February 10th, 2025, Routes 2 Roots proudly aired the nationally acclaimed **"Pariksha Pe Charcha"** program, led by Hon'ble Prime Minister Narendra Modi. This annual initiative is designed to guide secondary and senior secondary students as they prepare for board exams, offering practical tips on exam strategy, time management, and stress relief. By broadcasting the program through its digital platform, Routes 2 Roots ensured that students and teachers across the country, including remote and rural areas, had access to this motivational session. The initiative also helped educators adopt new approaches to support their students, furthering Routes 2 Roots' mission of inclusive, impactful education.

06

INTERNATIONAL FILM FESTIVAL

07

Routes 2 Roots conducted the fifteen-day School Cinema International Film Festival (SCIFF) through its digital platform for the students. SCIFF, curated for children, featured movies from 20 plus countries including Saudi Arabia, France, Spain, Iran, Mexico, Germany, USA, UK, China, India, Netherlands etc. Movies in different genres and languages were screened daily for the students of the cultural education program. Thousands of students joined and enjoyed the films from different countries. Each film had a message to be conveyed on different aspect of student's journey thereby enriching the thought process of the students and their knowledge.

NUKKAD NATAK WORKSHOPS

In this quarter, Routes 2 Roots organised Nukkad Natak Theatre Workshops in schools across Punjab that are part of the program. Renowned actors from leading theatre repertory companies in Delhi, associated with the NGO, conducted these workshops on Nukkad Natak (Street Theatre) for the students. The workshops covered various important topics, with actors performing and teaching the art of Street Theatre. The topics included 'Swachh Bharat, Environmental Awareness and Climate Change', 'Say No to Drugs', 'The Dangers of Excessive Screen Time on Phones and Gadgets', and 'Mental Health'. The students actively participated, with many coming forward to join the workshops. They gained valuable insights, and the message was well received and positively influenced the students.

08

INSTRUMENT DISTRIBUTION

09

As part of the project, Routes 2 Roots donated musical instruments to schools in Punjab that were added to the program. The purpose of giving these musical instruments of their choice is to enable them to learn in online classes and practice them while learning, as most schools do not have these instruments.

RE-ORIENTATION
Routes 2 Roots' technical engineers and coordinators conducted follow-up visits to schools to provide re-orientation and refresher training on the software and program. This ensured that students could seamlessly access the classes and continue learning their preferred art forms without facing any technical difficulties.

10

TOPPAN - ANNUAL PROGRAM

11

The Annual Day of M/s Toppan was held on 9th November, where we were requested for the performance by the students from the MIF-funded schools. We selected the students from Government Adarsh School and asked our Guru, Fareed Ahmed Khan, to help rehearse a few pieces of Vocal Singing. The Guru and the students rehearsed the melody of prayers throughout the entire week, and for the very first time, the students performed the melody in front of hundreds of people. This kind of exposure and cultural activity will enhance the confidence and interest of the students in learning, displaying their talent, and overcoming hesitation. All the attendees at the function appreciated the program. Participating students were presented with gift hampers and certificates.

K12 Content - This initiative equips schools with Smart Interactive Flat Panels featuring K-12 content, providing online classes in 16 cultural disciplines. It fosters inclusive education, connecting students to performing arts and modern learning while highlighting the role of culture in shaping future generations. These digital tools facilitate inclusive education and offer schools access to performing arts and modern educational resources.

Cultural Preservation and Education - Initiatives aimed at preserving, promoting, and educating children and others about cultural heritage and diversity.

Education and Skill Development - Efforts aimed at improving education and providing skill-building opportunities to individuals, particularly underprivileged or marginalized groups.

Digital Education - Using digital tools and platforms to educate and raise awareness about cultural heritage, arts and traditions and provide knowledge in AI.

Health and Well-being - Efforts to improve physical and mental health in communities, and promote well-being by teaching yoga.

Community Development - Programs designed to enhance the well-being and quality of life for local communities, particularly those in need and provide an additional skill set.

KEY AREAS

"Through a strategic partnership, the MAX India Foundation has supported Routes 2 Roots in cultural and education. Their funding has played a crucial role to students in remote areas enabling them to provide excess quality K12 education and hybrid cultural classes in expanding our outreach programs, including cultural exchanges, workshops, and school-based educational modules focusing on India's rich history."

CASE STUDIES

Our case study demonstrates the steady growth of our educational programs in Punjab, driven by our Corporate Social Responsibility (CSR) efforts and generously funded by MIF. Every year, we expand our network by adding new schools, ensuring that an increasing number of students in Punjab receive quality education and opportunities for personal development.

This year, during our shortlisting for 20 new schools in SBS and Ropar, we discovered a unique response, which was encouraging from Government Adarsh Sr. Sec. School, Lodhipur Anandpur Sahib. They expressed their eagerness to join the Routes 2 Roots program and were appreciative of our culturally uniting the country. It was apparent that the students and Principal of this school are eager to explore various art forms, particularly dances like Kathak and Bharatnatyam. When we informed them about our focus on imparting knowledge of Indian Performing Arts and Culture, both teachers and students were delighted. They have already participated in some of our sessions through their devices to learn more about various art forms. They eagerly await the upcoming physical workshops and the installation of interactive flat panels to further enhance their learning experiences.

This year our case study demonstrates the steady growth of our educational program in Punjab, supported by MIF.

This year during our installation and training of our program, we have seen a remarkable change in the students of Punjab towards the learning of Indian Performing Arts. The students were very excited and interested in learning from our classes like Theatre and Flute in addition to the earlier disciplines of Tabla and Harmonium. Not only the students the teachers were also very excited to learn more about the cultural education program. The students and teachers of Government High School Boothgarh were eager to learn the new art forms of Indian art and culture. When we informed them about our digital live interactive classes and physical workshops, they were delighted. The students of this school are participating in all the classes and now they are eager to attend the physical workshop which will be going to held in their school this month. The teachers and Students are also very happy to have the modern K-12 content, which has made their learning, and understanding much better.

The case study of Government Sr. Sec. School Langdua, SBS Nagar, was added this year under MIF's CSR support.

This year, physical workshops were organised in 50 schools in Punjab, and the students of Government Sr. Sec. School Langdua, SBS Nagar School participated with great enthusiasm. They quickly grasped the topics and techniques presented during the sessions. After completing the workshop, the school participated in district and state-level programs, effectively demonstrating the skills and knowledge they had learned from our teachers. Their ability to replicate what they had learned highlights not only their dedication but also their strong interest in both learning and performing. The student's engagement in these activities reflects their commitment to excellence and eagerness to display their talents at every level.

The case study of Government Senior Secondary School, Dalla (Ropar), was included in 2023 as part of a CSR initiative supported by MIF.

Before the program began, many students lacked regular engagement in school activities. But with the introduction of structured, hands-on art classes, things started to change. Students began showing up to school more regularly, not just to learn, but to express themselves through painting, music, theatre, and other creative forms. Their enthusiasm grew with every class.

The impact went beyond the classroom. For the first time, students from Dalla started performing confidently at state-level cultural competitions. These were students who had never stepped onto a stage before, now proudly representing their school and showcasing their talent in front of large audiences.

This program has brought new energy to the school. It's helped students discover hidden talents, boosted their confidence, and created a space where learning feels exciting. The case of Dalla School proves that with the right support, even a small initiative can spark big changes in a community.

JOURNEY OF ROUTES 2 ROOTS

TWENTY YEARS OF BRIDGING CULTURES

For the past 21 years, Routes 2 Roots has been passionately promoting art, culture, and heritage across the globe. With a commitment to non-commercial outreach, the organization has hosted numerous international events, exhibitions and concerts all free and open to the public to foster cross-cultural unity.

In partnership with Ministry of Culture, Govt of India, Indian Council for Cultural Relations (ICCR), State & Foreign Governments, Cultural Ministries, and Embassies, Routes 2 Roots has curated meaningful Indian cultural experiences attended by the President of India, Governors, Ministers, and diverse global audiences.

Routes 2 Roots continues to inspire through heritage preservation and global cultural integration aspiring towards a tolerant and peaceful world.

Outstanding Accomplishments

- Celebrated 60 years of Indo-China Diplomatic ties with a Film Festival in Beijing and Guangzhou with film star Sharman Joshi showcasing movie "3 idiots" and exhibition on the "Journey of Indian Cinema" in collaboration with ICCR

- In collaboration with ICCR marked 65 years of Indo-Russian Diplomatic ties in Moscow and St. Petersburg with an Indian cultural festival which travelled to 5 cities in Russia

- Organized "Journey of Indian Cinema" with Ministry of Culture of the Russian Federation and ICCR in Moscow and Vladikavkaz, inaugurated by filmstar Rishi Kapoor where we facilitated and got him honoured with knighthood by the Mayor

- Hosted Festival of India in South Africa in collaboration with ICCR which was complemented with cultural performances and an exhibition on "Journey of Indian Cinema"

- Hosted a grand ceremony in london, UK to honour film personality Shahrukh Khan with a Doctorate from the University of Bedfordshire for his contribution towards Art & Culture

- Preservation of our heritage by digitising all four Vedas with authentic Sanskrit chanting by scholars and subtitled in 9 global languages, marketed by Times Music which was a Nationwide Bestseller

- Organised a cultural evening at the 3rd SAARC Conclave held in Sri Lanka

- Conducted India's largest Oral Histories and Student Exchange Program over a period of 6 years engaging thousands of students building bridges and fostering friendships towards a peaceful co-existance

- Hosted the Centenary Celebrations of the famous subcontinent poet Faiz Ahmad Faiz across many cities in India, which was inaugurated by the President of India

- Held memorable concerts at historic monuments like Qutub Minar, Old Fort (Delhi), and Chowmahalla Palace (Hyderabad) to name a few to highlight our historical heritage

VISION AND MISSION

Our vision, "With Society, towards Serenity," aims to touch different facets of human life to make society a better place to live by our objectives. Our vision embodies the concept of inclusive growth that creates a future generation of youth who appreciate art and culture and at the same time addresses their stress levels and mental health for holistic growth.

We aim to deliver knowledge of Indian art and culture, including music, theatre, art, and heritage.

The inclusion of ARTS in the new education policy, where STEM has been made to STEAM, has further enhanced our mission. Therefore, education in art and culture is no longer an extracurricular activity. This will also help to create an inclusive and tolerant society for a peaceful world.

GOALS

- Implemented digital teaching of Indian art and culture in 100 government schools in Himachal Pradesh and Uttarakhand.

- Install smart classrooms with interactive panels, K-12 e-content, and Routes 2 Roots daily art and culture classes.

- Reach over 1,00,000 student beneficiaries across 25 districts.

- Strengthen cultural education as a mainstream part of the curriculum aligned with the New Education Policy (NEP 2020).

- Conduct real-time interactive art and culture classes, physical workshops, and national-level competitions.

- Scale-up efforts to reach more schools across less privileged and backward areas.

CORE VALUES

- **Cultural Preservation:** Promoting Indian heritage and traditional art forms.

- **Inclusivity:** Reaching underprivileged communities and remote geographies giving equal opportunities to all

- **Technology Integration:** Bridging art and modern education through digital tools.

- **Empathy & Mental Wellness:** Helping students reduce stress and build holistic personalities.

- **Transparency:** Ensuring clarity in use of funds and impact measurement.

- **Service Orientation:** No commercial motive – purely driven by social impact.

As we reflect on the past year, I am filled with deep gratitude for the incredible journey we have had in promoting our mission of spreading cultural education to the last mile. Our endeavor has been to inculcate the cultural ethos in our young generation to give them an all rounded development and we continue to enhance this with modern learning techniques to equip them for today's world. This would not be possible without our team's dedication, passion and hard work which have driven remarkable progress and I am proud of what we have achieved together and excited for the opportunities ahead. As we look to the future , I am inspired by the potential for growth, impact and positive change. Our mission remains our guiding force and I am confident that together we will continue to make a difference.

MESSAGE

The last year has been full of challenges and achievements. After the glittering star-studded listing on the SSE platform of the National Stock Exchange in Mumbai in early April 2024, it was a year to prove ourselves again, especially to our new donors. The adoption of 100 schools in all 25 districts of Himachal Pradesh and Uttarakhand, and completing the digitisation of classrooms in the remotest areas where even last-mile connectivity by road was unavailable. Compliance with the SEBI and NSE guidelines was ensured by promptly uploading the quarterly reports, followed by the annual and impact assessment reports prepared by SEBI-registered independent assessors. This year, more schools were added to the Routes 2 Roots program, and the reach of the digital classroom reached more than 93 countries internationally. For a long time, Routes 2 Roots contemplated publishing the books on Indian Art and culture. Finally, three books written by the faculty of Routes 2 Roots were published by Parragon, and the launch was held at a large gathering of art lovers, artists, and other dignitaries. The books are being well-received by the schools for their libraries.

SDG 17: Partnerships for the Goals

Routes 2 Roots is a Delhi-based non-profit NGO with a presence all over India and in over 64 countries across the world making it the most significant cultural NGO. Since its inception in 2004, the NGO has constantly strived to disseminate culture, art, and heritage to all ages and in particular children for inclusive and peaceful coexistence. Routes 2 Roots began its Digital Learning of Performing Arts program in 2016, with free interactive streaming of online classes comprising 16 Disciplines related to Art, Culture, and Heritage. Routes 2 Roots has also created Digital classrooms nationwide by installing equipment like Computers, Web Cameras with Microphones, LED Screens, and IFP Panels to equip schools in remote areas to be at par with any modern school in the city. After Installation and orientation the schools are provided daily classes in art and culture, including Yoga, Mindfulness, AI, and K-12 content, ensuring complete utilisation of digitisation with monthly attendance of all participating schools. All these are provided free of cost to these schools.

OUTLINE OF THE PROJECT

ROUTES 2 ROOTS TRANSITION TO THE DIGITAL LEARNING PROGRAM

Between 2010 and 2015, Routes 2 Roots engaged with schools across India—from low-income municipal schools to elite schools. A study conducted during this period revealed a shocking gap in the presence,awareness and learning of Indian classical art and culture in school education. Where music existed, it was limited to one or two art forms, often diluted with popular (filmy) culture, compromising the authenticity of India's classical heritage.

This inspired Routes 2 Roots to conceptualize VIRSA, a project aimed at reviving and preserving authentic Indian classical performing arts in schools. Under the guidance of an esteemed advisory board of classical art stalwarts, the NGO developed a curriculum rooted in traditional Gharana styles.

In 2016, with token support from the Ministry of Culture, Routes 2 Roots developed its own real-time interactive software—a pioneering step when platforms like Zoom and Google Meet weren't even in common use. This led to the official launch of Project VIRSA in August 2016 by the Hon'ble Minister of Culture, starting with 50 schools.

Today, VIRSA has expanded to over 24,000 schools, impacting more than 2 crore students across India. The program uses a hybrid model, blending live digital classes with physical workshops, enabling students to interact with Gurus and allowing for direct assessment of impact.

The program's scale and impact have been recognized by the Limca Book of Records as the largest cultural education initiative in India. With the support of ICCR and Indian missions abroad, the program has also extended to over 93 countries, offering training in English of traditional dance forms Kathak, Bharatanatyam, Odissi, and folk arts like Mehndi, Rangoli, Puppetry, and Madhubani painting accommodating their time zones.

VIRSA remains the only initiative of its kind in India—offering cultural education of this magnitude completely free of cost, preserving and promoting India's rich artistic heritage for generations to come.

KEY AREAS OF ROUTES 2 ROOTS

Cultural Education

- Teaching of Indian classical music, dance, theatre, and visual arts.
- 16 disciplines offered: Hindustani & Carnatic Vocal, Tabla, Flute, Harmonium, Sitar, Guitar, Keyboard, Kathak, Bharatnatyam, Art, Theatre, AI, Mindfulness, Punjabi Literature and Yoga.
- Real-time interactive classes by renowned Gurus and Maestros.

Digital Learning Infrastructure

- Setup of Smart Classrooms in schools (65"/75" smart panels, e-books, and software).
- Access to live and archival cultural classes via proprietary software.
- Integration with AI tools and K-12 content (free of cost, not part of fundraising).

School Outreach

Not to scale

- Operates in over 24,000 schools including Kendriya Vidyalayas, NavodayaVidyalayas, BSF, Sainik, Army, Govt schools of Punjab and Haryana, MCD, NDMC Telangana schools and many more.
- Digitized 100 more schools in Himachal Pradesh and Uttarakhand through the ZCZP Issue.

Teacher Training & Support

- On-ground training and orientation for teachers to use smart classroom equipment to support their lessons.
- Continuous technical and academic support via Whatsapp, calls, and emails.

Social Impact & Mental Wellness

- Focus on reducing student stress, enhancing creativity and promoting inclusiveness.
- Special focus on **disaster-affected and underprivileged areas.**

Monitoring & Impact Assessment

- Quarterly reporting of fund utilization.
- Outcome tracking after 12 months.
- Audited by internal auditors and reviewed by the Governing Body.

Maintenance & Sustainability

- 3 years of equipment maintenance included.
- Long-term support with physical workshops and digital updates.

GLOBALIZING INDIAN CULTURE ROUTES 2 ROOTS AND ICCR INTRODUCES CLASSES

Following the remarkable success of live digital classes in **Kathak, Bharatanatyam,** and **Odissi** for international students across **93 countries,** Routes 2 Roots, in collaboration with **ICCR,** launched pilot sessions in popular folk art forms—Madhubani Painting, Rangoli Design, Henna Design, and Puppet Making.

These short, introductory courses were taught by master artisans who carry forward family legacies in these traditional crafts. This initiative marks a unique step in connecting global learners with India's vibrant cultural heritage through real-time, hands-on learning experiences. These courses received a **record-breaking number of enrolments,** offering students a foundational understanding of each art form. The overwhelming response and student feedback have led to growing demand for future sessions—highlighting the program's global impact and appeal.

Installation of state-of-the-art panels in the rural areas and aspirational districts of India with facility of real time interactive art & culture classes with digital e-books for online and offline education at par with any school in the country.

DIGITISING CLASSROOMS

Routes 2 Roots conducts cultural workshops nationwide, even in remote areas like Tawang and Leh. Artists demonstrate and teach Indian classical art forms, followed by student participation and feedback collection. Over 50 such workshops were held in underprivileged schools, promoting national integration by showcasing diverse regional art forms across India.

PHYSICAL WORKSHOPS

Art has no boundaries—Routes 2 Roots, in collaboration with ICCR and CCRT, conducts weekly online Indian classical dance classes in English for participants from over 93 countries. With support from Indian Missions, expert Gurus teach Kathak, Odissi, Bharatanatyam, Madhubani, Rangoli, Heena and Puppet making spreading Indian culture globally.

ONLINE INTERNATIONAL CLASSES

Monday to Saturday, two to three classes are held digitally from our studio. The three camera shoot enhances the experience of learning the art form giving a real time feeling. Each school is sent the timetable a week before the commencement of each month & monthly attendance is shared with the schools.

LIVE INTERACTIVE CLASSES

Most schools do not have instruments for the children to learn and practice the art form which deprives them of proper learning. Routes 2 Roots provides musical instruments and costumes to schools with talented underprivileged children, channeling their energies into skill-building rather than wasting time on the streets.

DISTRIBUTION OF MUSICAL INSTRUMENTS

ANNUAL COMPETITION

Routes 2 Roots also organizes an annual All India Inter-School Competition, receiving thousands of digital entries in various art forms. Winners across regions and age groups receive prizes like TVs, tablets, smartphones, and cash coupons, with all participants getting certificates. Esteemed Gurus judge the entries, helping assess program impact.

Focus on developing students capacities to become global citizens through communication skills, Creative activities, literary activities, Presentations, Group discussions, brainstorming talks etc.

21ST CENTURY LEARNING AND INFORMATION SKILL

The product is unique and innovative as it does not entirely depend on pen-and-paper, these tests are conducted online on specially designed AI enabled software the reports instantly generated so that counselling can be conducted.

GUIDANCE AND CAREER COUNSELLING THROUGH PSYCHOMETRIC TEST

Conduct Workshops by the civic leaders, and historians to share their. knowledge about the constitution of India on two major pillars. Organize contests and quiz shows with prizes included. Shown a documentary created by the students on the Constitution of India.

CITIZENSHIP SKILLS, CONSTITUTIONAL VALUES AND KNOWLEDGE OF INDIA

WORKSHOPS CONDUCTED PAN
INDIA THROUGH ALL SEASONS
SPECIAL EVENTS

INAUGURATION OF CULTURAL EDUCATION PROGRAM IN SCHOOLS DIGITISED UNDER BMW FOUNDATION'S CSR SUPPORT

Beginning with the Impressive Bharatanatyam Workshop On December 20th, Routes 2 Roots launched its cultural education program at PM Shri Government Sr. Secondary School, Chakkarpur, Gurgaon, supported by BMW India Foundation under CSR. The event featured a Bharatanatyam workshop and a lively Garbha performance by students.

All schools under this grant—including those in Jammu, Kashmir, Bihar, Jharkhand, and Tamil Nadu—had joined the program. Attendees included Vinod Pandey and Paramanu Roy from BMW Foundation, Tina Vachani, Rakesh Gupta, advisor U.N. Khaware, and the school Principal. The initiative brings online cultural classes in 16 disciplines and K–12 content to participating schools, enriching their educational experience.

ROUTES 2 ROOTS GURU CURATES SPECIAL PERFORMANCES FOR STUDENTS ANNUAL FUNCTION

In another first, the NGO curated the dance performance of the Annual Function of Bal Bharati schools in the NCR. The function held on 3rd February brought together schools from different branches of Bal Bharati, where students converged to present a cultural piece for parents, educationists and other luminaries. Routes 2 Roots curated the centre-piece dance performance, which was designed and choreographed by the NGO's senior Kathak guru, Rani Khanam.

The celebrated Kathak artiste choreographed two pieces and took rehearsals for over a month-and-a-half to select the right students and teach them the dance to prepare for the big day. She also designed their costumes, styling, sets and lighting for the performances, which mesmerised the school management, administration and the audience. A look at some moments from the stunning performances!

DIGITISING REMOTE SCHOOLS IN UTTARAKHAND AND HIMACHAL PRADESH

Routes 2 Roots continues its mission to make education inclusive and accessible, especially in remote and difficult terrains like Uttarakhand and Himachal Pradesh. As part of its latest outreach, the NGO installed Interactive Flat Panels (IFPs) in schools across 25 aspirational districts—digitizing four schools per district. Alongside art and culture curriculum, K-12 NCERT-aligned content with 50,000 videos and 100,000 Q&As has been provided. Teachers received extensive training, and the IFPs, equipped with 1 TB storage, support learning even in low-connectivity zones.

Many of these schools were severely affected by last year's flash floods and lack basic infrastructure. Classes are often held outdoors or on the floor. Routes 2 Roots' efforts are bridging this gap, empowering students with quality education and modern tools for a brighter future.

Our team braved tough terrains to reach the remote schools of Auli in Uttarakhand despite rough weather conditions and faced extreme risks to reach Kedarnath another difficult destination situated amid glaciers and snow clad peaks to install the IFP's.

Similarly Routes 2 Roots team installed equipment in schools in **Spiti Valley** (12,000 ft) and **Kinnaur** (13,000 ft), regions marked by extreme terrain and last year's flood damage but the mission to equip these schools was the driving force behind the teams efforts who at places had to carry the IFP on their backs for lack of transport in these remote areas.

WORLD MUSIC DAY AND INTERNATIONAL DAY OF YOGA CELEBRATED

To celebrate World Music Day, students from Dr. B.R. Ambedkar School of Specialized Excellence, Amity University, and T.A. Pai Management Institute curated a special musical concert and quiz for Routes 2 Roots students from the studio. The event saw thousands of students nationwide joining in, filling classrooms with vibrant performances of dance and music.

On International Day of Yoga, a special session was broadcast live from Routes 2 Roots' Delhi studio, led by Yoga Guru Dr. Sanjeev Pathak. Lakhs of children from thousands of schools participated as Dr. Pathak guided them through asanas themed around Women Empowerment and Yoga for Society — promoting holistic well-being and unity.

MAX INDIA FOUNDATION SUPPORT CONTINUES TO TRANSFORM LIVES THROUGH CULTURAL EDUCATION

Max India Foundation (MIF), a key donor of Routes 2 Roots, has once again pledged its support to expand the cultural education program, especially across the less privileged schools in Punjab. Their funding enables us to add more schools in SBS Nagar and Ropar District, reaching thousands of students with free digital classes in 16 art disciplines. Routes 2 Roots also provides these schools free musical instruments to enable their participation and enhance their learning. Schools receive state-of-the-art Interactive Flat Panels installed by our team and the teachers are given orientation to help them with optimum usage. On ground workshops are conducted in these schools where they are briefed with the history and significance of the art form followed by a short performance and then students are encouraged to perform and practice alongside the Guru enhancing their confidence and interest which helps them benefit from expert-led workshops. We sincerely thank MIF for their continued support in advancing our mission.

ROUTES 2 ROOTS CELEBRATED CHILDREN'S DAY BY INTRODUCING AND DIGITISING AN ART AND CULTURE CLASS AT ASPAM SCOTTISH SCHOOL

This year, Routes 2 Roots celebrated Children's Day, with the students of ASPAM Scottish School. The students were overjoyed to witness the digitisation of their music room with live interactive art and culture classes. An intelligent interactive panel loaded with K-12 educational content was installed, creating an innovative space where students can explore Indian music and arts. This initiative aims to foster a deeper connection with cultural roots while embracing modern educational practices. The esteemed Founder of Routes 2 Roots, Rakesh Gupta, in the presence of the Chairman, Mr Ashok Mangaliwala, Principal Ms Meenakshi Zarabi and faculty, inaugurated the program on Children's Day, adding to the joy and enthusiasm of the students.

BRINGING HOPE AND HEALING THROUGH THEATRE AND MUSIC WORKSHOP FOR BOYS OF OBSERVATION HOME

In its first initiative for boys at an Observation Home in Delhi, Routes 2 Roots organized a theatre workshop for 200 children aged 16–18. Conducted by the NGO's theatre expert, the session also featured interns from B.R. Ambedkar School of Specialised Excellence, Amity University, and Manipal's TAPMI, who performed popular songs, bringing joy to the participants. The event ended on a sweet note with ice creams for all.

The home, under the Department of Women and Child Development, houses boys with pending criminal cases. This workshop offered them a rare opportunity to express creativity in a safe environment—helping them explore their potential through art and culture.

BOOK DONATION DRIVE UNDERTAKEN BY ROUTES 2 ROOTS IN COLLABORATION WITH NASSCOM FOUNDATION

Continuing its mission to empower education, Routes 2 Roots, in collaboration with Nasscom Foundation, carried out a book distribution drive for Municipal schools in Delhi. Books were donated to MCD School, DDA Flats, Ghazipur, and MCD School, Joshi Road, Karol Bagh, enriching their libraries with valuable learning materials.

The donated books included storybooks, EVS kits, and other educational resources aimed at enhancing concept clarity and visual learning for young students—further strengthening foundational education in these schools.

ROUTES 2 ROOTS CELEBRATES INDIAN ART WITH EXHIBITION AT AIFACS GALLERY, DELHI

Routes 2 Roots, known for its long-standing commitment to cultural exchange, continues to support visual artist **Bhaskar Singha**, whose paintings were recently featured in a group exhibition at **AIFACS Gallery, Delhi**, inaugurated by the NGO's founder, **Rakesh Gupta**, on 21st March.

The event brought together artists from across India and included notable guests like Biman B. Das, Sushma K. Bhal, and Ashok Bhowmik, reflecting the NGO's dedication to artistic collaboration. Singha's journey continues with a solo exhibition at Jehangir Art Gallery, Mumbai, scheduled for April 2025.

Annual Trip to
KASHMIR

At Routes 2 Roots, we believe in working hard and partying even harder. Every year, the team organises an annual trip to another part of the country to let off steam, celebrate the year's achievements and bond together as a cohesive unit. This year, the locale was picturesque Kashmir. The team spent four mesmerising days between Srinagar and Gulmarg being awe-struck by the natural beauty of the land, doing Shikara rides, Gondola rides, Sledging and site-seeing beautiful locations such as the Shankaracharya Temple and the iconic Lal Chowk.

If the evenings were filled with taking in the stunning beauty of the state, the nights were spent dancing and singing around spirited bonfires and cosy late-night chat sessions. This trip was one of the most memorable one besides the previous ones at Udaipur, Dalhousie & Mussorie.

MILESTONES AND TRIUMPHS
OF THE YEAR
NSE WITNESSES STAR STUDDED LISTING CEREMONY OF ROUTES 2 ROOTS

Year 2024 was a landmark for Routes 2 Roots as the NGO had its bell ringing ceremony to mark its listing on the National Stock Exchange's Social platform, created for the first time ever to help non-profit NGOs to raise funds. Routes 2 Roots became the first cultural NGO in India to be listed on the National Stock Exchange and celebrated the occasion with an oversubscribed first public issue on the SSE.

An awe-inspiring listing program was organised with the support and assistance of the NSE on 3rd April, 2024. The event, which was unprecedented even for the NSE, was attended by Mr Ashishkumar Chauhan , Managing Director & CEO, NSE as well as Dr R Balasubramaniam, Chairman, Social Stock Exchange & Advisory Committee of SEBI. The entertainment industry and cultural fraternity who added sparkle and soul to the event included actor and Routes 2 Roots advisor Juhi Chawla, music composer Shankar-Ehsaan-Loy, Ehsaan Noorani, IPL Kolkata Knight Riders Owner Jay Mehta, Sitar Maestro and Routes 2 Roots advisor Purbayan Chatterjee, renowned Ghazal Singer Sudeep Banerjee, music composer Joi Barua and film director Sudipto Sen among other luminaries from the business fraternity. Senior students from Commerce stream were also invited from our participating schools to experience the listing ceremony. The special guests were honoured with unique mementos and the ceremonial bell was rung by Routes 2 Roots founders and special guests along with Mr Chauhan and Dr Balasubramaniam at 12 PM following an exciting countdown. The historic listing was broadcast live to more than 24000 schools across India.

# A COLLECTION OF TIMELESS ART BOOKS - A PROJECT BY ROUTES 2 ROOTS
On 7th February 2025, Routes 2 Roots launched three landmark books on Hindustani Classical Vocal Music, Kathak, and Bharatanatyam at an event at India Habitat Centre, Delhi.These books, published in collaboration with Parragon Publishers, are an extension of the NGO's cultural education initiative reaching over 2 crore students. They delve into the history, evolution, gharanas, and unique elements of each art form, making them essential for students and art lovers alike.

These books, offering deep insights into classical art forms, are in high demand and are quickly becoming essential resources in school libraries.

Aligned with the National Education Policy's focus on cultural education, schools across states have shown keen interest in the books that serve as valuable tools for aspiring artists and cultural enthusiasts alike. With author visits and book signings underway, these publications are playing a key role in preserving and promoting India's artistic heritage.
ROUTES 2 ROOTS & TATA CLASS EDGE JOINS HANDS TO PROVIDE QUALITY K-12 CONTENT TO PROMOTE DIGITISATION IN CLASSROOMS

Among many firsts this year, Routes 2 Roots entered into another novel tie-up with Tata Class Edge Limited (Smart Class Edge Systems Limited), a subsidiary of Tata Industries Limited, to solely and non-exclusively integrate TCE's proprietary educational content into its Interactive Flat Panels. The IFPs, which are being installed in schools across the country to provide education to remote and underprivileged educational institutions, will feature this special content. This initiative is yet another milestone in providing free of cost education to enhance the learning capabilities of students across the country. This tie-up also enables Routes 2 Roots to continue in its efforts to provide quality educational content and comes as a boon for its digital cultural education program. This also takes education in remote areas to new levels driven by technological advancement.

TEENA VACHANI, CO-FOUNDER ROUTES 2 ROOTS RECEIVES THE "STREE SHAKTI SAMMAN 2025" ON WOMEN'S DAY CELEBRATIONS.

On Women's Day, Delhi Teachers University honored exceptional women at a special event, where Teena Vachani, Co-founder of Routes 2 Roots, received the **"Stree Shakti Samman 2025"** for her remarkable contributions to education and cultural preservation.

Her efforts have empowered countless students and helped preserve India's rich heritage globally through innovative learning programs. The award celebrates her vision, leadership, and dedication to cultural education.

The ceremony was attended by prominent dignitaries including Sangeeta Saxena, Dr. Shobha Vijendra, and Vice Chancellors of leading universities—highlighting the importance of women in shaping a culturally enriched and progressive future.

ROUTES 2 ROOTS RECOGNISED FOR OUTSTANDING CONTRIBUTION TO EDUCATION BY DELHI TEACHERS UNIVERSITY

Routes 2 Roots, known for its unwavering commitment to inclusive education, has grown from 50 schools to 24,000, reaching over 2 crore students across India. In recognition of this transformative impact, Delhi Teachers University conferred the 'Shiksha Seva Samman' on the NGO.

The award was presented to Founder Rakesh Gupta on 6th September, during a Teachers' Day ceremony, by NCTE Chairman Pankaj Arora and Vice Chancellor Prof. Dhananjay Joshi, in the presence of dignitaries including Prof. C.K. Saluja, Honorary Director of Academics, Sanskrit Promotion Foundation.

ROUTES 2 ROOTS-ICCR'S PLATFORM FOR EMERGING GLOBAL FILMMAKING COMPETITION

The **Routes 2 Roots–ICCR International Filmmaking Competition** recently announced its winners, with the top prize going to **Arun Ashok** from Melbourne, Australia, for his impactful short film "The Throw" on the theme "Beyond Borders."

The award ceremony at the **Indian Consulate** in **Melbourne** was led by **Dr. Sushil Kumar**, Consul General, who felicitated Arun. This initiative continues to promote global cultural exchange and support emerging talent, offering filmmakers a platform to share stories across boundaries.

केवी के विद्यार्थियों को दी गई सांस्कृतिक शिक्षा की जानकारी

शैक्षणिक कार्यक्रम में शामिल स्कूल के बच्चे॰ जागरण

संवाद सहयोगी, जागरण, वनौपुर : पीएम श्री केंद्रीय विद्यालय आगरा में छात्राओं को सांस्कृतिक शैक्षणिक सिखाने के लिए भारत सरकार की संस्कृति मंत्रालय की ओर से एक एनजीओ की मदद से रूट्स टू रूट कार्यक्रम का आयोजन गुरुवार को विद्यालय में किया गया। इस कार्यक्रम की शुरुआत विधिवत प्राचार्य कपिल सहगल ने दीप प्रज्वलित कर किया।

इसके अंतर्गत एक ओडिसी नृत्य कार्यशाला आयोजित की गई। जिसमें विद्यार्थियों को भारतीय सांस्कृतिक विरासत और शास्त्रीय नृत्य शैलियों में उत्सुक शिक्षार्थी और भागीदार बनने के लिए प्रेरित किया गया। नृत्य कार्यक्रम का संचालन प्रख्यात शास्त्रीय कलाकार अर्चना चटर्जी और ओम प्रकाश पाठक ने किया। कार्यक्रम की शुरुआत स्थल के प्रधानाचार्य कपिल सहगल सर द्वारा अतिथियों का स्वागत किया और सभी ने दीप प्रज्वलित किया। इसके बाद अर्चना

केवी आगरा में कार्यक्रम के दौरान संबोधित करते प्राचार्य कपिल सहगल॰ जागरण

चटर्जी ने गुरु वंदना के साथ कार्यक्रम की शुरुआत की। इसके बाद उन्होंने नृत्य के माध्यम से विभिन्न मुद्राएं, आसन, ताल और मन, सिर और हृदय के अभिविन्यास का प्रदर्शन किया। यह सत्र नृत्य, प्रदर्शन, प्राण और उत्सव और छात्रों के व्यावहारिक प्रदर्शन का एक जीवंत संबोधन था। विद्यार्थियों ने डेढ़ घंटे के सत्र का भरपूर आनंद लिया। प्राचार्य कपिल सहगल ने कहा कि बच्चों के सर्वांगीण विकास ही इसके लिए संस्कृतिक शैक्षणिक कार्यक्रम रखा गया है।

Routes 2 Roots Launches Art Workshops across Tamil Nadu Schools

CHENNAI

Routes2Roots (R2R), a Delhi-based non-profit organization dedicated to promoting art, culture, and heritage, will be conducting art workshops across schools in Tamil Nadu.

This initiative is designed to support the implementation of India's New Education Policy (NEP) by incorporating the arts into the traditional STEM (Science, Technology, Engineering, and Mathematics) curriculum, transforming it into STEAM (Science, Technology, Engineering, Arts, and Mathematics).

The workshops commenced on 20th of August will continue till the 7th of September across schools in Tamil Nadu. Experienced artists Ashna Dev, Padmapriya NV, Karthik Manikandan will conduct Bharatanatyam workshops across schools in Thanjavur, Rameshwaram, Nagercoil, Ooty, Coimbatore, etc.

Commenting on the initiative, Rakesh Gupta, Founder, Routes2Roots, said, "Integrating arts into the curriculum is essential for the holistic development of students. It enhances their cultural awareness and creativity. Our offline art workshops are well aligned with NEP's vision of fostering creativity and cultural awareness among young learners. By experiencing and engaging with various art forms, students can develop a deeper appreciation for their cultural heritage. We are excited to have a team of talented and experienced artists collaborating with us to bring the richness of the arts to every child. This initiative is a significant step towards making art education accessible to students across the country"

रूट्स2रूट्स ने सुदूरवर्ती इलाकों में स्थापित किए 100 डिजिटल क्लासरूम

इस पहल के लिए औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है।

अमर हिन्दुस्तान

देहरादून। देश के दूरदराज के इलाकों में छात्रों के लिए शिक्षा को सुलभ और समावेशी बनाने के उद्देश्य से, दिल्ली स्थित गैर-मुनाफा प्राप्त संगठन रूट्स2रूट्स ने उत्तराखंड तथा हिमाचल प्रदेश के दूरस्थ भागों में डिजिटल क्लासरूम स्थापित किए हैं। यह संगठन देश में कला, संस्कृति और विरासत को बढ़ावा देने के लिए समर्पित है। रूट्स2रूट्स ने इन दो राज्यों में 100 इंटरैक्टिव फ्लैट पैनल (आईएफपी) लगाए हैं। इस पहल के लिए, औली, केदारनाथ, स्पीति घाटी और किन्नौर आदि जिलों को चुना गया है। रूट्स2रूट्स ने हिमाचल प्रदेश के 12 तथा उत्तराखंड के 13 जिलों में प्रत्येक में चार स्कूलों को डिजिटाइज्ड किया है, जिसके परिणामस्वरूप देश के सबसे सुदूर भागों में आधुनिक एजुकेशनल

टूल्स को पहुंचाया गया है। महात्याकांक्षी जिलों के तौर पर चिन्हित इन जिलों में शिक्षा तथा छात्रों के सर्वांगीण विकास में सुधार पर ध्यान दिया जा रहा है।रूट्स2रूट्स द्वारा तैयार किए गए, आर्ट एवं कल्चर कन्टेंट के अलावा, आईएफपी को एनसीईआरटी पाठ्यक्रम के अनुसार के-12 रोकिक कन्टेंट

से भी सुसज्जित किया गया है। इनमें 50,000एजुकेशनल वीडियो और 100,000प्रश्न एवं उत्तर, शामिल हैं जो छात्रों के लर्निंग अवसरों को बढ़ाएंगे। इस पहल के अंतर्गत शिक्षकों की भी विस्तृत ट्रेनिंग की व्यवस्था की गई है ताकि वे नए उपकरणों का कारगर तरीके से इस्तेमाल

कर सकें। इस पहल के बारे में, राकेश गुप्ता, संस्थापक, रूट्स2रूट्स ने कहा, कि हमारा मिशन अलंत दूरस्थ इलाकों समेत देशभर के सभी छात्रों के लिए, लर्निंग के समान अवसरों को उपलब्ध कराना है।

हम भविष्य की पीढ़ियों के लिए उत्तम शिक्षा उपलब्ध कराने उद्देश्यक के तौर पर पहचान बनाने का इरादा रखते हैं। हालांकि कुछ इलाकों तक पहुंचना बेहद कठिन है लेकिन हमारी टीम ने ऐसी बाधाओं को पार कर हरेक छात्र के लिए क्वालिटी एजुकेशन उपलब्ध कराने की प्रतिबद्धता प्रदर्शित की है। हम आगे भी देश के सुदूरतम भागों में रहने वाले छात्रों के लिए, उसी प्रकार की शैक्षिक सुविधाएं, मुहैया कराने के प्रयास जारी रखेंगे जैसे कि शहरी इलाकों में रह रहे छात्रों के लिए उपलब्ध होती हैं।"

VOICE OF IMPACT

ओडिसी नृत्य

आज हमारे विद्यालय में Routes 2 Roots गतिविधि के अंतर्गत कीनिश्वा जी हमारे विद्यालय की आये। उन्होंने हमें ओडिसी नृत्य के बारे में बताया और हमें अपने देश के कुछ नृत्य और पारंपरिक चीजें सिखने का मौका मिला, जिससे हम लायता थे। हमें सीखने का मौका मिला, उन्होंने इस नृत्य करने के बाद हमें उसके बारे में भी बताया। उन्होंने छोटे-छोटे बच्चों को नृत्य पर कुछमकर नृत्य सिखाया और बच्चों ने भी वह नृत्य काफी खुशी-खुशी सिखा उन्होंने हमें आठ (8) प्रकार के ठहलग-मठलग जगहों में नृत्य के बारे में बताया हमें बहुत अच्छा लगा कि वह अपना कीमती समय निकालकर कर, हमारे विद्यालय आये और हमें सिखाया।

धन्यवाद!

Routs to Roots

1) मैंने पञ्चम वेद नाट्य शास्त्रम के बारे में जाना।
2) मैंने भरतनाट्यम के चोथा मतलबों को सीखा। पहला है - एक भरतनाट्यम भाव, राग, ताल और नाट्य व और दूसरा भार भरत ऋषि के बारे में
3) हमारे भारतीय संस्कृति के बारे में कई ऐसी चीजें जानने को मिली जो हमें पहले पता नहीं थे।
4) हमें उन्होंने अपनी संस्कृति के बारे में जागरूक किया।
* हम सौरव सर और शिवम सर सर को बहुत बहुत धन्यवाद, देना चाहती हूँ।
5) हमें प्रेरित भी किया।

धन्यवाद

समीक्षा / feedback-

आज हमारे विद्यालय में ROUTES 2 Roots कार्यक्रम के अंदर एक नृत्य का कार्यक्रम हुआ नृत्यकार ने सबको पहले नृत्य का अर्थ समझाया और उसकी महत्ता बताई। उन्होंने हमें फिर नृत्य के प्रकारों के बारे में बताया व हमें शास्त्रीय नृत्य के आठ प्रकारों के बारे में अवगत कराया। फिर हमें ओडिसी नृत्य की एक सुंदर प्रस्तुति देखने का मौका मिला जो कि बहुत ही मनमोहक थी। फिर सर ने हमें शास्त्रीय नृत्य के इतिहास के बारे में जानकारी दी व उसके बाद हमें पल्लवी नृत्य की एक छोटी सी प्रस्तुति दिखाई। अंत में सर हमें व हमारे विद्यालय के छात्र व छात्राओं को नृत्य की मुद्राओं के बारे में बहुत जानकारी पूर्ण ज्ञान दिया। बहुत सी नयी चीजों के बारे में सीख कर मुझे बहुत सारा ज्ञान मिला व मैं चाहती हूँ कि भविष्य में हमें और ऐसे ज्ञान की प्राप्ति हो व यह नृत्यकार वापिस हमारे विद्यालय में आये, इनका हमेशा हमारे विद्यालय में दिल से स्वागत है।

PM SHRI KENDRIYA VIDYALAYA SIDDHARTH NAGAR

For both of you,

First of all thank you to both of you and Routes 2 Roots for coming in our school and teaching us about our culture and tradition. Today we learned alot of things. Saurabh Sir, your expressions, gestures were extremely good. and Shivam Sir, your way of presenting things were really good. I was dumbstruck. take your dance was mesmerising. We learnt that persuing cmy art form is great. We have to work towards it. We also learnt how rich our culture and tradition is. Once again thank you.

Detailed Questionnaire for Student Survey for Routes 2 Roots Initiative

This survey is designed to gather feedback from students involved in the "Routes 2 Roots" NGO initiative. It aims to assess both qualitative and quantitative aspects of their involvement in helping the students to learn digital arts and cultural education. The questionnaire is structured according to the **Logical Framework Model (LFM)** to analyze inputs, activities, outputs, outcomes, and long-term impact.

Section 1: Demographic Information

1. Name (optional):

2. Age:

3. Grade/Year of Study:

4. School Name:

5. Gender:

6. Location (City, State):

Section 2: Program Awareness and Participation

7. How did you learn about the digital art and cultural education program by Routes 2 Roots?

- School announcement
- Teacher recommendation
- Social media
- Friends/Peers
- Other (please specify)

8. How frequently do you participate in the program?

- Daily
- Weekly
- Monthly
- Occasionally
- Rarely

9. On a scale of 1 to 5, how would you rate your overall interest in digital art and cultural education before joining the program?

- 1 (Not Interested)
- 2
- 3
- 4
- 5 (Very Interested)

Section 3: Infrastructure and Online Classes (Input)

10. Do you have access to a reliable internet connection for attending online classes?

- Yes, always
- Sometimes
- No, I often face issues

11. How would you rate the quality of the infrastructure provided for online classes?

- Excellent
- Good
- Average
- Poor

12. What challenges do you face in accessing online classes?

- Internet connectivity issues
- Lack of a proper device (laptop/tablet)
- Inadequate learning materials
- Distractions at home
- No issues

Section 4: Program Content and Quality (Activities/Processes)

13. Which topics have you found most interesting in the program?

- Digital painting and illustration
- Traditional art forms and heritage
- Cultural history and music
- Animation and multimedia
- Other (please specify)

14. On a scale of 1 to 5, how engaging do you find the teaching methods used in the program?

- 1 (Not Engaging)
- 2
- 3
- 4
- 5 (Very Engaging)

15. Do you feel the course content is relevant to your interests and learning needs?

- Yes, very relevant
- Somewhat relevant
- Not really relevant
- Not relevant at all

16. How often do the instructors encourage student participation and interaction during classes?

- Always
- Often
- Sometimes
- Rarely
- Never

Section 5: Learning Outcomes and Skills Development (Outputs and Outcomes)

17. What new skills have you gained from participating in the program?

- Digital art techniques
- Traditional art techniques
- Cultural appreciation
- Multimedia editing (video, audio)
- Critical thinking and creativity
- Other (please specify)

18. On a scale of 1 to 5, how much do you feel your skills in digital art and cultural understanding have improved since joining the program?

- 1 (Not Improved)
- 2
- 3
- 4
- 5 (Significantly Improved)

19. How confident are you in applying the skills learned from the program in real-world scenarios or future opportunities?

- Very confident
- Somewhat confident
- Neutral
- Not very confident
- Not confident at all

20. Have you applied any skills or knowledge from the program in your personal projects or school assignments?

- Yes, frequently
- Occasionally
- Rarely
- No, not yet

Section 6: Impact Assessment (Outcomes and Impact)

21. On a scale of 1 to 5, how much has the program influenced your interest in pursuing a career or further studies in arts or cultural fields?

- 1 (No Influence)
- 2
- 3
- 4
- 5 (Strong Influence)

22. Do you feel the program has helped you connect better with cultural heritage and traditional art forms?

- Yes, significantly
- Somewhat
- A little
- Not at all

23. In your opinion, how can the program be improved to better meet students' needs? (Open-ended)

24. Do you think the skills you have gained through the program can help you in other subjects or areas of life? Please explain. (Open-ended)

Section 7: Logical Framework Analysis

25. Do you feel the program is achieving its goal of promoting digital art and cultural education effectively?

- Yes, very effectively
- Moderately effectively
- Not very effectively
- Not at all

26. Which of the following do you consider indicators of the program's success?

- Improved skills in digital and traditional art
- Increased cultural awareness and appreciation
- Better quality of online classes and infrastructure
- Higher student participation and engagement
- Recognition in school or local events for arts

27. What factors could prevent the program from achieving its desired outcomes?

- Lack of interest from students
- Poor infrastructure for online classes
- Limited time or scheduling conflicts
- Inadequate support from teachers or schools
- Other (please specify)

28. How likely are you to continue participating in the program if it extends to future sessions?

- Very likely
- Likely
- Not sure
- Unlikely
- Not at all likely

29. What new topics, skills, or activities would you like to see included in future digital art and cultural education programs? (Open-ended)

Section 8: Open Feedback

30. Any additional comments or suggestions for the program or Routes 2 Roots? (Open-ended)

Please rate your answer on 5-0 scale. 5 being excellent & 0 being very poor

A] Curriculum & Course Content

1. Do you have the course curriculum? Are you familiar with it?

   ☑ (i) Yes   (ii) A little bit   (iii) Not at all

2. How relevant is the subject matter or course content? _Relevant_

3. How simple and clear is it to follow? _Easy_

4. What additional material would you like presented?

   Music and use of instruments

B] Artist/Gurus Feedback

5. How would you rate the quality of Artists? _Excellent_

6. Is the language of instructions easy to follow?

   ☑ (i) Yes   (ii) A little bit   (iii) Not at all

6. Are the instructions clear, simple and understandable?

   ☑ (i) Yes   (ii) A little bit   (iii) Not at all

7. Are the teachers/Gurus friendly and open to questions and discussions?

   ☑ (i) Yes   (ii) A little bit   (iii) Not at all

C] Technical Support

8. Is the quality of video and sound clear? Yes/No   _Yes_

9. Is the technical support and resolution of the complaint satisfactory? YES /No

10. Rate the quality of the offline/recorded classes. _Excellent_

D] Website/Application software

11. How user-friendly is the website routes2roots.com? _Good_

12. Is all the information available on the website?

    ✓ (i) Yes   (ii) A little bit   (iii) Not at all

13. What would you like to be added or changed to the website?

    Timing of programme should be extended

14. Do you visit the Routes 2 Roots website for archival classes?

15. (i) Almost Every day   ✓ (ii) a Few times a week   (iii) Not at all

Have you downloaded the R2r App? Yes/No is the navigation of the app user-friendly? Yes/ No

E] Course Timeline

16. Are you satisfied with the pace of learning/ teaching by the Routes 2 Roots gurus? Yes/No

17. What was the (average) amount of time you spent on the Routes 2 Roots e-learning course?

    20 minutes per day.

F] E-Learning

18. Are you satisfied with the teachers/Gurus' interaction with your students? Yes/No

19. Identify three ways to improve this Routes 2 Roots e-learning course.

    1. _Budding artist should be given Chance_
    2. _Easy access of app._
    3.

20. Which discipline classes are the students regularly attending in your school?

    ✓ Hindustani Classical Vocals   ✓ Yoga
    ✓ Hindustani Classical Harmonium   • Sitar
    ✓ Tabla   ✓ Flute
    • Carnatic Vocal   ✓ Brain Development
    ✓ Keyboard   • Sitar
    ✓ Guitar   • Punjabi Literature
    • Bharatanatyam   • Fun with Art
    • Kathak
    ✓ Theatre

21. Does the program meet your and your children's expectations if not, what would you suggest to make it up to your expectation?

    All good.

G] Workshops

21. Have you attended the workshop conducted in your school? Digitally/Physically Yes/No

22. Do you feel the students benefit from these kinds of workshops and they should be conducted more often?

Yes, Frequently

H] Timings

23. Are the timings of live classes [9-10 pm, 11-12 pm, 12-1 pm] suitable? Yes/No

24. What would be the most suitable timing for live classes for your students?

Evening 6 to 8

25. Do you feel that the Routes 2 Roots program has gained more importance after the implementation of NEP 2020? Yes/No

26. Please mention the total number of students (approx.) participating in Routes 2 Roots classes, workshops, and competitions from your school. Along with their age group.

400.

Are the students satisfied with the distribution of participation certificates, Winning certificates/ Trophies, and other prizes? Yes/No

Annual Social Impact Assessment Report 2023-24 – R2R

Dear Sirs,

We M/s ESGPRO Consultancy India LLP having registration no. ACC-8869 empanelled with ICMAISAO vide empanelment no. ICMAI SAO/ 2024-25/SIAO/001 are pleased to submit our Assessment report on the Annual Impact report of Routes 2 Roots hereinafter referred to as "R2R" or "NGO" or "NPO") for the financial year 2023-24 as required by Regulation 91 (E) of SEBI (Listing Obligation and Disclosure Requirements (LODR), 2018). The assessment has been carried out covering all the major aspects as prescribed by the Guidance Note issued by SEBI in Circular No 2022/120 dated 19th September 2022 covering all the significant activities carried out by R2R. The primary objectives of the assessment of the Routes 2 Roots program in the Digital Learning of Performing Arts.

Conformance to Framework for Social Audit Standards, Code of Conduct

This social impact assessment has been conducted in accordance with the Framework for Social Audit Standards and the applicable Social Audit Standards (SAS) viz SAS 300 – "Promoting Education employability and livelihoods" and SAS 600 – "Protection of National Heritage and Culture" issued by the Self-Regulatory Organization (SRO). The audit adheres to the ethical guidelines outlined in the Code of Conduct for Social Auditors, ensuring objectivity, confidentiality, and integrity throughout the process

Independence

The social impact[1] assessment was conducted by professionals with domain knowledge of the concerned thematic subject, and suitable skills, competence and experience in social impact assessment in the thematic area as per SEBI requirements for Social Impact Assessment.
Our work was performed in compliance with the requirements of the Code of Conduct for Social Impact Assessors of ICMAISAO, which requires, among other requirements, that the members of the assessment team be independent of the organization assessed. The Code also includes detailed requirements for practitioners in relation to integrity, objectivity, professional competence and due care, confidentiality and professional behavior. The social impact assessment organization has systems and processes in place to monitor compliance with the Code and to prevent conflicts regarding independence.

---

[1] Impact may not come in initial years and may come later in the fourth or fifth year onwards, in such cases there would not be any impact to report. Hence the word impact should be used very judiciously. Reference may be made to the logic model framework in this regard.

Responsibility of Reporting Entity (R2R) and Social Impact Assessor (ESGPRO)

a. R2R Responsibility

R2R is responsible for preparing a comprehensive Social Impact Assessment (SIA) report by identifying stakeholders, collecting baseline data or conducting situational analysis, and analysing potential social impacts (both positive and negative) of the proposed project while paying special attention to vulnerable groups and gender-specific concerns.

R2R is responsible to allocate adequate resources, maintain proper documentation, and prepare detailed implementation plans with clear timelines and budgets. Additionally, the R2R must develop appropriate mitigation measures, enhancement strategies, and monitoring frameworks, ensuring all processes are transparent and well-documented in order to comply with legal and policy frameworks, and present an unbiased, evidence-based report in a transparent manner.

In relation to the Social Impact Report, referred to in this report contained therein, the management is responsible for ensuring that the Report is prepared in accordance with established social impact assessment methodologies and relevant guidelines and the accuracy and completeness of the information as presented in the Report including a comprehensive assessment of the social impact arising from the organization's activities

R2R is also responsible for disclosing all relevant social impacts, even those that may be perceived as unfavorable. Transparency is crucial for stakeholders to understand the full range of potential social consequences.

b. Social Impact Assessment Firm (ESGPRO) Responsibility

A Social Impact assessment, conducted as an independent, objective and reliable examination of impact of a project / program / project-based activity of a social enterprise, is designed to Assess whether the project / program / project-based activity is operating in accordance with the stated strategic intent and planning, assesses the stated performance in terms of impacts/ outcomes and to provide suggestions, if any, to improve the impact measurement and/ or performance and to provide a report thereon

The Social Impact Assessment Report by its very nature involves numerous assumptions, inherent risks, and uncertainties, both general and specific. The conclusions drawn are based on the information available with us at the time of writing this report. No representation or warranty, express or implied, is made with respect to the information contained in this report

The work was limited to the samples/specific procedures described in this report and were based only on the information and analysis of the data obtained through interviews of beneficiaries supported under the project, selected as sample respondents. Accordingly, changes in circumstances/samples/ procedures or information available could affect the findings outlined in this report.

The deliverables in this report in no way should be construed as an opinion, attestation, certification, or other form of assurance. We have not performed any procedure which can be constituted as an examination or a review in accordance with generally accepted auditing standards or attestation standards. We have not audited or otherwise verified the information supplied to us in connection with this engagement, from whatever source. Further, comments in our report are not intended, nor should they be interpreted to be legal advice or opinion.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the client for the report, or for the conclusions expressed in this independent Social Impact Assessment Report and the conduct of the engagement is based on the assumption that the data and information provided to us is complete and true. We expressly disclaim any liability or co-responsibility for any decision, a person or entity would make based on this report.

The assessor is responsible for evaluating the SIA report's quality, accuracy, and compliance with prescribed standards and in the prescribed format by Stock Exchange. The assessment has been carried out covering all the major aspects as prescribed by the Guidance Note issued by SEBI in Circular No 2022/120 dated 19th September 2022 covering all the significant activities carried out by R2R. The primary objectives of the assessment of the Educate Girls' program to assess the role of R2R in promotion of Digital Arts and Culture.

This further includes verifying baseline data or evaluating situational analysis, reviewing the impact analysis, and ensuring that mitigation measures are practical and effective. ESGPRO has to provide recommendations to improve the report and highlight any gaps, ensuring a fair and reliable assessment process.

Work Undertaken

We have conducted a social impact assessment of the projects(s) placed before us and also examined the Annual Social Impact Report in Form 1B by performing procedures including review of records of the Social Enterprise, documents in relation to projects assessed, conduct of surveys, review of survey responses, field visits, meetings with communities served and such other procedures as considered relevant and necessary. Any comments on the form are incorporated in our detailed report.
We have also examined a sample of the data and the sources of information on which the Social Impact Assessment Report is based. The annual social impact assessment consisted of sample verification of communities/ segments.

Report

Our detailed report, concluded based on discussions with the client and contains the following Sections and form integral part of our assessment.

Section A: Brief about the Project and Social Enterprise (Responsible Party)
Section B: The Scope of Impact Assessment, Purpose, Approach, Methodology and Limitations
Section C: Summary findings of survey undertaken, Alignment with national and State priorities
Section D: Gaps or challenges identified along with recommendations
Section E: Annexures: Blank Copy of Survey Forms, Photos of Field Survey

SECTION A: Executive Summary

This report presents the findings of the social audit conducted for the Routes 2 Roots Digital Program - Digital Learning of Performing Arts. The audit evaluates the program's implementation, outcomes, and alignment with regulatory andsocial objectives adhering to SEBI's guidelines and Social Audit Standards (SAS) 300 and 600. The Routes 2 Roots Digital Program is an innovative initiative designed to promote cultural education and preserve India's rich heritage by leveraging digital platforms to bring performing arts to the forefront. The program aims to bridge the gap between rural and urban audiences by providing equitable access to quality cultural content, particularly for those in underserved and remote regions. This initiative aligns with the broader goals of inclusivity, education, and the empowerment of marginalized communities, contributing to the Sustainable Development Goals (SDGs) 4 (Quality Education) and 16 (Peace, Justice and strong institutions).

A.1 Background of the Engagement

Routes 2 Roots (RR) is registered with NSE's SSE segment (Reg. No. NSESSENPO0032) and BSE's SSE segment (Reg. No. BSESSE0035NP2324) since16.06.2023 and 22.11.2023 respectively. SEBI's Regulation 91(E) mandates social enterprises to submit an Annual Impact Report assessed by an empanelled Social Impact Assessment Firm. The assessment evaluates Routes 2 Roots' impact on students through the inclusion of digital arts, culture, and heritage, while addressing accountability, transparency, and alignment with SEBI's 2022 guidelines.

A.2 Key Program Objectives

- Upgrade an easier-to-use app with AI tools for a better student usage experience.
- Strengthen our capacity to deliver in-person workshops across all schools.
- Develop satellite studios in different parts of India to promote teaching in the local language about local culture.
- Strengthen the training, outreach, and engagement with the teachers in all the schools which are part of our program.
- Reach out to schools in stressed and backward areas where the existing infrastructure could be upgraded to modern digitalised classrooms.

A.3 Program Activities

The program uses a digital-first approach, enabling students, educators, and

Metrics	Target Nos.	Achieved Nos.
Workshops	932	747
Live Classes yearly	308	308

tools Routes 2 Roots has successfully created a virtual space where traditional and contemporary art forms can thrive, even in the face of geographical, socio-economic, and logistical barriers. The total no. of schools reached 24,497 out of which agreement with Haryana Government for Diksha Portal-14,132 schools, Punjab Government- 2342, Delhi Government - 1070 schools, NDMC 4000, MCD-1700 Schools, Kendriya Vidyalaya- 1253.

A.4 Key Findings

The Routes 2 Roots (RR) program has significantly enhanced cultural education through digital learning, reaching over 1.35 million students across 1800 schools in 2023-24. The initiative has successfully integrated performing arts into education, improving student engagement, artistic appreciation, and mental well-being. Surveys indicate that 65% of students attend online classes daily, while 55% show a high interest in digital art and culture. Schools have reported a 73% improvement in cultural awareness, with 74% of teachers observing substantial skill development among students. Despite its success, challenges remain, including 27% of students citing inadequate learning materials and 35% facing connectivity issues. Additionally, 45% of teachers reported technical difficulties, and 30% highlighted limited time for integration into academic schedules. To maximize impact, addressing these gaps through infrastructure improvements, hybrid learning models, and better teacher facilitation is essential

A.5 Conclusion

The Routes 2 Roots (R2R) program has successfully enhanced cultural education and digital learning, particularly benefiting marginalized students in rural and underserved regions. By digitizing classrooms and integrating performing arts into education, it has significantly improved student engagement, creativity, confidence, and mental well-being. Schools have reported reduced stress levels, improved student behaviour, and increased academic focus. Stakeholder feedback highlights strong participation and a positive reception from both students and teachers. The program's structured monitoring, grievance redressal mechanisms, and commitment to quality assurance ensure long-term sustainability.

To further enhance its impact, key recommendations include strengthening infrastructure to address connectivity challenges, expanding in-person workshops to boost student engagement, and refining hybrid learning models to improve accessibility. Enhanced teacher training and curriculum alignment with school schedules will optimize
participation. Implementing targeted inclusivity measures will ensure broader reach, particularly in remote and economically disadvantaged communities. Strengthening risk mitigation strategies and performance tracking mechanisms wil further ensure the program's sustainability and scalability, making cultural education more inclusive, impactful, and

SECTION B: About the Project and Routes 2 Roots

B.1 Background of the Engagement

Routes 2 Roots, also known as "R2R" (hereinafter referred to as "R2R" or "NGO" or "NPO" or "Society") was registered and incorporated on December 1, 2004, as a Society, (validly existing under the Society Registration Act, 1860). The NPO is registered with SSE segment of National Stock Exchange on 16.06.2023 bearing registration no.: NSESSENPO0016 and with the Bombay Stock Exchange on 22.11.2023 bearing registration No. BSESSE0035NP2324

As required by Regulation 91 (E) of SEBI (Listing Obligation and Disclosure Requirements (LODR), 2018), every Social Enterprise which is either registered with or raised funds through a Social Stock Exchange or a Stock Exchange shall be required to submit an Annual Impact Report to the Social Stock Exchange. The annual impact report shall be assessed by a Social Impact Assessment Firm employing the Social Impact Assessor.

Routes 2 Roots has engaged M/s ESGPRO Consultancy India LLP, a Social Impact Assessment Firm empaneled with self-regulatory authority carrying empanelment no. ICMAI SAO/2024-25/SIAO/0001 vide engagement letter dated 28.09.2024. Mr. Rakesh Tayal is the Social Impact Assessor having membership no. ISAI/SA 025.

The assessment has been carried out covering all the major aspects as prescribed by the Guidance Note issued by SEBI in Circular No 2022/120 dated 19th September 2022 covering all the significant activities carried out by R2R. The primary objectives of the assessment of the Routes 2 Roots program in the Digital Learning of Performing Arts.

B.2 About the Project

Routes 2 Roots focuses on exposure to students in the schools to the rich Indian cultural heritage thereby Educating the new generation with the Rich Indian art and culture. The Routes 2 Roots operates in all the states of the India and covers all the districts focusing on the backward regions. The program is designed to promote and empower the new generation with cultural heritage among the School and College Students. This also enables schools, especially in the backward area, to experience the digital classroom and hybrid learning.

Routes 2 Roots

The program is mapped with achieving the targets in area of SDG4 "Quality Education" by promoting mental and emotional wellness through its cultural and educational initiatives and SDG 16 "Peace, justice and Strong Institutions" Art projects revitalize urban areas, making cities more inclusive, safe and sustainable. Cultural initiatives promote sustainable urban development and community pride. The program objective is further matched its social intent by matching criterion as mentioned under regulation 292E "(iv) promoting education, employability and livelihoods and "(vii) protection of national heritage and culture of SEBI (ICDR) Regulations 2018.

By leveraging the Government's existing investment in schools and alignment of program with National Education Policy 2020, Ministry of Culture Scheme for promotion of Art & Culture. Routes 2 Roots with the help of 34 employees, 327 Artists, 4 volunteers, with the coordination of school teachers and a huge base of 24000+ Schools and University works towards promotion of Digital Performing arts and culture. This helps in growing interest of students in Indian Art, Heritage and Culture.

a. Target Segment:

The project serves the following target segment:

I	Segment	Primarily Govt. aided School and College Students
II	Gender	All Gender
III	Age Group	6 and Above
IV	Thematic Issue	"(iv) promoting education, employability and livelihoods and "(vii) protection of issue national heritage and culture of SEBI (ICDR) Regulations 2018.
V	Geography	• Al India. (28 States and 8 Union Territories) • Rural and Remote Areas: Routes 2 Roots also operates in some of the most educationally backward and geographically challenging regions of India. These areas include rural villages with sparse populations, limited infrastructure, and difficult terrains. • Ecosystem Characteristics: The focus is on schools and Universities which have been affected by natural calamities, which have destroyed infrastructure and properties. Also, includes the schools which do not have arts and cultural activities teachers and resources.
VI	Income	Organisation is catering in Government Schools in low-income groups.

Internal Definition of Target Segments:

Routes 2 Roots defines its target segments based on the following criteria:

Students: Students studying from kindergarten to 12th and College University students

b. Purpose / Objective.

Its primary objective is to introduce Art and Culture in the main K12 education and thereafter. This objective has been further strengthened by addition of Arts in NEP 2020 making STEM to STEAM. Most of the schools in the rural areas did not have Art, Culture as a subject and therefore introducing this in the schools have addressed various issues including stress relief and mental health of the students. By addressing critical issues such as limited infrastructure, lack of arts and cultural resources, and skill development, the project seeks to empower students and schools.

Name of the program	Routes 2 Roots Program
SDG Goal Alignment	SDG 4 - Quality Education and SDG 16 - Peace, Justice and Strong Institutions
Thematic area under SEBI (ICDR) Regulation 2018 292E(iv) and (vii)	(iv) "promoting education, employability and livelihoods" and (vii) "protection of National Heritage and culture of SEBI (ICDR) Regulations 2018."
Purpose of the Project	1. Upgrade an easier-to-use app with AI tools for enriching student usage experience. 2. Strengthen our capacity to deliver in-person workshops across all schools. 3. Develop Virtual Smart classrooms in different parts of India to promote teaching in the 120 languages about culture. 4. Strengthen the training, outreach, and engagement with the teachers in all the schools which are part of our program

Name of the program	Routes 2 Roots Program
	support them in their innovative teaching style. 5. Reach out to schools in stressed and backward areas where the existing infrastructure could be upgraded to modern digitalized classrooms.
Duration of Program	It's an ongoing program; however, the curriculum is for 3 years for each discipline.
Number of Direct Beneficiaries FY 23-24	School Students: 13,58,410 (based on students in school with whom MOUs are entered).

Problem Overview:

i. Problem Statement:

Despite India's rich cultural heritage, many students lack adequate exposure to traditional arts and cultural values, leading to a disconnect with their roots. The rapid adoption of gadgets, peer pressure, and academic stress have further contributed to declining mental well-being and social tolerance among youth. Additionally, schools face challenges in integrating cultural education into their curricula due to limited resources and expertise, hindering the holistic development of students.

Routes 2 Roots addresses these issues by promoting cultural preservation, fostering mental wellness, and enabling access to inclusive digital learning in arts and heritage, thus bridging the gap between tradition and modern education.

ii. Extent of Challenge:

Extent of the Challenge for Routes 2 Roots

• **Cultural Disconnect**
Many students in India are losing touch with their cultural roots, with limited exposure to traditional arts, heritage, and values in schools. This gap is further widened by modern influences and lack of resources for cultural education.
• **Increasing mental health issues and lack of emotional intelligence among students**
Rising stress levels due to academic pressure and peer influence have resulted in decreased tolerance and emotional resilience among students.
• **Health Issues**
Mental Health in students has taken the shape of pandemic, and educators are taking up this problem with all seriousness. High stress, anxiety, depression, social isolation, peer competition, difficult expressing emotions and processing trauma are causing mental stress.
• **Resource Constraints in Schools**
A significant number of schools lack infrastructure, funding, and trained personnel to integrate arts and culture into their curricula, which is essential for holistic development under the New Education Policy 2020(NEP).
• **Digital Accessibility Divide**
While digital education has seen rapid growth, equitable access to high-quality content remains a challenge, particularly for underserved communities.
• **Sustainability and Scaling**
Ensuring consistent delivery of free, high-quality, real-time digital learning to thousands of schools nationwide while maintaining cultural relevance and engagement is an ongoing challenge. ONSULTANCA AC-869 ESGPRO dated 28.09.2024. Mr. Rakesh Tayal is the Social Impact Assessor having membership no. ISAI/SA 025.

Routes 2 Roots is committed to addressing these challenges through innovative digital platforms, partnerships, and outreach programs to ensure cultural preservation and student R2R well-being.

c. Program / Intervention Summary:

Routes 2 Roots focuses on reviving India's rich cultural heritage and fostering mental well-being among students through innovative digital education. Its flagship program, **VIRSA the digital learning of Performing Arts** imparts free, real-time interactive classes in over 16 disciplines of performing arts, including yoga, classical music, Dance etc.

These classes are streamed to schools nationwide, leveraging advanced multi-camera setups for a virtual classroom experience. The program aligns with the New Education Policy (NEP) by integrating arts into school curricula and addressing key challenges like cultural disconnect, mental stress, and equitable access to education.

With an emphasis on accountability, transparency, and alignment with SEBI's 2022 guidelines, Routes 2 Roots is designed to promote and empower the new generation with cultural heritage among the School and College Students.

Parameter	Details
Goals and Objectives	- Revive awareness of Indian cultural heritage among students. - Enhance mental well-being through performing arts and yoga. - Ensure equitable access to quality education.
Target Beneficiaries	- School and Colleges students across India (inclusive of underserved and rural communities).
Input Resources	- Partnerships with schools and stakeholders nationwide. - Creating Digital Classrooms and installation of equipment like LED/ Interactive flat panel, Wi-Fi Camera, Operating system, application and providing K12 Education Content and training the respective schoolteachers. - Expert reputed Gurus in various performing arts disciplines. - Creating state of art studio with multi cameras shoot and audio, video equipment. - Identifying coordinators in every school for smooth functioning
Activities	- Interactive digital learning in performing arts (16 disciplines including yoga, music, dance etc.). - Cultural education integrated into the school curriculum. - Daily free real-time classes streamed to schools. - Physical Workshops - Annual Al India Competitions
Outputs	- Daily arts education to beneficiaries nationwide. - Increased awareness and appreciation for Indian culture among students. - Implementation support for NEP 2020 cultural curriculum integration.
Outcomes	- Improved mental health and emotional resilience in students. - Greater cultural literacy and pride in Indian heritage. - Enhanced creativity and holistic development in young learners.
Impact	- Sustainable preservation of Indian cultural heritage through youth engagement. - Bridging educational gaps in underserved communities through inclusive and equitable arts and K12 education.

• KPIs:

i. Operational Target

S No.	KPIs	Nos.
1	Workshops	932
2	Daily live classes in a year	308
3	No. of Schools	500
4	No. of Annual Competition	1

ii. Budget

| S No.	KPIs	Rs. Crore
1	Digitising The Classrooms	2.65
2	Workshop	1.90
3	Class	1.01
4	Competitions	0.13
5	Musical Instruments	-
6	IT Expenses	0.18
7	Other	0.05
	Total	5.92

B.3. Brief about Social Enterprise (Organization) - R2R

Routes 2 Roots (also known as "Routes 2 Roots") (hereinafter referred to as "Routes 2 Roots" or "R2R" or "the Society" or "the Foundation") was incorporated on December 1, 2004, validly existing under the Societies Registration Act 1860. The Society has its Registered Office at S-43, Panchsheel Park, New Delhi - 110017. Corporate/ Head Office/ Studio at G2, Max Towers, Delhi One, Sector-16 B, Gautam Buddh Nagar, Noida, Uttar Pradesh-201301, The Corporate identification no. of the Society is L65110GJ1993PLC020769. Routes 2 Roots operates in all over India.

The objects to be pursued by the Society in line with **Memorandum of Society** are

I.   Start education of school children in field of culture physically or digitally.
II. Strengthen capacity to develop in-person workshops Physically or digitally in schools.
III. Create Studios and all required facilities to achieve and enhance the cultural education in schools physically or digitally.
IV. Identify and promote known / upcoming artist / performers from all over India / world.
V.   Develop and upgrade an easier-to-use app that better references our archives and integrate technology, including AI.
VI. Strengthening the training, outreach and engagement with the teachers in all the schools that R2R reach.
VII. Reach out to schools in stressed and backward areas and where existing infrastructure could be made more robust.

B.4. Organization Structure and Governance

ESGPRO
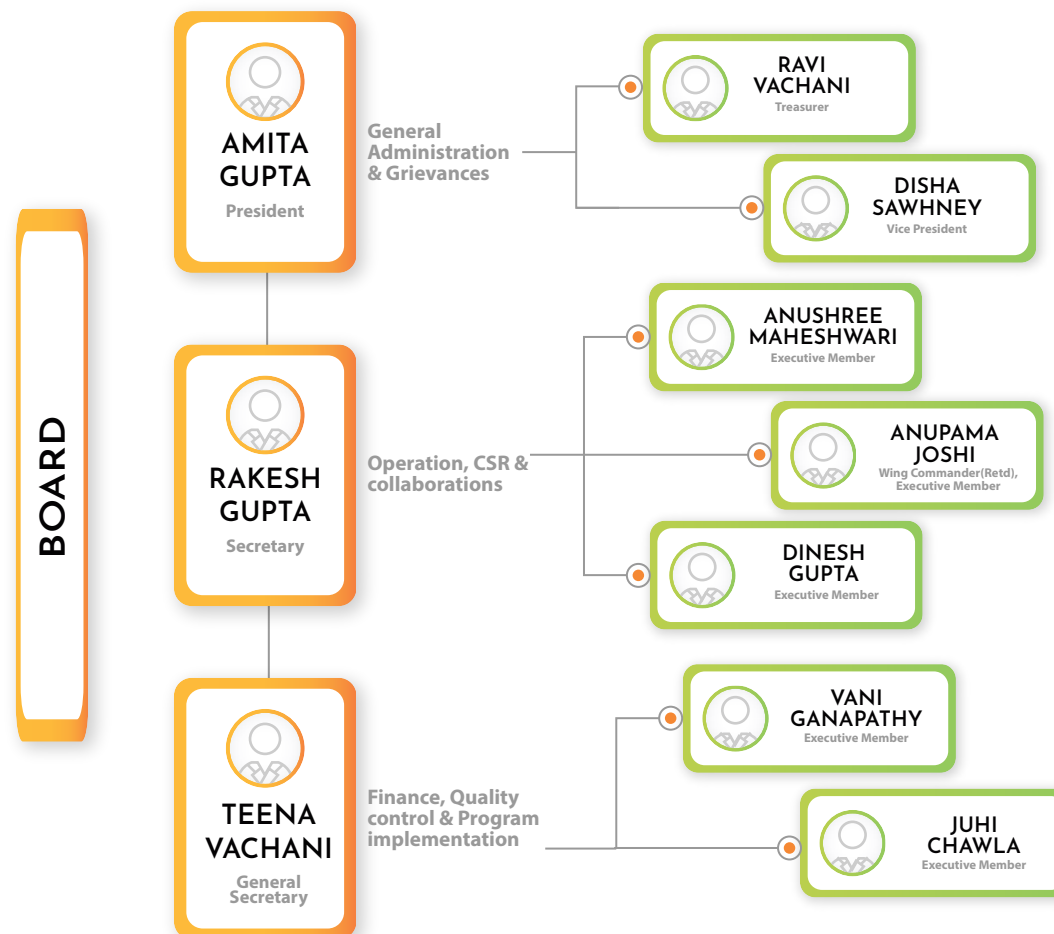

B.5. Organizational Approach:

Routes 2 Roots adopts a structured and holistic approach to achieve its mission of promoting education, employability, and cultural preservation in underserved communities. The organization focuses on collaboration, inclusivity, and sustainability to ensure meaningful and long-term impact.

1. Community-Centred Initiatives:

The organization prioritizes working directly with schools, universities, and communities in rural and remote areas. It engages local stakeholders, including grassroots artists, educators, and community leaders, to co-create programs that address specific educational and cultural needs.

2. Collaborations and Partnerships:

Partnerships with **corporate social responsibility** (CSR) initiatives, government bodies, and cultural organizations form the backbone of its programs. These collaborations provide financial support, resources, and expertise required for implementing large-scale interventions like rebuilding disaster-affected schools and conducting cultural exchange programs.

3. Education and Cultural Integration:

The approach emphasizes integrating arts, culture, and heritage into mainstream education through specialized programs. For instance, "Exchange for Change" fosters cultural appreciation and cross-cultural learning among students, while workshops and events highlight the importance of preserving traditional art forms

4. Capacity Building:

Routes 2 Roots focuses on capacity building by training teachers, empowering local artists, and equipping schools with the necessary tools and resources to sustain arts and cultural education. This ensures program continuity even after the organization's direct involvement.

5. Monitoring and Evaluation:

The organization employs a monitoring and evaluation framework to measure the impact of its interventions. It ensures accountability, tracks progress and continuously refines its approach to maximize outcomes.

Through this multi-dimensional and collaborative approach, Routes 2 Roots addresses critical educational and cultural gaps while fostering empowerment, sustainability, and social impact in underserved regions.

B.6 Output Monitoring

R2R has a robust monitoring process which is well defined.

1. Monthly attendance of each school is sent to the principals.
2. Schools not participating regularly in the classes are flagged and our coordinators contact the principal and the school coordinator for reasons of absence.
3. During the physical workshops direct feedback from the principal, teachers and beneficiary students is taken and acted upon after analysis.
4. The quality and the outcome of the art education is assessed during the annual all India school competition organized by R2R.

a. Daily Live Classes

Daily live classes are conducted through Routes 2 Roots application, Diksha Portal, E-Vidhyala Portal or YouTube. Monday to Saturday, two to three classes are held digitally from R2R studio. Each school is sent the timetable a week before the commencement of each month.

b. Workshops

Workshops are conducted nationwide in participating schools, where coordinator travels to each school along with the artist and the accompanist in all the genres mentioned above. The genres are selected according to the choices of the schools. The workshops consist of a lecture demonstration where the gurus inform the children about that art form, its origins, and the celebrated gurus of that specific discipline. The gurus conduct a performance for the children, and after that, children are made to perform with the gurus

for better understanding and learning. The gurus take up the questionnaire from all the participating children and the teachers. Coordinators also take feedback from the principals/teachers and students. The detail of each workshop is documented and kept for records. These workshops also enable to record and document the impact of project and record the feedback of students, teachers, and principals. All these recordings and testimonials are documented for records and detailed analysis.

c. Annual Competitions

An important aspect of Routes 2 Roots program is to hold Al india Annual Competitions across India. Schools enthusiastically participate by sending their entries digitally in different disciplines displaying their talent. The number of entries has been growing with each passing year and this year also the 14*h Al India Inter school competition received thousands of entries. Al the winners are given attractive prizes for different category winners along with certificates for all the participants. The winners get attractive prizes viz LED 65" Televisions, Lenovo Tablets, Nokia Smart Phones, and cash prizes. The number prizes are distributed in a fashion that talent is recognized from each region and prizes are distributed to a larger number of students. R2R has divided the participants into three age categories and the country into five regions. In addition, group prizes are also distributed in each of the five regions.

These entries are assessed by our esteemed Gurus which further helps to know the impact of the program.

1. Other key aspects are as follows:

a. Quality Assurance & Monitoring Activities:

The quality monitoring process includes the following types of activities:

I. **Trace verification:** Trace and verify reported numbers in data collection according to the formats and specifications that the data must be received.

II. **Cross Verification:** Perform "cross-checks" of the reported numbers for a randomly selected sample (stratified when necessary), by visiting the source where primary data is collected from by the Impact Team. The sample size selected is based on a 95% confidence level with a range of 10% for sampling errors. Typically, 15% of all data is cross- verified.

III. **Spot checks:** Perform "spot-checks" to observe the quality of program delivery in community mobilization, enrolment, learning and retention activities. Record observations in prescribed formats. Typically, R2R run spot checks across 10% of the community mobilization activities and across 10% of the schools across the program.

IV. **Classroom observations through R2R studios** of our learning program in structured formats. The observation of all aspects of delivery including session planning, strategies used, student engagement and these observations are used to inform course correction in process and content.

V. **Internal Audit:** In addition to the first level of verification that is done by the Impact Team, R2R also has a dedicated and independent **Internal Audit** team that conducts data audits to further validate the quality of our data. The auditors perform both desk audits of the paper formats in which data is collected, as well as field audits wherein they make school visits to cross check the engagement of students. Audit reports are used for continuous process improvement and course correction.

SECTION C: Social Impact Assessment

C.1 Scope of Social Impact Assessment

The Securities and Exchange Board of India (SEBI) introduced amendments to the Listing Obligations and Disclosure Requirements (LODR) Regulations in 2021, integrating social impact assessment into the reporting framework for entities listed on the Social Stock Exchange (SSE).

The purpose of Social Impact Assessment (SIA) is to ensure transparency and accountability in the operations of social enterprises and non-profits listed entities on the Social Stock Exchange (SSE). It evaluates the social impact, effectiveness, and sustainability of projects or initiatives implemented by these entities, fostering stakeholder trust and driving improvements in their activities.

Impact Metrics for R2R Social Audit as per SEBI Guidelines

Under the Securities and Exchange Board of India (SEBI) Social Stock Exchange (SSE) framework, the social assessment of organizations like Routes 2 Roots (RR) must adhere to the defined guidelines and parameters. These metrics focus on assessing the effectiveness, sustainability, and transparency of social initiatives. Below are the impact metrics aligned with SEBI guidelines, categorized for R2R's core programs:

Focus Area	Metrics
Education and Employability	
Number of Students Benefited	Total students enrolled, categorized by region, and education level.
Improvement in Learning Outcomes	Pre- and post-program evaluations on academic progress, cultural knowledge, and skills
Infrastructure Support	Number of schools receiving support for digital resources, and cultural activities
Cultural Preservation and Awareness	
Number of Cultural Workshops Conducted	Total workshops and heritage training conducted

Focus Area	Metrics
Engagement of Grassroots Artists	Total students enrolled, categorized by region, and education level.
Student Participation in Cultural Programs	Increase in student participation in arts and heritage activities
Digital Reach and Content Engagement	Engagement rates on digital platforms (views, shares, interactions)
Disaster Rehabilitation and Sustainability	
Sustainability of Interventions	Programs sustaining beyond initial support period, evaluated through school reports
Community Engagement	Parental and community involvement in cultural and educational programs
Transparency and Governance	
Utilization of CSR Funds and Donations	Percentage of funds allocated to direct program implementation vs. administration
Impact Reporting and Compliance	Frequency of impact assessment reports published as per SEBI SSE norms
Grievance Redressal	Number of actions taken
Monitoring and Evaluation	
Performance Tracking	Regular assessment of program outcomes using key performance indicators (KPIs)
Beneficiary Feedback and Impact Surveys	Surveys and qualitative feedback from students, teachers, and artists to gauge program effectiveness
Program Scalability	Replication of successful programs in additional regions and scalability potential
Financial Efficiency	
Cost per Class digitisation, Workshop and live classes	Total expenditure divided by the number of activities conducted
CSR and Grant Utilization Efficiency	Percentage of CSR and grant funds effectively utilized for direct program impact

i. Alignment with SEBI Guidelines

These metrics align with SEBI's emphasis on:

- **Transparency:** Clear, measurable outcomes reported annually.
- **Accountability:** Regular stakeholder engagement and independent audits.
- **Sustainability:** Long-term impact demonstrated through improved` retention, infrastructure, and community ownership.

i. Alignment with SEBI Guidelines

Social Impact Assessment should align with the Social Audit Standards (SAS) set by the Institute of Chartered Accountants of India (ICAI). Key examples include **SAS 300**, focusing on Social Impact Assessment, and **SAS 600**, "Protection of National Heritage and Culture"

i. Alignment with SEBI Guidelines

Alignment with National Policies: NEP 2020, and SDG 4 (Quality Education) and SDG 16 (Peace, Justice and strong institutions).

C.2 Objectives of Social Impact Assessment

The primary objectives of the assessment of the Routes 2 Roots' program are as follows:

a. Dissemination of Art and Culture to the education institutions in India.
b. Integrating Art with education.
c. Holistic development of students.

C.3 Responsibility of Reporting Entity (R2R) and Social Impact Assessor (ESGPRO)

a. R2R Responsibility

R2R is responsible for preparing a comprehensive Social Impact Assessment (SIA) report by identifying stakeholders, collecting baseline data or conducting situational analysis, and analysing potential social impacts (both positive and negative) of the proposed project while paying special attention to vulnerable groups and gender-specific concerns.

R2R is responsible for allocating adequate resources, maintain proper documentation, and prepare detailed implementation plans with clear timelines and budgets. Additionally, the R2R must develop appropriate mitigation measures, enhancement strategies, and monitoring frameworks, ensuring all processes are transparent and well-documented in order to comply with legal and policy frameworks, and present an unbiased, evidence-based report in a transparent manner.

In relation to the Social Impact Report, referred to in this report contained therein, the management is responsible for ensuring that the Report is prepared in accordance with established social impact assessment methodologies and relevant guidelines and the accuracy and completeness of the information as presented in the Report including a comprehensive assessment of the social impact arising from the organization's activities

R2R is also responsible for disclosing all relevant social impacts, even those that may be perceived as unfavorable. Transparency is crucial for stakeholders to understand the full range of potential social consequences.

b. Social Impact Assessment Firm (ESGPRO) Responsibility

A Social Impact assessment, conducted as an independent, objective and reliable examination of impact of a project / program / project-based activity of a social enterprise, is designed to Assess whether the project / program / project-based activity is operating in accordance with the stated strategic intent and planning, assesses the stated performance in terms of impacts/ outcomes and to provide suggestions, if any, to improve the impact measurement and/ or performance and to provide a report thereon

The Social Impact Assessment Report by its very nature involves numerous assumptions, inherent risks, and uncertainties, both general and specific. The conclusions drawn are based on the information available to us at the time of writing this report. No representation or warranty, express or implied, is made with respect to the information contained in this report

The work was limited to the sample/specific procedures described in this report and was based only on the information and analysis of the data obtained through interviews of beneficiaries supported under the project, selected as sample respondents. Accordingly, changes in circumstances/samples/ procedures or information available could affect the findings outlined in this report.

The deliveries in this report in no way should be construed as an opinion, attestation, certification, or other form of assurance. We have not performed any procedure which can be constituted as an examination or a review in accordance with generally accepted auditing standards or attestation standards. We have not audited or otherwise verified the information supplied to us in connection with this engagement, From whatever source. Further, comments in our report are not intended, nor should they be interpreted to be legal advice or opinion.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the client for the report, or for the conclusions expressed in this independent Social Impact Assessment Report
and the conduct of the engagement assumes that the data and information provided to us is complete and true. We expressly disclaim any liability or co-responsibility for any decision a person or entity would make based on this report.

The assessor is responsible for evaluating the SIA report's quality, accuracy, and compliance with prescribed standards and in the prescribed format by Stock Exchange. The assessment has been carried out covering all the major aspects as prescribed by the Guidance Note issued by SEBI in Circular No 2022/120 dated 19th September 2022 covering all the significant activities carried out by R2R. The primary objectives of the assessment of the Educate Girls' program are to assess the role of R2R in promotion of Digital Arts and Culture.

This further includes verifying baseline data or evaluating situational analysis, reviewing the impact analysis, and ensuring that mitigation measures are practical and effective. ESGPRO has to provide recommendations to improve the report and highlight any gaps, ensuring a fair and reliable assessment process.

C.4 Conformance to Framework for Social Audit Standards, Code of Conduct

This social impact assessment has been conducted in accordance with the Framework for Social Audit Standards and the applicable Social Audit Standards (SAS) viz SAS 300 - "Promoting Education employability and livelihoods" and SAS 600 - "Protection of National Heritage and Culture" issued by the Self-Regulatory Organization (SRO). The audit adheres to the ethical guidelines outlined in the Code of Conduct for Social Auditors, ensuring objectivity, confidentiality, and integrity throughout the process.

C.5 Approach and Methodology
a. Approach:

R2R partner with - government or private schools - and deploy hardware, equipment, and software in these schools. R2R has partnered with schools which include Navodaya Vidyalaya, Army Public Schools, Kendriya Vidyalaya, Sainik Schools, BSF schools and Bal Bharati schools to name a few, in addition to this, state Government of Haryana, Karnataka, Punjab, Delhi, Uttarakhand, Andhra Pradesh and Telanganaschools/colleges are part of our participating schools.

A combination of quantitative surveys and qualitative evaluations has been conducted to assess the program's impact and understand the overall changes brought about by the intervention, along with identifying the key drivers and challenges influencing these changes.

Log Frame Approach for R2R's Project Interventions

This report applies the LFA to better understand the output against the input array and to visualize the outcome and impact in midterm and long-term projections. Usually, LF approach is a systematic tool used for project planning, implementation, monitoring, and evaluation. In this section it gives us a logical structure that links RR's inputs, activities that connect or project a bin of outputs, outcomes, and leads to expected impacts to achieve project objectives. The LFA comprises of following elements:

Level	Description
Goals	Enhancing education, employability, and cultural preservation in underserved communities.
Outcomes	Improved access to quality education and cultural heritage integration, art appreciation and community participation.
Outputs	Increased student engagement, teacher training, cultural programs, and disaster recovery efforts.
Activities	Conducting workshops, digital learning, cultural exchanges, school rehabilitation, and teacher training.
Indicators	Number of students impacted, trained teachers, cultural events held, schools rehabilitated, and digital engagement metrics.
Means of Verification	Program reports, surveys, school assessments, cultural impact evaluations, and digital tracking.
Impact	Long-term positive changes in education, employability, and cultural awareness among students and communities.
Risks & Assumptions	Availability of funds, stakeholder participation, sustained community interest, and policy support.

b. Methodology:

The **methodology** adopted for impact assessment is designed to evaluate the social impact created by Social Enterprises (SEs) and Not-for-Profit Organizations (NPOs). It focuses on ensuring transparency, accountability, and alignment of organizational activities with stated social objectives. The methodology integrates stakeholder feedback and data-driven analysis to provide an accurate assessment of the impact, ensuring compliance with SSE standards.

A critical aspect of the social impact assessment is **stakeholder mapping** and **engagement.** This involves identifying key stakeholders, including beneficiaries, donors, employees, government agencies, and community members, and ensuring their active participation in the audit process. By gathering input and feedback from diverse perspectives, the audit reflects the experiences and insights of those directly or indirectly affected by the organization's initiatives.

Data collection is a cornerstone of the methodology, utilizing both qualitative and quantitative tools. Qualitative methods include focus group discussions, interviews, and case studies, while quantitative approaches involve surveys, reports, and performance metrics.

Key Performance Indicators (KPIs) are developed to measure success across inputs, outputs, outcomes, and impacts. These KPIs are aligned with global frameworks like the Sustainable Development Goals (SDGs) or IRIS+ standards to ensure relevance and consistency. The collected data is then analysed and verified through third-party validation or independent audits to enhance credibility and objectivity.

The findings are compiled into a comprehensive Social Audit Report, which highlights the organization's performance in terms of social impact, governance, financial transparency, and stakeholder engagement.

The final stage involves institutionalizing the insights gained from the audit to improve future strategies and operations.

Steps Followed in Impact Assessment for Routes 2 Roots (RR)

1. Desktop Search
1.1 Information Required for Desktop Search

Related to Project: "Promoting Cultural Education, Employability, and Heritage Preservatio-B"69

a. Inputs for the Intervention:
i.   Funding sources, donor contributions, and corporate CSR initiatives.
ii. Educational materials, technology, and digital learning resources.
iii. Training manuals, arts and heritage curricula, and teacher development resources.
iv. Infrastructure support provided by R2R (e.g., school rehabilitation, digital labs, cultural centers).

b. Facilities Provided by R2R:
i.   Infrastructure improvements in schools and cultural institutions.
ii. Availability of arts and heritage education resources.
iii. Provision of teacher training and mentorship programs.

c. Activities Conducted for Awareness and Engagement:
i.   Cultural exchange programs, workshops, and art exhibitions.
ii. Student engagement through interactive heritage sessions.
iii. Collaboration with schools, universities, and local artists.

d. Frequency and Reach of Training Programs:
i.   Number of training sessions per school.
ii. Geographic reach and duration of each training program.

e. Output of Activities:
i.   Number of students enrolled and trained.
ii. Availability of enrolment records, attendance registers, and student feedback forms.
iii. Assessment formats (baseline, midline, and end-line evaluations).
iv. Review of curricula, program designs, and cultural content delivered.

f. Surveys Conducted:
i.   Analysis of barriers preventing students from engaging in cultural education.
ii. Socioeconomic data comparing beneficiaries and non-beneficiaries.

g. Retention and Follow-up Data:
i. Number of students continuing cultural education programs in subsequent years.
ii. Breakdown of students who:
a) Fully adopted the program,
b) Participated but did not continue,
c) were influenced by peers to enroll later.

h. Impact on Confidence and Social Awareness:
i.   Surveys assessing changes in students' confidence and social participation.
ii. Identification of positive and negative societal impacts.

1.2 About Stakeholders Other Than Direct Beneficiaries

a.   Program Management Team:
Names, qualifications, and remuneration of key personnel (program managers, trainers, communication officers, procurement leads).
b. Community Stakeholders:
Local political leaders, panchayat members, educational administrators, and community influencers.
c. Volunteer and Donor Information:
Database of volunteers and supporting organizations.

d. Implementation Partners:
Details of partner agencies supporting project execution.

2. Document Review

A thorough examination of R2R's social impact assessment (SIA) reports and supporting documents.
List of Documents for Review in R2R Social Impact Assessment

2.1. Organizational Documents
a) **Mission and Vision Statements**: Alignment with cultural education and heritage preservation.
b) **Annual Reports:** Summary of achievements, impact metrics, and financial performance.
c) **Legal Registrations:**
a. Section 12A registration for tax benefits.
b. FCRA certification (if applicable) for foreign contributions.
c. Registration under relevant legal frameworks.
d. Under section 80G for tax benefits.
e. CSR -1 registration

2.2. Program Design and Implementation
• **Project Proposals:** Objectives, strategies, and expected outcomes.
• **Program Work Plans:** Timelines, milestones, and resource allocations.
• **Training Manuals and Modules:** Content for teacher training and student engagement.

2.3. Beneficiary Data
Attendance Records: Monitoring retention rates in programs.

2.4. Community Engagement
•   **Meeting Reports**: Agendas, minutes, and outcomes of stakeholder consultations.
•   **Parent and Community Feedback**: Surveys and consultation records.

2.5. Learning Outcomes
Performance Data: Reports on student attended the classes.

2.6. Monitoring and Evaluation
- **Monitoring Tools:** Real-time tracking via geo-tagged data or digital platforms.
- **Audit Reports:** Third-party evaluations verifying program impact.
- **Spot-Check Logs**: Quality assurance measures to validate implementation.

2.7. Financial Records
- **Program Budgets:** Allocation of funds across different initiatives.
- **Expenditure Reports:** Breakdown of actual spending.
- **Fund Utilization Statements:** Tracking donor contributions and spending efficiency.

2.8. Policy and Compliance
- **Education Compliance Reports:** Adherence to national education and heritage conservation policies.
- **Social Audit Standards (SAS) Compliance:** Documentation supporting transparency and accountability.

2.9. Stakeholder Feedback
• Beneficiary Feedback: Responses from students, parents, and schools on program effectiveness.
• Donor and Partner Communications: Reports and agreements outlining collaboration efforts.

This revised framework ensures that R2R's social audit process aligns with its mission while maintaining transparency, impact measurement, and compliance with regulatory standards.

3. Data Collection:
• **Primary Data:** Surveys, interviews, and focus group discussions were conducted to gather first-hand feedback from stakeholders.

- **Secondary Data:** Program related data from feedback forms, attendance records, competition participation lists and performance reviews were analysed to track progress and identify trends.

4. Data Sampling:
- Gathered qualitative and quantitative data from beneficiaries and stakeholders through surveys, interviews, and focus group discussions.
- Leveraged program-specific tools such as feedback forms, attendance records, competition participation lists and performance reviews to evaluate learning outcomes and stakeholder satisfaction.
- Reviewed baseline, mid-line, and end-line data for consistency and effectiveness in achieving intended objectives.

Sampling Methodology
• **Sample Universe:** 1800+ Schools and 13.58 Lacs students participating in the program.
• **Sample Size:** 320 schools selected for teachers and student feedback.
• **Sampling Technique:** Stratified random sampling to ensure representation.

5. Evaluation Framework:
• Employed SAS 300's guidelines for promoting education and employability, and SAS 600's focus on protecting national heritage and culture, to assess the impact of the program on:
a. Enhancing cultural awareness and knowledge among students.
b. Promoting inclusivity in access to cultural education.
c. Increasing livelihood opportunities for participating artists.
• Evaluated outputs (e.g., number of schools reached, students engaged) and outcomes (e.g., improved cultural understanding, increased appreciation for arts).

6. Mapping of Stakeholders
Stakeholders included students, teachers, program facilitators, and school administrators. Each group was mapped based on their interaction with the

c. Impact Assessment Timeline

The Assessment took 15 weeks/months and will be broken down into the following stages:

i. **Stage 1: Initial Review (2 week)**
a. Review of the SIA report and related documents.
b. Preparation of audit plan and criteria.
ii. **Stage 2: Data Collection & Interviews (6 weeks)**
a. Interviews with stakeholders and project team.
b. Additional data collection and site visits (if applicable).
iii. **Stage 3: Analysis and Evaluation (3 weeks)**
a. Comparison with regulatory and industry standards.
b. Evaluation of data quality, stakeholder engagement, and impact analysis.
iv. **Stage 4: Draft Audit Findings (2 week)**
a. Preparation of audit report draft with findings and recommendations.
v. **Stage 5: Review and Final Report (1 week)**
a. Review of draft findings with relevant parties.
b. Finalization and submission of the audit report.

d. Assessment Team
The audit t e a m consists of:

i. **Social Impact Specialist:** Rakesh Tayal and Nitesh Gupta- Expert in social impact assessments and community engagement.
ii. **Data Analyst:** Vidhi Mittal

C.6. Limitations of the Social Impact Assessment Process

Social impact assessment processes are essential for ensuring transparency, accountability, and measurable impact. However, like any evaluative mechanism, they have inherent limitations. Below are key limitations that apply to social audits, followed by how they relate to the Routes 2 Roots (R2R):

a) Limited access to data from the program's location and delayed feedback impacted survey response.
b) Difficulty in tracking long-term outcomes due to limited follow up mechanisms.
c) Our report doesn't conduct an assessment of the international operations / beneficiaries of the Organisation.
d) Data for Indirect beneficiaries is not available and thus report can be biased to that extent.
e) **Limited Resources for Comprehensive Audits**
Operating in 24000+ school and universities with diverse socio-economic contexts makes a detailed review resource intensive.
f) **Community Resistance**
Cultural resistance to Art and cultural activities in certain regions could limit open feedback during audits.
g) **Audit Fatigue**
Frequent surveys and monitoring activities may disengage beneficiaries, particularly in regions with repetitive audits.
h) **Bias in Reporting**
Field teams may unintentionally overemphasize successes, especially when reporting progress to donors.
i) **Time-Limited Impact Assessment**
Social Impact Assessment may not capture long-term impacts like intergenerational benefits or sustained literacy improvements.

Being the program is online physical expression to the school is limited and survey tools have been shared online, and limited responses were received.

SECTION D: Findings, Gaps and Recommendation

D.1 R2R Program Implementation and Reach

The Routes 2 Roots (RR) continued its mission in FY 2023-24 to transform education specially for marginalized students, with a particular focus on Rural India. R2R has successfully increased its reach to all the districts of the country. The implementation program involves in person training to the teachers in each school for optimum utilisation of the equipment installed. Operating across rural and underserved regions, R2R program has its coverage to 810 districts and has reached to 24000+ schools, addressing critical barriers to education and fostering inclusive learning environments. R2R have contributed to digitisation of classrooms in the remotest parts of the country and enabled the student's quality education as available in any modern school in the country.

D. 2 Social impact Assessment: Data Sample and Study Design

To assess the effectiveness of the Routes 2 Roots (R2R) initiative, a comprehensive data collection approach was employed, combining qualitative and quantitative methods. Surveys, interviews, and focus group discussions were conducted with beneficiaries and stakeholders to gather insights. Program-specific tools such as feedback forms, attendance records, competition participation lists, and performance reviews were utilized to evaluate learning outcomes and stakeholder satisfaction. Additionally, baseline, mid-line, and end-line data were reviewed for consistency and effectiveness in achieving program objectives. The sampling methodology ensured a well-represented dataset, covering a sample universe of schools and students participating in the program. A stratified random sampling technique was adopted to maintain diversity, with a sample size of 1600 schools have been selected across various regions. This structured approach provided a holistic understanding of the program's impact, guiding future improvements and scalability.

Qualitative Assessment:

For the qualitative assessment of R2R programs, FGD and in-depth individual interviews are conducted:

Beneficiary / Stakeholder	FGD	IDI
Students	5	200
Teachers	-	10
Principal	-	3
Total	5	213

Quantitative Criteria for KPI Assessment

KPI - Financials Rs. Crore	Budget	Actual
Digitising The Classrooms	2.65	2.21
Workshop	1.90	0.99
Class	1.01	1.00
Competitions	0.13	0.08
Other	0.05	0.44
Musical instruments	-	0.01
IT Expenses	0.18	0.14
Total	5.92	4.85

D.3 Analysis and Interpretation of Field Visit

The program has been analysed by way categorisation into four categories cumulative impact of which is the
primary objective of R2R.

a. Digitization of Classrooms
i. **Input:** Smart TVs, cameras, and digital infrastructure were provided to enhance interactive learning.
ii. **Activity**: A total of 125 classrooms were digitized against a target of 150.
iii. **Output**: Students gained access to digital learning platforms, supporting curriculum-based teaching and interactive education.
iv. **Outcome:** Improved accessibility to structured digital content, though minor connectivity issues occasionally affected productivity

b. Live Classes & Studio-Recorded Content
i. **Input:** R2R created high-quality educational content through studio-recorded sessions and live classes led by trained artists.
ii. **Activity:** 308 live classes were conducted, achieving 100% budget utilization.
iii. **Output:** Students participated in real-time interactive sessions, engaging with expert faculty and artists.
iv. **Outcome**: Strengthened engagement in music, dance, and cultural learning, making education more dynamic and experiential.

c. Workshops on Performing Arts & Culture
i. **Input:** R2R collaborated with artists and educators to conduct structured workshops in music, dance, and cultural studies.
Ii. **Activity:** 747 workshops were conducted, achieving 80% of the planned target (932 workshops).
iiI. **Output:** Students explored disciplines like Bharatnatyam, Kathak, and music, with many excelling in school performances.
iv. **Outcome:** Increased student interest in performing arts, with notable success stories of students representing their schools in cultural events.

d. Faculty & Student Engagement Support
i. **Input:** Schools received guidance from trained artists and faculty to maximize the use of R2R resources.
ii. **Activity:** R2R integrated cultural education into school curriculums and provided structured learning opportunities.
ili. **Output:** First-generation learners and students from resource-constrained backgrounds accessed enriched cultural and digital learning experiences.
iv. **Outcome:** Improved confidence, skill development, and broader exposure to holistic learning opportunities.

D.4 Stakeholder Feedback

a. **Students**

The Routes 2 Roots (R2R) initiative has garnered significant participation and interest among students, with 65% attending online classes daily, 24% occasionally, and 11% rarely.
Students Interest
in Daily Online Classes

Daily

Occassionaly

67%

24%

Rarely

11%
Digital art and culture have been well-received, with 55% of students showing high interest and 45% expressing moderate interest.

Interest in Digital Art & Culture

55%

45%
Infrastructure quality has been rated exceptionally well, with 99% responding positively. However, challenges persist, with 27% citing inadequate materials and 35% facing connectivity issues. Program awareness has been primarily driven by teacher recommendations (83%), while 17% learned about it through social media and other channels.

INFRASTRUCTURE QUALITY	**99%**
INADEQUATE MATERIALS	**27%**
CONNECTIVITY ISSUES	**35%**

Program awareness

TEACHER RECOMMENDATIONS **83%**

SOCIAL MEDIA **17%**

Participation remains strong, with 52% engaging daily, while 45% show intermittent interest. Students have rated their engagement highly, with 53% finding the program very interesting and 47% somewhat engaging.

Student Engagement Rating

53%
Very Interesting

47%
Engaging
Regarding program content, student preferences vary, with 30% favouring Cultural History and Music, 24% Traditional Art and Culture, and 23% Digital Painting and Illustration. The program has been found engaging, with 60% considering it highly interactive and 40% somewhat engaging.

Program Content

Cultural History and Music
30%

Traditional Art and Culture
24%

Painting and Illustration
23%

Overall, the initiative has been well-received, though addressing resource gaps and connectivity concerns could further enhance its impact and accessibility.

b. Teachers Feedback

The Routes 2 Roots (RR) initiative has been widely recognized for its relevant program content and high-quality teaching materials. 74% of teachers found the program highly relevant, while 27% considered it moderately relevant, indicating strong alignment with educational objectives.

Program Relevance

Highly 74%
Moderate 26%

The most effective content areas included Traditional Art and Heritage (27%), Multimedia and Animation (18%), Digital Art Techniques (18%), and Cultural History and Music (18%), showcasing a balanced interest across artistic disciplines.

Effective Content Areas

Traditional Art & Heritage	Cultural History & Music	Multimedia & Animation	Digital Art Technics
27%	18%	18%	18%

The quality of materials received high ratings, with 55% rating it a 5 and 36% rating it a 4.

QUALITY OF MATERIALS
55%
36%

Student engagement levels remained strong, with 27% reporting consistent participation and 73% engaging frequently.

### Student Engagement Level

73% Frequent
27% Consistent

31

The online platform was perceived as user-friendly by 64% of users, with 36% finding it somewhat user-friendly. However, technical difficulties (45%), limited time for integration (30%), and student engagement challenges (24%) were noted as areas requiring improvement.

Challenges
- Technical Difficulties **45%**
- Time Limit for integration **30%**
- Student Engagement **24%**
In terms of learning outcomes and skill development, the program has had a significant impact on students' artistic and cultural abilities. 74% of teachers observed substantial improvement in student skills, and 36% reported moderate growth. The knowledge gained has also been applied across subjects, with 64% of students frequently integrating their learning into other academic areas.

Learning Outcomes & Skill Development Growth

Substantial Growth — **74%**

Moderate Growth — **36%**

Subject Integration — **64%**
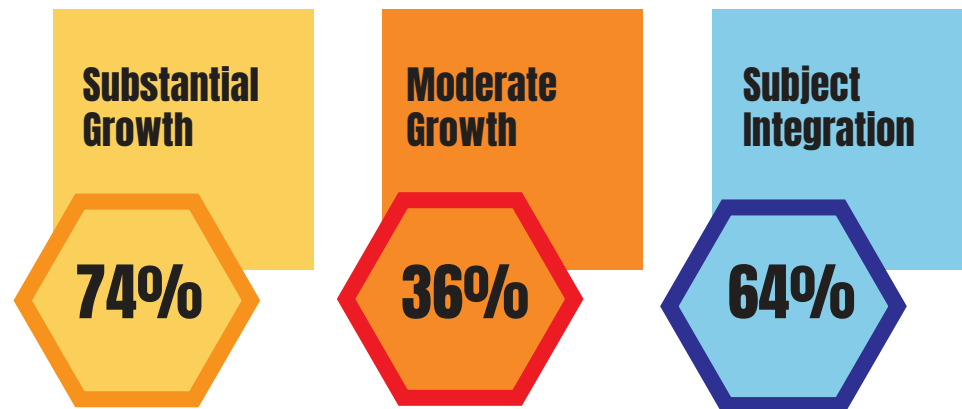

The program has been highly influential in increasing student interest in art and culture (55% highly influenced, 45% moderately influenced). Additionally, **73% of respondents highlighted a very positive impact on cultural awareness**, reinforcing the program's effectiveness in broadening students' creative and cultural perspectives. Addressing technical and engagement challenges could further optimize student participation and ensure a more seamless learning experience.

Influenced Art & Culture

- Very positive impact on cultural awareness **73%**
- Highly **55%**
- Moderately **45%**
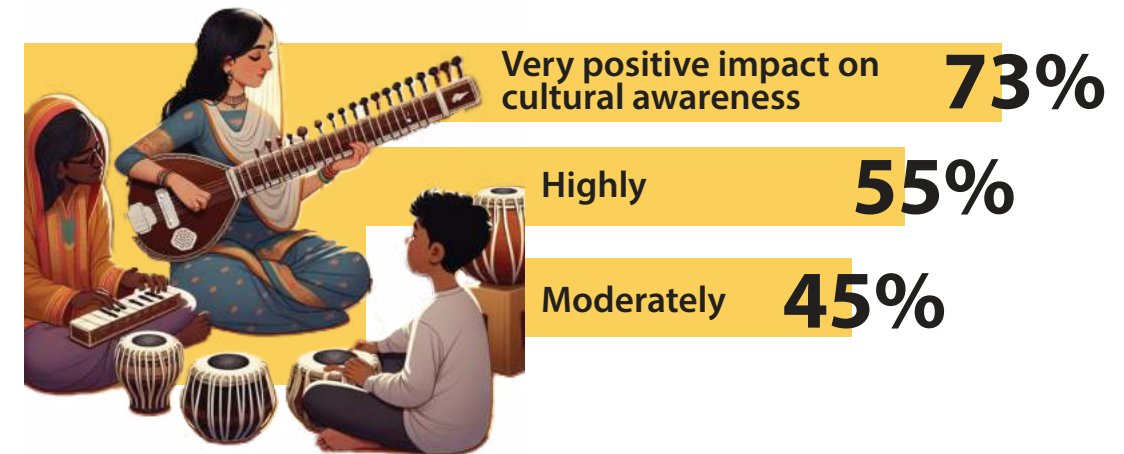

c. Feedback Analysis:

The Routes 2 Roots (RR) initiative has successfully enhanced student engagement, digital learning, and cultural education, receiving positive feedback from both students and teachers. The program is widely appreciated for its high-quality content, structured digital classes, and interactive learning experiences. Students find the subjects engaging, particularly cultural history, digital art, and traditional arts, while teachers recognize its relevance and impact on skill development and cultural

awareness. The digital infrastructure and teaching materials have been well-received, contributing to an enriched learning experience.

However, a few areas require attention for further optimization. Resource gaps, connectivity issues, and technical difficulties have been cited as challenges affecting seamless learning. Some teachers highlighted the need for more training and facilitation techniques to improve student interaction:
Additionally, aligning class schedules with academic priorities and providing hybrid learning options can further enhance participation.
With continued resource enhancement, improved engagement strategies, and better technical support, R2R can further expand its reach and effectiveness, making cultural and digital education more inclusive, accessible, and impactful.

D5. Contribution

The Art and Culture education has transformed the schools in numerous areas including Art appreciation. One of the senior official of chain of schools commented that ever since R2R program in their schools have started, they have witnessed lesser quarrel and vandalism. It has also been noticed that now students are stress free and are able to concentrate better in their education. This has been studied during the psychometric analysis and counselling.

D.6 Key measures taken for the sustainability of the project

The sustainability of this kind of project largely depends on the fund raising. However, it is important the quality of the education, redressal of complaints and refresher training at the beneficiary's end. R2R has 24/7 redressal platform with escalation so that the grievances/ technical faults/ suggestions are resolved in real time.

D.7 Identified Risks & Mitigation Measures:

a. Risk / Challenges
i. Daily Class Schedule
Schools may face scheduling challenges to run our classes; they may divert the smart classroom fund to other uses. There may also be an advisory from the Government not to carry on art and culture activities in schools, which may hamper our operations. This event is most unlikely, as Arts has now been made curriculum activity in the National Educational Policy.
ii. Lack of Interest of Schools Teachers
Schools may be unable to attract and retain teachers who can facilitate our learning with students. The schools may withdraw learning of art and culture from their students. However, this risk is mitigated because the National Education Policy makes art education compulsory. R2R had faced Vandalism in a few schools, but the instances were very marginal therefore, financial impact was bearable without any major obstruction. The affected schools were advised precautions to be taken to avoid reoccurrences.
iii. Electricity, internet connectivity and resources issue
Schools may face electricity/internet and other infrastructure constraints that can interrupt our curriculum. In the event of natural calamities, electricity and/or internet connectivity may be seriously impacted for a long period and therefore may hamper daily classes. This event may occur only in a small area of the country and therefore may not have serious effect throughout the country where R2R is currently present.

R2R may not be able to have enough artists with us who can conduct workshops in schools that complement online learning. The artists may not want to travel to remote areas of the country thereby hampering the overall implementation of the program.

iv. Deficiency in program

The only deficiency foreseen is non-availability or disruption in internet connectivity and electricity. This deficiency will only be temporary and for a very short period and can be recovered quickly without any adverse effect. R2R has an illustrious board of advisors from the Art fraternity consisting of Padma Vibhushan Ustad Amjad Ali Khan, Padma Vibhushan Dr. L. Subramaniam, Padma Bhushan Sajan Mishra, Padma Bushan. Pandit Vishwa Mohan Bhatt, Padma Shri Shovna Narain, Padma Shri Kavita Krishnamurthy and many more; hence, the quality and content cannot be deficient and the content of teaching Indian art and Culture is tradition followed from generations and is constant.

b. Risk mitigation measures.

R2R management regularly assesses both strategic and operational risks. Learning from our work and see how to prevent mistakes and reduce risk for operational issues like content creation, maintenance of equipment, travel of staff, security of Data etc. Strategically, R2R focus is to increase the numbers of schools-both public and private, so that Society is not dependent on few agencies or governments for access for the program.

D.8 Unintended Negative Outcomes (Programmatic):

i. The unintended negative outcome that has been reported by few schools is that the equipment installed by R2R is being misused for watching films and YouTube. Though these are very rare instances.
ii. Teachers have reported that some students who are not interested in K12 education tend to only attend these music classes and avoid their education. Such reports are of few students.

Routes 2 Roots

D.9 Key Metrics

a. Analysis of the Solution Implementation Plan (SIP) and Key Performance Indicators (KPis):

The SIP generally aligns with the Guiding Framework on Logic Model by addressing activities, outputs, and outcomes that focus on Reach, Depth, and Inclusion. However, it can be improved by explicitly defining how resources, activities, and outputs will be monitored to ensure measurable progress on these parameters.

Strengths of the SIP	Weaknesses and Areas for Improvement	Suggestions for Improvement
Clear Activity Mapping: The SIP outlines key activities such as workshops, the use of technology (smart TVs, music systems), and in-person events. This structured approach provides clear direction for the program. **Cultural Relevance:** The inclusion of culturally relevant programs such as Kathak and Bharatnatyam is a positive feature, particularly considering the diversity within the student demographic. **Identification of Technological Barriers:** The SIP acknowledges challenges such as connectivity issues and non-functional equipment, demonstrating an awareness of real-world implementation constraints.	a. **Strengthening Implementation Phases:** While the SIP outlines key activities, further detailing each phase would enhance clarity. A well-structured plan for hybrid learning, integrating both online and offline modes effectively, can maximize learning b. **Optimizing Resource Allocation:** Providing a clearer framework on resource distribution, including teacher training and physical coordination, will strengthen the program. Addressing infrastructure challenges with targeted resource planning will ensure smoother execution. c. **Expanding Scalability Strategies:** The success of in-person workshops presents a strong foundation. Developing a structured, adaptable framework will support seamless scaling across diverse regions, ensuring broader impact. d. **Building Resilience Through Risk Mitigation:** Incorporating a comprehensive risk mitigation strategy will enhance program sustainability. Proactive measure for infrastructure challenges and technology resilience will ensure uninterrupted learning experiences. **With these refinements, the SIP can drive even greater effectiveness, ensuring a well-rounded, scalable and resilient implementation.**	a detailed breakdown of implementation steps, particularly for hybrid learning. Include a comprehensive resource management plan t h a t covers h u m a n resources, infrastructure, and technological tools. Incorporate a risk management framework to proactively address potential setbacks.

b. Key Performance Indicators (KPis) Indicators (KPis):

The KPIs are appropriate but should be refined to make them more objectively verifiable, particularly in terms of reach (geographic and socio-economic diversity), depth (measurable learning outcomes), and inclusion (tracking marginalized groups). Furthermore, the means of verification must be clearly defined and standardized for consistent and accurate tracking across all program locations.

Strengths of the SIP	Weaknesses and Areas for Improvement	Suggestions for Improvement
Outcome-Oriented Metrics: The KPIs focus on student engagement, participation rates, and learning outcomes, which are directly aligned with the program's overarching goals. **Clear Output Metrics:** KPIs related to the number of workshops conducted, students engaged, and resources distributed offer tangible outputs that are valuable for tracking progress. **Cultural Program KPIs:** Metrics such as the number of students participating in Kathak and Bharatnatyam are aligned with the program's core objective of promoting cultural learning.	**Strengthening Inclusion Metrics:** The program's commitment to engaging students from diverse backgrounds can be further reinforced by incorporating specific KPIs to track participation from marginalized groups, such as rural students, first-generation learners, and economically disadvantaged students. This will help ensure inclusivity remains a core focus. **Deepening Impact Measurement:** While participation metrics are well-defined, adding measures to assess the depth of learning-such as post-program assessments and student feedback—can provide valuable insights into long-term impact and effectiveness. **Clarifying Verification Mechanisms:** Strengthening the verification process for student engagement across different schools will enhance consistency. Additionally, refining the approach to collecting and validating teacher feedback can further improve the reliability of program assessments.	Include specific inclusion metrics to track the engagement of marginalized groups. Develop depth-focused KPIs that measure learning effectiveness, skill retention, and long-term impact. Clarify the verification mechanism for each KPI to ensure consistent and reliable data collection.

36

D.10 Alignment of R2R Initiatives with SDG and National / State Policy

TThe program aligns well with the National Education Policy (NEP) 2020, which promotes the integration of arts and culture within the STEAM framework. NEP 2020 emphasizes interdisciplinary learning, combining arts with STEM subjects to foster creativity and critical thinking. This program successfully incorporates cultural education into the STEAM curriculum, which has been positively reflected in feedback, where students gained not just artistic exposure but also developed problem-solving and creative skills. However, there is scope for deeper integration of arts with STEM subjects to enhance learning outcomes.

The NEP also advocates for holistic education, developing well-rounded individuals capable of adapting to change. The program's focus on cultural awareness and life skills aligns with this priority, helping students develop empathy and social awareness. Survey feedback confirmed that the program contributed to students' personal development, although further emphasis on emotional intelligence could be beneficial.

The program's focus on underserved regions aligns with NEP 2020's call for equity in education. Targeting aspirational districts and economically disadvantaged communities, it directly supports the policy's inclusivity goal. However, survey responses highlighted challenges in reaching the most marginalized sub- groups, suggesting that more targeted outreach could improve impact.

At the state level, the program complements regional cultural priorities, though there were concerns about adapting the program to reflect specific local traditions. Strengthening state-specific relevance could further enhance its impact.

Overall, the program aligns well with NEP 2020's priorities but could benefit from greater integration of arts and STEM, improved inclusivity, and stronger regional customization.

D11. Gaps identified

The assessment of the Routes 2 Roots (RR) Digital Learning of Performing Arts program highlights several critical gaps and challenges that hinder its full potential despite its successful reach and positive feedback. These gaps pertain to connectivity issues, uneven regional artist engagement, limited inclusion strategies, and challenges in delivering a meaningful cultural experience. Below is a detailed analysis:

• **Connectivity Issues in Remote Areas**
A significant barrier to the program's effectiveness was poor internet connectivity in remote regions. This challenge was particularly pronounced during online sessions, where students faced difficulties accessing the content.
• **Impact:**
i. Students experienced interruptions and delays, with sessions often losing 15-20 minutes due to connectivity or equipment issues.
i. As a result, engagement and learning outcomes in these areas were compromised, leaving certain regions underserved.

• **Limited Artist Engagement in Certain Regions**
The program aimed to include local artists to enhance cultural relevance, but certain regions lacked access to a diverse pool of professionals. This gap was more pronounced in rural and remote areas, where artist involvement was minimal or absent.
• Impact:
i. Students in these regions were deprived of exposure to a rich diversity of artistic styles and cultural practices.
ii. Reduced regional relevance and missed opportunities to foster local talent.

• **Challenges in Hybrid Learning Models**
While the hybrid learning approach (online and offline) was intended to bridge access gaps, its implementation faced several challenges.

• Impact:

i. In-person workshops were more effective in fostering engagement, as evidenced by successful workshops at Kendriya Vidyalaya.

ii. However, these initiatives were not uniformly scaled across regions, leaving gaps in accessibility and depth of learning.

• **Inclusivity Challenges**

Despite the program's efforts to target underserved regions and economically weaker sections, certain subgroups, such as children with disabilities and those from extremely rural poverty, were not adequately represented.

• Impact:

i. Marginalized communities within target regions faced barriers, such as economic bürdens related to participation, which affected the program's inclusivity goals.

ii. Lack of specific metrics to track and address these disparities further compounded the issue.

• **Superficial Cultural Engagement**

Some feedback indicated that the program's content was perceived as generalized, with insufficient emphasis on regional diversity and hands-on cultural experiences.

• Impact:

Students in certain regions found the content disconnected from their local cultural context, which limited its depth and authenticity.

Practical application of skills was minimal, reducing long-term impact and retention of cultural knowledge.

D12. Recommendations

These recommendations aim to address the challenges and gaps while further aligning the program with its goals of inclusivity and regional relevance, thereby maximizing its impact on students and their communities.

a. **Infrastructure Enhancement:** Addressing recurring technical challenges, such as external damage to wiring, by implementing durable infrastructure solutions like protected wiring and alternative connectivity measures to ensure uninterrupted learning.

b. **Teacher Training & Facilitation**: Enhancing teacher training programs to promote interactive teaching methods, transforming educators into facilitators who can bridge the gap between digital content and student engagement.

c. **Expanding Interactive Learning Opportunities:** Increasing the frequency of in-person and hands-on workshops, as these have proven to significantly boost student interest and participation in cultural and artistic subjects.

d. **Flexible Curriculum Integration:** Aligning R2R classes with school schedules and academic priorities to prevent conflicts and enhance student attendance without disrupting core subjects.

e. **Hybrid Teaching Models for Better Engagement:** Introducing hybrid learning approaches, combining online modules with live teacher interaction, to cater to student preferences and improve overall engagement in digital learning environments.

D13. Conclusion

The Routes 2 Roots (RR) program has successfully enhanced cultural education and digital learning, particularly benefiting marginalized students in rural and underserved regions. By digitizing classrooms and integrating performing arts into education, it has significantly improved student engagement, creativity, confidence, and mental well-being. Schools have reported reduced stress levels, improved student behaviour, and increased academic focus. Stakeholder feedback highlights strong participation and a positive reception from both students and teachers. The program's structured monitoring, grievance redressal mechanisms, and commitment to quality assurance ensure long-term sustainability.

To further enhance its impact, key recommendations include strengthening infrastructure to address connectivity challenges, expanding in-person workshops to boost student engagement, and refining hybrid learning models to improve accessibility. Enhanced teacher training and curriculum alignment with school schedules will optimize participation. Implementing targeted inclusivity measures will ensure broader reach, particularly in remote and economically disadvantaged communities. Strengthening risk mitigation strategies and performance tracking mechanisms will further ensure the program's sustainability and scalability, making cultural education more inclusive, impactful, and accessible.

SECTION E: Annexures

Detailed Questionnaire for Students Survey for Routes 2 Roots Initiative

#	Particulars	Options
	Section 1 Demographic Information	
	What is your name?	
	How old are you?	
	What class/grade are you in?	
	What is the name of your school?	
	Gender	
	Where do you live? (State/ City)	
	Section 2 Program Awareness and Participation	
	How did you learn about the digital art and cultural education program by Routes 2 Roots?	School announcement
		Teacher recommendation
		Social media
		Friends/Peers
		Other (please specify)
	How frequently do you participate in the program?	Daily
		Weekly
		Monthly
		Occasionally Rarely
	On a scale of 1 to 5, how would you rate your overall interest in digital art and cultural education before joining the program?	1 (Not Interested)
		2
		3
		4
		5(Very Interested)
	Section 3: Infrastructure and Online Classes (Input)	
	Do you have access to a reliable internet connection for attending online classes?	Yes, always
		Sometimes
		No, I often face issues
	How would you rate the quality of the infrastructure provided for online classes?	Excellent
		Good
		Average
		Poor
	What challenges do you face in accessing online classes?	Internet connectivity issues
		Lack of a proper device
		Inadequate learning materials
		Distractions at home
		No issues
	Section 4: Program Content and Quality (Activities/Processes)	
	Which topics have you found most interesting in the program?	Digital painting and illustration
		Traditional art forms and heritage
		Cultural history and music
		Animation and multimedia

#	Particulars	Options
		Other (please specify)
	On a scale of 1 to 5, how engaging do you find the teaching methods used in the program?	1 (Not Engaging)
		2
		3
		4
		5 (Very Engaging)
	Do you feel the course content is relevant to your interests and learning needs?	Yes, very relevant
		Somewhat relevant
		Not really relevant
		Not relevant at all
	How often do the instructors encourage student participation and interaction during classes?	Always
		Often
		Sometimes
		Rarely
		Never
	Section 5: Learning Outcomes and Skills Development (Outputs and Outcomes)	
	What new skills have you gained from participating in the program?	Digital art techniques
		Traditional art techniques
		Cultural appreciation
		Multimedia editing (video, audio)
		Critical thinking and creativity
		Other (please specify)
	On a scale of 1 to 5, how much do you feel your skills in digital art and cultural understanding have improved since joining the program?	
	How confident are you in applying the skills learned from the program in real-world scenarios or future opportunities?	Very confident
		Somewhat confident
		Neutral
		Not very confident
		Not confident at all
	Have you applied any skills or knowledge from the program in your personal projects or school assignments?	Yes, frequently
		Occasionally
		Rarely
		No, not yet
	Section 6: Impact Assessment (Outcomes and Impact)	
	On a scale of 1 to 5, how much has the program influenced your interest in pursuing a career or further studies in arts or cultural fields?	1 (No Influence)
		2
		3
		4
		5 (Strong Influence)

#	Particulars	Options
	Do you think the skills you have gained through the program can help you in other subjects or areas of life? Please explain. (Open-ended)	Yes, significantly
		Somewhat
		A little
		Not at all

Section 7: Logical Framework Analysis

#	Particulars	Options
	Do you feel the program is achieving its goal of promoting digital art and cultural education effectively?	Yes, very effectively
		Moderately effectively
		Not very effectively
		Not at all
	Which of the following do you consider indicators of the program's success?	Improved skills in digital and traditional art
		Increased cultural awareness and appreciation
		Better quality of online classes and infrastructure
		Higher student participation and engagement
		Recognition in school or local events for arts
	What factors could prevent the program from achieving its desired outcomes?	Lack of interest from students
		Poor infrastructure for online classes
		Limited time or scheduling conflicts
		Inadequate support from teachers or schools
		Other (please specify)

Section 8: Open Feedback

#	Particulars	Options
	Any additional comments or suggestions for the program or Routes 2 Roots? (Open-ended)	

Detailed Questionnaire for Teachers – Assessing Qualitative and Quantitative Impact.

#	Particulars	Options
	Section 1: Demographic Information	
	1. Name (optional):	
	2. School Name:	
	3. Grade/Classes Taught:	
	4. Subject Specialization:	
	5. Number of Years in Teaching:	
	6. Location (City, State)	
	Section 2: Program Awareness and Involvement	
	How did you hear about the digital art and cultural education program by Routes 2 Roots?	School announcement
		Peer/Colleague
		social media
		Other (please specify)
	What is your role in the program?	Teaching Facilitator
		Coordinator
		Support Staff
		Other
	What grades do you teach or manage (if applicable)?	
	How frequently do you participate or support the digital art and cultural education program?	Daily
		Weekly
		Occasionally
	Do you think the infrastructure provided for the online classes is sufficient to meet the students' needs?	Yes, fully sufficient
		Sufficient but with some limitations
		Not sufficient
	What additional support or infrastructure do you believe is necessary for effective online learning in this program? (Open-ended)	
	Section 3: Program Content and Teaching Quality (Activities/Processes)	
	In your opinion, how relevant is the digital art and cultural education content to the current curriculum or students' interests?	Highly relevant
		Moderately relevant
		Somewhat relevant
		Not relevant
	Which aspects of the program content do you think are the most effective in engaging students?	Digital art techniques
		Traditional art and heritage
		Multimedia and animation
		Cultural history and music
		Other (please specify)
	How often do you observe students actively participating in the program?	Always
		Often
		Sometimes

| #	Particulars	Options
		Rarely
		Never
	Do you feel that the online platform used for the program is user-friendly for both teachers and students?	Yes, very user-friendly
		Somewhat user-friendly
		Not user-friendly
		Needs improvement
	What are the biggest challenges you face in delivering or supporting the program?	Technical difficulties (internet or software issues)
		Lack of student engagement
		Limited time to integrate with other curriculum requirements
		Inadequate training for teachers
		Other (please specify)
	Section 4: Learning Outcomes and Student Skill Development (Outputs)	
	What new skills or knowledge have you observed students developing through the program?	Improved creativity and critical thinking
		Digital art and design skills
		Cultural appreciation and understanding
		Confidence in multimedia presentations
		Other (please specify)
	On a scale of 1 to 5, how much improvement have you noticed in students' abilities related to art and culture since they joined the program?	(No Improvement)
		(Significant Improvement)
	Do you feel the program has improved students' overall engagement and interest in the arts?	Yes, significantly
		Somewhat
		No noticeable improvement
		No, it has not
	Are students able to apply what they learn from the program to their other subjects or extracurricular activities?	Yes, frequently
		Occasionally
		Rarely
		Not at all
	Section 5: Program Impact and Benefits (Outcomes and Impact)	
	In your opinion, how much has the program influenced students' interest in pursuing arts or cultural studies in the future?	Highly influential
		Moderately influential
		Slightly influential
		Not influential
	Do you think the program has made a positive impact on the students' awareness and appreciation of cultural heritage?	Yes, very positively
		Moderately positively
		Slightly influential
		No impact

#	Particulars	Options
	What long-term benefits do you foresee from this program for students in terms of their personal or academic growth? (Open-ended)	
	Are there any changes or improvements you would suggest for the program to enhance its effectiveness? (Open-ended)	

Section 6: Logical Framework Analysis (LFA)

#	Particulars	Options
	Do you believe the program is achieving its goal of promoting digital art and cultural education effectively?	Yes, very effectively
		Moderately effectively
		Not very effectively
		Not at all
	Which of the following would you consider as indicators of the program's success?	Improved student skills in digital art
		Increased student interest in arts and culture
		Higher student participation and engagement
		Improved infrastructure for online learning
		Enhanced cultural awareness
	What factors could hinder the program from achieving its desired outcomes?	Insufficient infrastructure or technical support
		Lack of interest from students
		Limited training for teachers
		Time constraints or scheduling issues
		Other (please specify)
	How likely is it that the skills and knowledge gained through the program will have a lasting impact on the students' future academic or career paths?	Very likely
		Somewhat likely
		Not sure
		Unlikely

Section 7: Additional Survey Questions for Routes 2 Roots Initiative

Increasing Attendance

#	Particulars	Options
	What factors encourage Students to attend sessions regularly?	Interesting topics and content
		Recognition (certificates/awards)
		Peer interaction and collaborative projects
		Flexible session timings
		Other (please specify)
	What are the main reasons for missing sessions?	Technical difficulties (internet/device issues)
		Lack of interest in specific topics

#	Particulars	Options
		Scheduling conflicts with other activities
		Difficulty understanding the content
		Other (please specify)
	On a scale of 1 to 5, how likely are you to prioritize attending these classes over other extracurricular activities?	Very likely
		Likely
		Not sure
		Unlikely

Reducing Pressure Among Students

#	Particulars	Options
	Do you feel that participating in the Routes 2 Roots program has helped reduce academic pressure among students?	Yes, significantly
		Somewhat
		Not much
		No, not at all
	Which aspects of the program contribute to stress relief?	Engaging in creative activities
		Learning about cultural heritage
		Interacting with peers in a relaxed setting
		Receiving guidance and mentorship
		Other (please specify)
	What additional activities could help reduce pressure during the program?	Guided relaxation or mindfulness sessions
		Flexible deadlines for project submissions
		Fun cultural quizzes and games
		More interactive group activities
		Other (please specify)
	How supported do you feel by the instructors in managing your learning challenges?	Very supported
		Somewhat supported
		Neutral
		Not very supported
		Not supported at all
	On a scale of 1 to 5, how effective is the program in balancing learning with enjoyment?	(Not effective)
		(Very effective)

Section 8: Open Feedback

#	Particulars	Options
	Any additional comments or suggestions for Routes 2 Roots or the digital art and cultural education program? (Open-ended)

Dear Participants,

I hope you're doing well.

Thank you for your active participation on Day 2 of the Fundraising Masterclass! Your engagement made the session truly impactful.

As promised, we've been diligently collating the resources and templates you requested during the session. It took us a little extra time to ensure everything is accurate and useful for your needs.

Please find the links to the Day 2 resources and templates below:

Acknowledgement Letter

On behalf of PM SHRI Kendriya Vidyalaya No. 1, IIT Kharagpur, I would like to extend our sincere gratitude for organizing the enriching Kathak Classical Dance workshop conducted by Sh Anjan Mandal. We are pleased to inform you that the workshop was a tremendous success and was very well received by our students.

Sh Anjan Mandal, with his exceptional expertise and mastery of Kathak, conducted an informative and interactive session, which allowed students to gain a deeper understanding of this classical dance form. The students not only had the opportunity to learn the intricate techniques and movements of Kathak but also engaged in free-flowing discussions with the artist, enriching their learning experience.

The workshop provided invaluable insights into the nuances of Kathak, sparking curiosity and creativity among the students. It was a unique learning opportunity that allowed them to explore the art form in a more personal and interactive manner.

We highly appreciate the efforts of Routes 2 Roots in facilitating this workshop and encouraging the holistic development of our students.

We would be grateful if Routes 2 Roots could organize more such workshops in the future, as they significantly contribute to our students' understanding of performing arts, especially in bridging the gap between online learning and practical application.

Once again, we thank Sh Anjan Mandal and Routes 2 Roots for their dedication and support in promoting the cultural and artistic education of our students.

CERTIFICATE OF APPRICIATION

Dear Mr. Krishnendu Saha,

On behalf of Kendriya Vidyalaya No.2 AFS Suratgarh and our entire school community, I would like to extend our heartfelt appreciation for the enchanting performance and enriching training session you conducted as part of the Routes 2 Roots program. It was truly an honor to witness your profound artistry in Bharatanatyam and experience the cultural depth and expressive power of this classical dance form.

Your dedication to the art and your generosity in sharing your expertise with our students reflects the very essence of Routs 2 Roots' mission to connect hearts through cultural exchange. Your visit has had a transformative impact on our students, and we are grateful for the inspiration and joy you have brought to our school.

We hope to welcome you again in the future and look forward to any opportunity for our students to further learn and grow.

Acknowledgment Letter

Guru Adarsh Kumar Sharma, an artist of Hindustani Classical Vocal, conducted a workshop in our school **PM SHRI KV Muzaffarpur First Shift** organized by Routes 2 Roots.

Many students participated in the workshop and it was a very informative, interactive, and engaging session where the student also got the opportunity to learn the nuances of Hindustani vocal discipline and they freely interacted with the artist.

We will appreciate it if Routes 2 Roots can conduct more such workshops which will help students in cleaning the doubts that they may have in the digital classes of learning of performing arts conducted by routs 2 Roots on a daily basis.

FEED BACK ON THE PROGRAM BY ROUTES TO ROOTS

We are delighted to offer our sincere appreciation and gratitude to Routes 2 Roots for the enchanting program presented by the revered Kuchipudi dancer, Natya Bhusana, Ms. Ashwini C H, at PM SHRI KV MEG & Centre, Bengaluru on 3rd July 2024 in the morning assembly. The event was a resounding success, leaving the audience spellbound and enthralled. Approximately 500 students of classes V to VII attended this cultural feast along with a set of teachers.

Ms. Ashwini C H's insightful introduction, juxtaposing Bharatanatyam and Kuchpudi, skilfully drew the children into the performance. Her artistry was on full display when she began the session with an interesting story about the history of dance in India. She also narrated the origin of Kuchipudi dance form, briefed the purpose of bowing to the Mother Earth and other deities, artists and musicians. Thereafter, she performed **"Pushpanjali"**, followed by a mesmerising dance **'Tharangam'**, besides the depiction of mythological characters, including Lord Ganesha and Goddess Saraswati, her performance was indeed a true masterpiece that surpassed words.

The program's inclusivity was evident in the beginner-friendly dance movements, while the diverse nature of her performance, left the children in a state of wonder. The interactive question-answer session further immersed them in a rich tapestry of mythology. Students were enlightened about basic steps of like Aramandala and other dance mudras and their significance. The session was quite mesmerizing and left everyone wanting for more.

PM SHRI KV PM SHRI KV MEG & Centre, Bengaluru extends its heartfelt gratitude to Routes 2 Roots for crafting an unforgettable experience that will resonate with us for a long time. Their dedication to promoting cultural heritage is truly commendable.

ओडिसी नृत्य

आज हमारे विद्यालय में Routes 2 Roots गतिविधि के अंतर्गत दीनानाथ
लाई जी हमारे विद्यालय के आए। उन्होंने हमें ओडिसी नृत्य के बारे में
बताया और हमें अपने देश के कुछ नृत्य और पारंपरिक चीज़ें
सिखने का मौका मिला, जिससे हम लापता ये। हमें सीखने का
मौका मिला, उन्होंने हर नृत्य करने के बाद हमें उसके बारे में
भी बताया। उन्होंने छोटे-छोटे बच्चों को मंच पर बुलाकर नृत्य सिखाय
और बच्चों ने भी वह नृत्य काफी खुशी-खुशी सिखा। उन्होंने
हमें आठ (8) प्रकार के अलग-अलग जगहों ने नृत्य के बारे में बताया।
हमें बहुत अच्छा लगा कि वह अपना कीमती समय निकालकर कर, हमारे
विद्यालय आए और हमें सिखाया।

धन्यवाद!

समीक्षा / feedback -

आज हमारे विद्यालय में ROUTES 2 Roots कार्यक्रम के अंदर एक नृत्य का कार्यक्रम हुआ। नृत्यकत्तर ने सबसे पहले नृत्य का अर्थ समझाया और उसकी महत्वता बताई। उन्होंने हमें फिर नृत्य के प्रकारों के बारे में बताया व हमें शास्त्रीय नृत्य के आठ प्रकारों के बारे मे अवगत कराया। फिर हमें ओड़िशी नृत्य की एक सुंदर प्रस्तुति देखने का मौका मिला जो कि बहुत ही मनमोहक थी। फिर सर ने हमें शास्त्रीय नृत्य के इतिहास के बारे में जानकारी दी व उसके बाद हमें पल्लवी नृत्य की एक धोटी सी प्रस्तुति दिखाई। अंत में सर हमें व हमारे विद्यालय के छात्र व छात्राओं को नृत्य की मुद्राओं के बारे में बहुत जानकारी पूर्ण ज्ञान दिया। बहुत सी नयी चीज़ों के बारे में सीख कर मुझे बहुत सारा ज्ञान मिला व मैं चाहती हूँ कि

भविष्य में हमें और ऐसे ज्ञान की प्राप्ति हो व यह नृत्यकर वापिस हमारे विद्यालय में आर , इनका हमेशा हमारे विद्यालय में दिल से स्वागत है ।

Routes 2 Roots Workshop

Today in the workshop of routes 2 roots we learned alot of things from respected sir,

We are lucky that we have the opportunity to learn about the different types of classical dance.

Sir explained everything very clearly about the culture amd the dance. with a very great expression and his greatful moves. we learned alot of things about the culture and classical. We the students of PM Shai K.V Dharamshala comtt feel so lucky that we had an great opportunity by learning from a great dancer with greatful moves amd expression.

by Mr. Dinabandhu Dalai

Thankyou
